

Snow In August Book

RJ Shavelson

Snow in August Pete Hamill, 1997 The friendship between an Irish Catholic boy and a rabbi in 1947 Brooklyn is threatened by antisemitism.

Snow in August P. Hamill, 1999-10

The Golem Redux Elizabeth R. Baer, 2012-04-15 Traces the history of the golem legend and its appropriations in German texts and film as well as in post-Holocaust Jewish-American fiction, comics, graphic novels, and television. First mentioned in the Book of Psalms in the Hebrew Bible, the golem is a character in an astonishing number of post-Holocaust Jewish-American novels and has served as inspiration for such varied figures as Mary Shelley's monster in her novel *Frankenstein*, a frightening character in the television series *The X-Files*, and comic book figures such as Superman and the Hulk. In *The Golem Redux: From Prague to Post-Holocaust Fiction*, author Elizabeth R. Baer introduces readers to these varied representations of the golem and traces the history of the golem legend across modern pre- and post-Holocaust culture. In five chapters, *The Golem Redux* examines the different purposes for which the golem has been used in literature and what makes the golem the ultimate text and intertext for modern Jewish writers. Baer begins by introducing several early manifestations of the golem legend, including texts from the third and fourth centuries and from the medieval period; Prague's golem legend, which is attributed to the Maharal, Rabbi Judah Loew; the history of the Josefov, the Jewish ghetto in Prague, the site of the golem legend; and versions of the legend by Yudel Rosenberg and Chayim Bloch, which informed and influenced modern intertexts. In the chapters that follow, Baer traces the golem first in pre-Holocaust Austrian and German literature and film and later in post-Holocaust American literature and popular culture, arguing that the golem has been deployed very differently in these two contexts. Where prewar German and Austrian contexts used the golem as a signifier of Jewish otherness to underscore growing anti-Semitic cultural feelings, post-Holocaust American texts use the golem to depict the historical tragedy of the Holocaust and to imagine alternatives to it. In this section, Baer explores traditional retellings by Isaac Bashevis Singer and Elie Wiesel, the considerable legacy of the golem in comics, Michael Chabon's *The Amazing Adventures of Kavalier and Clay*, and, finally, *Golems to the Rescue* in twentieth- and twenty-first-century works of film and literature, including those by Cynthia Ozick, Thane Rosenbaum, and Daniel Handler. By placing the Holocaust at the center of her discussion, Baer illustrates how the golem works as a self-conscious intertextual character who affirms the value of

imagination and story in Jewish tradition. Students and teachers of Jewish literature and cultural history, film studies, and graphic novels will appreciate Baer's pioneering and thought-provoking volume.

Prison Ragout Pop,2004-11 Prison Ragout describes Pop's experience as a first-timer, 58 year-old, Ph.D., white guy during seventeen months of incarceration. The book portrays the other inmates, the COs and the psychological impact of the penal system. From county jail Pop is transferred to a classification center. Controlling the tier TV and fear of HIV were the major cultural factors. A medical exam confirms Pop's hypertension and a recent back operation and results in a stipulation that he is to have a bottom bunk and be given a job requiring minimum use of arms and shoulders. Upon returning to the tier the COs tears up the medical stipulation. Pop is assigned to a prison where the medical system 'runs out' of hypertension medication. Pop is given a job on the kitchen cleanup crew; work requiring lots of use of arms and shoulders. Pop changes cellmates four times. One is a lifer who is a jailhouse lawyer. Another filched food from the officer's dining room (with the acquiescence of the COs) and sells it on the tier. A third played the stock market. The fourth was a racist and studying for a GED. Inmates get killed, OD, and commit suicide, but the greatest harm is caused by the inhumane environment. The book shows that violence and brutality can take subtle forms.

WHITE AUGUST - A DYSTOPIAN NOVEL John Boland,2022-04-19 It was mid-summer. Then suddenly it began to snow. Another joke on the British weather? But the snow kept on falling and greenish light pervaded all. What started off as a joke and a bother turned into national calamity as the snow kept on falling until normal life was completely stopped. Then it was discovered that the snow was radioactive... John Boland (12 February 1913 - 9 November 1976), a British novelist and science fiction author, first published this classic of dystopian science fiction literature in 1955. Apex is publishing a revised edition of the novel.

Snow in August 3M Company,2014-07-02 In the year 1947, Michael Devlin, eleven years old and 100 percent American-Irish, is about to forge an extraordinary bond with a refugee of war named Rabbi Judah Hirsch. Standing united against a common enemy, they will summon from ancient sources a power in desperately short supply in modern Brooklyn-a force that's forgotten by most of the world but is known to believers as magic.

