Oxford Dictionary of Humorous Quotations Ned Sherrin,2008-09-25 This hilarious collection of humorous quotations, full of wisecracks and wit, snappy comments and inspired fantasy, has been specially compiled by the late broadcaster and raconteur Ned Sherrin, with a foreword by leading British satirist, Alistair Beaton. Now packed with even more quotes and covering more subjects than before, from Weddings to the Supernatural, Australia to Headlines. Find the best lines from your favourite jokesters and wordsmiths, add that extra something to a speech or presentation, or just enjoy a good laugh. 'A chair is a piece of furniture. I am not a chair because no one has ever sat on me.' Ann Widdecombe on the announcement that Parliamentary language will now be gender-neutral. 'No wonder Bob Geldof is such an expert on famine. He's been feeding off 'I don't like Mondays' for 30 years.' Russell Brand On deciding to run for governor of California: 'The most difficult decision I've ever made in my entire life, except for the one in 1978 when I decided to get a bikini wax.' Arnold Schwarzenegger 'Wanting to know an author because you like his work is like wanting to know a duck because you like p--acirc--;t--eacute--;.' Margaret Atwood 'I am so sorry. We have to stop there. I have just come to the end of my personality.' Quentin Crisp, closing down an interview

Film Quotations Robert A. Nowlan,Gwendolyn W. Nowlan,2016-04-30 Certain lines define a movie. Marlene Dietrich in Morocco: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in I'm No Angel: "I'm very quick in a slow way." Jane Fonda in California Suite: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Comedy Quotes from the Movies Larry Langman,Paul Gold,2001-05-29 Clever repartee, double entendres, punch lines and many other variations of humor have been a staple of movie dialogue since the advent of talkies. Collected here are over

4,000 of the best comedic lines from the movies. The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. For each entry the authors set the quotation in context, provide the name of the actor or actress, the name of the movie and the year of release. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book..

The Search for Quotation Richard L. Schultz,1997-01-01 A thorough study of quotation within ancient and modern literatures is the background for this new approach to alleged quotations within the prophetic writings. The common claim that specific verbal parallels result from the conscious repetition of the words of a predecessor is beset by difficulties. After examining quotation in non-prophetic (ancient Near Eastern, early Jewish, Old Testament wisdom and narrative, and modern Western) literatures, Schultz proposes a new model for interpreting verbal parallels that utilizes several criteria for identifying quotation and combines diachronic with synchronic analysis. He then applies this model to five representative verbal parallels involving the book of Isaiah. This book illustrates how an awareness of the versatility of quotation facilitates a more accurate interpretation of verbal parallels, and at the same time calls for greater caution in employing them in support of various theories.

And I Quote, Revised Edition Ashton Applewhite,Tripp Evans,Andrew Frothingham,2003-03-19 The popular guide to quotable quotes returns in a totally revised and updated edition including all-new material.

Madness Behind the Mask: Soft Edition Miranda Grant, 2023-09-23 As a woman of the Shadow Family, my only worth is in my ability to breed. Wanting me to create the next generation of soldiers to fight the werewolves and vampires of St Augustine, my father marries me off to a powerful witch called Caden Davenport. But on our wedding day, we're attacked by the werewolves, and I'm kidnapped by the alpha for killing his mate. Can I survive my punishment? Or will he break me before my husband can save me? Although this is called the soft edition, this is a very DARK read. It's brutal with very little light in it.

Paul and Gnosis Stanley E. Porter, David Yoon, 2016-04-26 This collection of essays—the ninth volume in Brill's Pauline Studies series—features Paul and his relationship to knowledge. Gnosis, the Greek word generally translated as knowledge, is broadly interpreted, and the essays contained in this volume revolve around both a more general notion of knowledge in relation to Paul and more specific references to Gnosticism. Several of these essays discuss Paul's use of knowledge words, Paul's knowledge and understanding of key themes and ideas in his writings, Paul's interpreters in light of gnostics like Valentinus and Marcion, and Gnosticism in light of Paul's letters. This collection of essays exposes the reader to crucial topics regarding Paul and Gnosis that are not readily addressed elsewhere.

