The Routledge Handbook to Spanish Film Music Laura Miranda,2024-09-12 The Routledge Handbook to Spanish Film Music provides a significant contribution to the research and history of Spanish film music, exploring the interdependence and ways in which discourses of sound and vision are constructed dialogically in Spanish cinema, with contributions from leading international researchers from Spain, the USA, the UK, France and Germany. Offering a multifocal and multidisciplinary study between related areas such as music studies, film studies and Spanish cultural studies, this book is divided into four sections, covering the early years of Spanish cinema; the 1940s and 1950s in Spanish cinema—the first decades of the Franco dictatorship; the importance of Fraga Iribarne's slogan, "Spain is different," to promote Spain's new openness to the world in the 1960s and 1970s; and Spanish cinema since the arrival of democracy in 1978, including discussion of contemporary Spanish cinema. The growing interest in Spanish cinema calls for the publication of studies about the role of music in its political and socio-cultural framework. This is therefore a valuable text for music and film scholars and professionals, university undergraduates and music conservatory students.

The Republican Army in the Spanish Civil War, 1936-1939 Michael Alpert,2013-02-28 This is a long-awaited translation of a definitive account of the Republican Army in the Spanish Civil War. Michael Alpert examines the origins, formation and performance of the Republican Army and sets the Spanish Civil War in its broader military context. He explores the conflicts between communists and Spanish anarchists about how the war should be fought, as well as the experience of individual conscripts, problems of food, clothing and arms, and the role of women in the new army. The book contains extensive discussion of international aspects, particularly the role of the International Brigades and of the Soviet Russian advisers. Finally, it discusses the final uprising of professional Republican officers against the Government and the almost unconditional surrender to Franco. Professor Alpert also provides detailed statistics for the military forces available to Franco and to the Republic, and biographies of the key figures on both sides.