Lives Laid Away Stephen Mack Jones,2019-10-22 Detroit ex-cop August Snow takes up vigilante justice when his beloved neighborhood of Mexicantown is caught in the crosshairs of a human trafficking scheme. When the body of an unidentified young Hispanic woman is dredged from the Detroit River, the Wayne County coroner gives her photo to ex-police detective August Snow, insisting August ask around his native Mexicantown to see if anyone recognizes her. August's good friend

Elena, an advocate for undocumented immigrants, immediately pinpoints the girl as local teenager Isadora del Torres. It turns out Izzy isn't the only young woman to have disappeared during an ICE raid only to turn up dead a few weeks later. Preyed upon by the law itself, the people of Mexicantown have no one to turn to but August. In a guns-blazing wild ride across Detroit, he will put his own life on the line to protect the community he loves.

High Caliber: A totally gripping and unputdownable crime thriller (August High Book #3) Dan Ames, 2024-11-11 A USA TODAY Bestselling Author When a journalist vanishes while investigating a potentially explosive story, private investigator August High is pulled into a case that reeks of danger and deception. With one of Detroit's most influential family hiding dark secrets and a missing heir, High is on a relentless quest for answers that leads him deep into the city's criminal underworld. Gretchen Mercer, a hard-hitting reporter, joins High on this adrenaline-fueled investigation, determined to uncover the truth. As they dig deeper, they find themselves caught between powerful forces that will stop at nothing to keep the truth buried. With tensions rising and enemies closing in, High must use all his skills to stay ahead of those hunting him. And just when it seems he's found the answers, a mysterious assassin emerges from the shadows, setting the stage for a showdown that no one sees coming. In this fast-paced, action-packed thriller, August High faces his most dangerous case yet—a battle against an unseen enemy in a city where secrets are deadly, and the truth can be fatal. For fans of Lee Child, Michael Connelly, and hard-hitting crime fiction, this book will leave you breathless until the last page.

The Novel of August Strindberg Eric O. Johannesson, 2023-04-28 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1968.

Hydrogeological Conceptual Site Models Neven Kresic, Alex Mikszewski, 2012-07-30 A reference for students, researchers, and environmental professionals, *Hydrogeological Conceptual Site Models: Data Analysis and Visualization* explains how to develop effective conceptual site models, perform advanced spatial data analysis, and generate informative graphics for applications in hydrogeology and groundwater remediation. Written by expert practitioners, this full-color book illustrates how fundamental hydrogeological concepts are translated into quantitative, high-resolution computer visualizations. In addition, the authors discuss topics not typically covered in conventional textbooks, including GIS technology and the relationship between conceptual site models and environmental policy. *Advanced Methods for Data Analysis and Visualization* Featuring more than 500 color illustrations, this unique and visually powerful book outlines the

required elements of a conceptual site model and provides numerous examples of supporting charts, cross-sections, maps, and 3D graphics. The authors describe advanced analytical methods such as geospatial processing, kriging, and groundwater modeling through practical real-life examples. They also present numerous case studies in groundwater supply and remediation to help explain key engineering design concepts. Data-Driven Assessments of Groundwater Management Policy The authors tackle controversial topics, ranging from technical impracticability of groundwater remediation to sustainable management of groundwater resources. They encourage discussion and independent thought about how current environmental policies and practices can evolve to achieve better outcomes at less cost to society. Practical Strategies for Communicating Your Findings to the General Public While the book is technical in nature, equations and advanced theory are kept to a minimum. The text focuses on practical strategies to help you create easy-to-understand data tables, graphs, maps, and illustrations for technical and nontechnical audiences alike. A companion DVD includes animations, reference material, modeling software, and more.

Teaching Vocabulary to English Language Learners Michael F. Graves,Diane August,Jeannette Mancilla-Martinez,2012-11-15 Building on Michael Graves's bestseller, The Vocabulary Book, this new resource offers a comprehensive plan for vocabulary instruction that K-12 teachers can use with English language learners. It is broad enough to include instruction for students who are just beginning to build their English vocabularies, as well as for students whose English vocabularies are approaching those of native speakers. The authors describe a four-pronged program that follows these key components: providing rich and varied language experiences; teaching individual words; teaching word learning strategies; and fostering word consciousness. This user-friendly book integrates up-to-date research on best practices into each chapter and includes vignettes, classroom activities, sample lessons, a list of children's literature, and more.