Midnight Ride, Industrial Dawn Robert Martello, 2010-11 Paul Revere's ride to warn the colonial militia of the British march on Lexington and Concord is a legendary contribution to the American Revolution. This book reveals another side of this American hero's life, that of a transformational entrepreneur instrumental in the industrial revolution. It combines a biographical examination of Revere with a study of the new nation's business and technological climate. A silversmith prior to the Revolution and heralded for his patriotism during the war, Revere aspired to higher social status within the fledgling United States. To that end, he shifted away from artisan silversmithing toward larger, more involved manufacturing ventures such as ironworking, bronze casting, and copper sheet rolling. The author explores Revere's vibrant career successes and failures, social networks, business practices, and the groundbreaking metallurgical technologies he developed and employed. Revere's commercial ventures epitomized what Martello terms proto-industrialization, a transitional state between craft work and mass manufacture that characterizes the broader, fast -- changing landscape of the American economy.

Vigilance Is Not Enough Mark M. Lowenthal, 2025-05-06 A broad and deep survey of American intelligence from before the Revolution to the present Every nation has an intelligence apparatus—some means by which its top officials acquire needed information on sensitive issues. But each nation does it differently, influenced by its history, its geographical conditions, and its political traditions. In this book, Mark M. Lowenthal examines the development of U.S. intelligence to explain how and why the United States went from having no intelligence service to speak of to being the world's predominant

intelligence power almost overnight, and he discusses the difficult choices involved in maintaining that dominance in a liberal democracy. Lowenthal describes how the lack of a tradition of spycraft both hindered and helped American efforts to develop intelligence services during and after the Second World War. He points to the political pragmatism—leading to difficult choices—with which most intelligence directors operated; the constant tension between security and civil liberties in a constitutional democracy; the tension between the need for secrecy and the accountability required for democratic governance; and the way the growing importance of technology changed both the methods and the objectives of intelligence gathering. Far more than simply an episodic history, this book offers an analysis of why American intelligence developed as it did—and what it has meant for the nation's and the world's politics.

Bunker Hill Nathaniel Philbrick, 2014-04-29 The bestselling author of *In the Heart of the Sea*, *Mayflower*, and *In the Hurricane's Eye* tells the story of the Boston battle that ignited the American Revolution, in this masterpiece of narrative and perspective. (Boston Globe) In the opening volume of his acclaimed American Revolution series, Nathaniel Philbrick turns his keen eye to pre-Revolutionary Boston and the spark that ignited the American Revolution. In the aftermath of the Boston Tea Party and the violence at Lexington and Concord, the conflict escalated and skirmishes gave way to outright war in the Battle of Bunker Hill. It was the bloodiest conflict of the revolutionary war, and the point of no return for the rebellious colonists. Philbrick gives us a fresh view of the story and its dynamic personalities, including John Adams, Samuel Adams, John Hancock, Paul Revere, and George Washington. With passion and insight, he reconstructs the revolutionary landscape—geographic and ideological—in a mesmerizing narrative of the robust, messy, blisteringly real origins of America.

Live Hopefully Lenya Heitzig, 2018-01-01 This all-new 20-minutes-a-day study of Nehemiah reminds readers that with God's help, one person who is ready to do the impossible can change the world. Hope is not wishful thinking. It is a confident expectation for the future. Nehemiah knew how to live with true hope. After boldly requesting permission from the king to rebuild the walls of Jerusalem after the Babylonian exile, he restored the city and called his people back to God. Despite opposition on all sides, Nehemiah saw God transform a cup-bearer into a contractor, ruins into a city, and a wayward people into followers of God. As Bible teacher Lenya Heitzig reminds readers in this new Fresh Life study, God calls them to live boldly with a hope that only He can give.

The 17th and 18th Centuries Frank N. Magill, 2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.
