Best free myer-Briggs test : r/mbti - Reddit Jun 17, 2020 · I recently saw a post that said that the 16personalities test isn't very reliable. I have taken that test as well as the one on truity.com. I liked the latter of the two best. What in your opinion is the best free online MBTI test? What is the best mbti test? : r/mbti - Reddit Jun 19, 2023 · It's seriously not worth being interested in MBTI until after you're closer to 30. It's useless to children and the typology aspect is a remnant of its foundations with Jung. Typology itself is really stupid and a massive waste of time. What's sadder than needing to be told who you are? Lol. Good luck! Check out this really cool quiz! (Which Character Are You?) : r/mbti Apr 13, 2020 · For all things MBTI. Join us in exploring the 16 personality types. All personalities are welcome! **What's the best MBTI test? : r/mbti - Reddit** May 4, 2020 · Here are some of them : Similar minds Sakinorva (gives MBTI + Enneagram results) IDR Labs Cognitive function test. The test results are based on your cognitive functions. **Short 14 question personality test : r/mbti - Reddit** Feb 26, 2021 · 39 votes, 51 comments. I have been developing a short 14 question personality test, and so far, it's giving consistent results with most MBTI types... *Where is the best place to take the MBTI online for free? : r/mbti* Jan 13, 2015 · Very accessible. And keep in mind that regardless of how accurate you think your results are, MBTI quizzes are only a basic take on the theory. Learning about the functions and understanding how you relate to them is way more important than any quiz. Definitely take this comment into consideration. **Which personality test is the most accurate? : r/mbti - Reddit** Jan 19, 2022 · There really is no "100% accurate" test, since to be fairly sure about your type, you have to do some researches about functions, and how they relate to MBTI. But, tests are a good start, or a good ending if you don't want to study it a bit. **The best mbti test I've seen so far : r/mbti - Reddit** Jan 26, 2022 · This is the most accurate test I've seen so far, so I wanted to share it here. I think this test deserves more attention because there are many one-sided and overly stereotypical mbti tests that don't deliver reliable results. Please spread this test around if you also find it helpful! *What is the most accurate MBTI test? : r/mbti - Reddit* You can even do some tests on internet for helping you (not very accurate all the time but it can put you on a track). Read blogs about mbti and cognitive functions. Another way to help is to study enneagram. Often there is an enneagram type which returns for an mbti type. **What are the best cognitive functions tests? : r/mbti - Reddit** The most tests test for preference which means that if you have Fi in your first two slots you are probably not going to get the right results since you value what feels authentic to you, you are going to judge the question

based on that.
