**Reading the Cozy Mystery** Phyllis M. Betz,2021-02-19 With their intimate settings, subdued action and likeable

characters, cozy mysteries are rarely seen as anything more than light entertainment. The cozy, a subgenre of crime fiction, has been historically misunderstood and often overlooked as the subject of serious study. This anthology brings together a groundbreaking collection of essays that examine the cozy mystery from a range of critical viewpoints. The authors engage with the standard classification of a cozy, the characters who appear in its pages, the environment where the crime occurs and how these elements reveal the cozy story's complexity in surprising ways. Essays analyze cozy mysteries to argue that Agatha Christie is actually not a cozy writer; that Columbo fits the mold of the cozy detective; and that the stories' portrayals of settings like the quaint English village reveal a more complicated society than meets the eye.

*Murder in the Storybook Cottage* Ellery Adams, 2021-02 Storyton Hall, Virginia, is a top travel destination for book lovers and the perfect spot for literary events. The feline who inspired Stormy, the cat in the 9 Lives books, dominated her household for twenty loving years. During that time, he created a family pecking order that left Louise on top and her youngest child on the bottom (just below the guinea pig), regularly tried to eat all his sister's food (he was a very large cat), and learned the joys of travel through a cross-continent road trip. The 9 Lives Cozy Mystery Series—as well as the single title mystery, *A Recipe For Trouble*, are all set in her hometown of Vancouver, British Columbia.

His fury was the catalyst that propelled Alec into this paranormal change. As both angel and demon, he is a protector of innocent victims and a punisher of those who hurt them. Was the Winters’ family secret instrumental in changing Alec’s life or was it his destiny? *Prelude*, a prequel to *Crescent City*, shares a behind-the-scenes look at Alec's life before that fateful night and gives little-known facts about Alec’s relationship with Sabrina, Chaz, and Danae. **Finding Truth in Fiction** Karen E. Dill-Shackleford, Cynthia Vinney, 2020-02-24 In *Finding Truth in Fiction*, two media psychologists reveal that there's much more to our desire to seek out stories in film, TV, and books than simple diversion - fiction can help us find truth in our real lives. Whether you consider yourself a fan of popular media or whether you find yourself thinking of a particular fictional scene for inspiration, you are not alone. Though some assume that interest in a

fictional world is a sign of psychological trouble, the authors enthusiastically disagree. Because story worlds are simulations of our social world, we use them to make sense of our experiences and even decide what kind of people we want to be. This makes fiction far from trivial. By exploring our relationship with fictional stories and characters, the authors will examine how we create mental models in our minds so we can understand stories and characters and how we differentiate between the identities of characters and the actors who play them. What story arcs, such as the hero's journey, are we drawn to again and again? How do the moments that strike us as important in a story change as we age and move through different stages in our life? Delving into these questions and many more, the authors conclude that being a fan is not just healthy, it's human.
