Women of Florida Fiction Tammy Powley, April Van Camp, 2014-12-03 Florida as symbol and myth is the subject of this collection of new critical essays exploring fiction written by female Floridian authors. In the words of author Karen Russell, the Sunshine State is virtually past-less, seasons are out of the question, and it's built on a primordial park full of monsters. Discussing the state as setting, the essayists--also Floridians--suggest that it is a creation of the stories told about it. Each of the book's 12 chapters covers one author, including a brief biography followed by one (and twice, two) essays on some of the author's works. The book's final section includes interviews with authors Lynne Barrett, Jeannine Capo Cruz, Vicki Hendricks and Angela Hunt.

American Nature Writers John Elder,1996 The Scribner Writers Series has set the standard for literary reference for more than 25 years. In addition to addressing the lives and careers of important writers, the articles discuss the themes and styles of major works and place them in pertinent historical, social and political contexts for today's readers. Novelists, playwrights, essayists, poets, short story writers, and more recently, genre writers in science fiction and mystery, are all expertly discussed in the more than 16 sets comprising this series. The essays in the set combine biography, criticism, and in some cases, original interviews to tell the story of each author. This set includes 70 biographical/critical essays on such writers as Rachel Carson, Ralph Waldo Emerson, Henry David Thoreau and Gary Snyder and 12 general subject essays.
