F**k It - Do What You Love John C. Parkin, 2016-01-05 A recent Gallup poll in the US found that 70% of those in work didn't enjoy their job. In his latest book, John C. Parkin brings the power of saying F**k It to the subject of doing what we love. In this highly entertaining and motivational book, John sets out to prove that when we do what we love, we're actually more likely to be happier, healthier, wealthier, and more successful. He addresses the significant blocks that people experience when they consider doing what they love, including: Doing what you love is for time off, not work, Doing what I love would be selfish, I just don't know what I love and I could never make a living from doing what I love. Through no-nonsense ideas, fascinating facts and motivating calls to action, John brings us from pessimism to inspiration, so that our thoughts become powered by F**k it, I can't waste any more of my life, F**k it, I will find a way to make this work, F**k it, I will do what I love. F**k It: Do What You Love is not just a book: it's a step-by-step map to get every single person to spend their precious time on this planet doing what they love.

Love is Just Damn Good Business: Do What You Love in the Service of People Who Love What You Do Steve Farber, 2019-09-06 From the bestselling author of *The Radical Leap* and *Greater Than Yourself* comes the first book to directly address love as a hard-core business principle that generates measurable results. It's time to toss aside the touchy-feely notions of love in business and acknowledge the real power that it holds. Love is not only appropriate in the context of business, it's the foundation of great leadership. To put it bluntly: love is just damn good business. That's the simple but profound truth that leadership consultant Steve Farber has discovered in his extensive work with Fortune 100 companies and other successful businesses. His game-changing approach to love as a practical business strategy will help you to:

- Identify your passions—and share them with others
- Create a culture of love at work—and spark innovation, productivity, and joy
- Serve your customers, so they love how you treat them—and have them coming back for more
- Invest time in making personal connections—that are mutually rewarding
- Focus on serving the needs of others—they're going to love it
- Do what you love—and make it your business, so others love it, too

The proven principles you'll find in this book will help you lay the groundwork for a thriving, competitive enterprise. When love is part of your organization's framework and operationalized in its culture, employees and customers feel genuinely valued. Employees who are passionate about the work that they do are more loyal, innovative, creative, and inspired, and that translates to great customer experience. They don't serve others out of obligation, but because of a genuine desire to improve people's lives. And when customers reciprocate by loving your products, your services, and your people, that's when something great happens. That's when you get loyalty. That's when you get raving fans. It's a refreshingly human way of doing business. In addition to Farber's field-tested strategies, you'll find inspiring case studies from a wide range of industries and leaders, revealing self-assessment quizzes, and practical pointers on how to build a corporate culture based on love, the ultimate competitive advantage. At the end of the day, it's just damn good business.

Soothe Your September Thejendra Sreenivas, 2011-01-01 Have you ever experienced tough moments when your life seemed too heavy to bear? When every step you took felt like a Herculean struggle against insurmountable odds? It's in these

moments of darkness that you desperately seek a glimmer of hope or inspiration from someone. But it's not easy to find the correct person who can be your mentor. Besides, not all problems in life can be easily shared with someone. So, what do you do? Before I answer let me tell you a story. Once a bankrupt businessman was on his way to commit suicide. He decided to go to some lonely place to snuff out his life and end his financial misery. On the way, he accidentally read an inspirational quote on a billboard. This gave him a sudden dose of courage and he stopped his fatal adventure immediately. He canceled his plan of committing suicide and went home reenergized. Then he rebooted his life and grew his business to greater heights. Now what does this story teach you? Here is the answer. Often, a short piercing sentence, a stinging insult, a famous quote, or a chance remark by someone can have a terrific impact on you than a long lecture, and maybe completely change your life from that moment onwards. This inspirational effect is very similar to how a small pin can puncture a high-pressure balloon or a car tire. Most famous quotes are also short piercing sentences of wisdom that can puncture your high stress and change your life in an instant. They have the remarkable ability to uplift spirits, instill courage, solve problems, and guide you through the darkest of times. For example, a random motivational quote saved the businessman's life by giving him a burst of courage to continue with life no matter what. The literary world is filled with thousands of amazing quotes on topics like Personal Development, Stress Reduction, Mental Health, Management, Leadership, Technology, Inspiration, Motivation, Writing, Publishing, Spirituality, Humor, Satire, etc., by famous people. However, merely reading a great quote is not enough. It is just a small appetizer. To have a full meal, you need to extract insights and wisdom from those great quotes. This book series shows how you can extract the essence and apply it to your life. This insightful series is your daily companion, offering a year's worth of thought-provoking and uplifting affirmations to guide you through each day of the month. From "Jumpstarting Your January" with a renewed sense of purpose to ending with "Delight in December", these books offer a daily dose of wisdom and encouragement. With practical tips and thought-provoking insights, these unique books will surely become your trusted companions for life.

Quote the World Forevermore AYDI the Watcher ,2022-09-19 Why do I call myself AYDI the Watcher? That's a good question. I call myself that because I observe our world and the way we interact as humans. Years and years of these observations led me to read up on Psychology, politics and human relations. I listened to many prominent psychologists and therapists to hone my ideas, and the result is this book. Now, this is not a traditional book that delves into the subject matters mentioned above, but a collection of inspiring and thought-provoking quotes fleshed out with my thoughts and feelings, these thoughts and feelings touching on human psychology and behaviour. Some of these quotes were taken from my Facebook page, The Watcher (@AYDItheWatcher) and expanded upon and new ones were added to convey my thoughts on this world that we live in and how hierarchies and human structures affect our daily lives. My goal is to get people thinking and see different perspectives, and protect themselves from harm and manipulation. I hope this goal is achieved and

your minds are unlocked. The freer the minds, the better the world.

Beaver Bridge Park Lynda Russell Gibson, Bryan Gibson, 2017-04-18 Dad, Mom, Teachers, and Mentors, God designed you to be Drum Major for right; and a Corrective Coach against wrong. Assuring that your children receive understanding is my family's vision and gift blessed by God for his glory and kingdom. Beaver Bridge teaches: do not focus on what the world thinks of you. What is most important is what you think about yourself. How will your love for yourself honor and mirror the truth that God loves everyone and every creation? God's opinion is the viewpoint that is important and should be shared with the world. My son and I pray this book will stop peer pressure and violent bullying in our schools and communities.

The Other Side of Suicide Robert Colacurcio, 2015-01-21 I write this book in a social milieu where telecommunications can make a very private act globally public in a moment. A question I don't consider is whether and to what extent the publicity attendant on a potential suicide inclines one toward or against the follow through. I suspect that it figures in, but what it amounts to in the end differs widely in each case. What I do have in mind is a rather full discussion and consideration of a host of questions I don't hear being asked in the discussion of suicide today. In fact, I find the comments from most media talking heads to be either sincerely trite or politely banal. But then, one shouldn't expect an in depth exploration of any side of the suicide question from the popular media. Where one should expect a more thorough investigation, however, is from the spokespeople representing our cultures philosophical and theological traditions. What I hear most often has been said before, often in a context where the authoritative spokesmen for the Church issue blanket condemnations backed up by the written codes of civil law, canon law, moral law or natural law. Authorization for this outright condemnation of suicide, ipso facto, has always been backed up by law of some kind and its interpretation to the people in the pew or the public at large.
