Common and Uncommon Quotes: A Theory and History of Epigraphs Jared A. Griffin, 2023-03-07 'Common and Uncommon Quotes: A Theory and History of Epigraphs' is a prolegomenon to the study of epigraphic paratextuality. Building on the work of Gerard Genette's paratextual studies, this volume contextualizes and traces the practice of epigraphy in Anglophone literary history, from the fifteenth to the early twentieth century. This study explores how epigraphs are used by

author-functions as a hermeneutic for their text and to establish ethos with their audience, and how that paratextual relationship changed as publishing opportunities and literacy rates grew over four centuries. The first broad-reaching study of this kind, 'Common and Uncommon Quotes' seeks to understand how epigraphs work: through their privilege on the page, their appeal to conjured ideas of the past, and their calls to citizenship.

Something Wicked Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch, as they have been presented in motion pictures, television, and popular culture, in order to understand how, why, and when the common anti-Witchcraft/ anti-Witch attitude evolved. Mainstream tales of Witchcraft, including modern movies, novels, TV series, and other examples of our popular culture, more often than not express the traditional notion of a Witch as a wild, dangerous, untamable, "nasty" woman, obsessed with a desire for power to control all around her, in most narratives such a hunger presented as a negative. In truth, The Witch is a symbol of 'threatening evil' only to those men and women who accept a conservative sensibility. For members of either gender who do not, The Witch is perceived as hero and role model. This collection begins with the Biblical figure of Lilith, followed by Morgan le Fey from Arthurian legend/ myth in literature as well as in popular culture, followed by the more contemporary depictions of the Witch that start to appear in the 1960s; for example, in the Bewitched sitcom, the Star Wars franchise, Harry Potter, and even the television show Scooby-Doo. International depictions of the Witch are discussed, including Italy's Dario Argento's films, Suspiria and Inferno. The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century, including A Discovery of Witches, Penny Dreadful, Game of Thrones and the history of the Witch in films by the Walt Disney studio, from its origins more than a century ago to the latest releases, arguing that here, if perhaps surprisingly, we discover the most fair and balanced portraits of Witches in the history of film and TV.

The Fisherman's Daughter Robin Barefield, 2017-11-01 Alaska State Trooper Dan Patterson fears a serial killer is

murdering women on Kodiak Island. A woman was found floating in the boat harbor in May. In October, an off-duty trooper stumbled upon the body of an 18-year-old girl in the woods, and later that month, two young boys discovered the bones of Deanna Kerr entwined in a pile of kelp on the beach. When a park ranger discovers the body of a fourth woman, Patterson calls the FBI for assistance, and FBI Special Agent Nick Morgan flies to Kodiak to aid in the investigation. Morgan quickly realizes they have too many suspects and too little evidence. Could the killer be the crab boat captain who knew two of the victims, or is the murderer one of the coaches at the high school? As the investigation proceeds, Patterson even begins to fear the killer could be someone on his task force. When the murderer strikes again, tensions escalate, and Patterson and Morgan know they must catch this monster before another woman dies.

Cant I just use MLA? The reality is that many professors, instructors, and professions insist on using APA Style. In this guide, youll learn how to: take down information to make citing easier; look up information in style guides; memorize the most important rules; and avoid the most common mistakes. While it would be easy to copy and paste web addresses into essays and academic papers, that is not how APA Style works. If you dont know the rules, your writing wont be taken as seriouslyand if youre in schoolyour marks will suffer. Once you understand the main elements of APA style, youll be equipped to use more complex style guides and reference materials. The Spectre of Sound Kevin Donnelly, 2019-07-25 This book is a major new study - dealing with notions of film music as a device that desires to control its audience, using a most powerful thing: emotion. The author emphasises the manipulative and ephemeral character of film music dealing not only with traditional orchestral film music, but also looks at film music's colonisation of television, and discusses pop music in relation to films, and the historical dimensions to ability to possess audiences that have so many important cultural and aesthetic effects. It challenges the dominant but limited conception of film music as restricted to film by looking at its use in television and influence in the world of pop music and the traditional

restriction of analysis to 'valued' film music, either from 'name' composers' or from the 'golden era' of Classical Hollywood. Focusing on areas as diverse as horror, pop music in film, ethnic signposting, television drama and the soundtrack without a film- this is an original study which expands the range of writing on the subject.
