Padhraic Smyth

150 schémas de traitement en Dien Chan Bùi Quôc Châu,,Zys Le Yen,2016-05-31 Le Dien Chan est une méthode vietnamienne de multiréflexologie faciale mise au point par le professeur Bùi Quôc Châu en 1980. Elle permet, par la simple stimulation de points sur le visage, de soulager bien des maux et d'améliorer notre santé. Nous sommes en effet tous sujets à divers maux qui ne nécessitent pas forcément une visite chez le médecin ou pour lesquels nous souhaiterions nous passer de médicaments. C'est pourquoi, après avoir rappelé les grands principes du Dien Chan, les auteurs proposent dans cet ouvrage plus de 150 schémas de traitement pour le mal de dos, de dents ou de gorge, la migraine, le rhume, la toux, les insomnies mais aussi les acouphènes, les calculs rénaux, l'hypertension, les problèmes d'érection, les addictions au tabac ou à l'alcool. Destiné à un public expérimenté autant qu'aux débutants, chacun trouvera dans ce livre des conseils judicieux pour soulager la douleur et l'éviter par l'entretien régulier du corps et le renforcement du système immunitaire.

Réflexologie faciale Quôc Châu Bùi,Yen Zys Lê,2016

Le grand livre de la réflexologie Hélène Sergent,Hélène Campan,2020-11-19 La réflexologie est une technique thérapeutique millénaire qui repose sur le principe que chaque organe, chaque glande, chaque partie du corps ou chaque fonction physiologique correspond à un point précis situé sur les mains, les oreilles, les pieds et le visage. Leur stimulation permet de diagnostiquer, prévenir et traiter les douleurs et de nombreux maux. Grâce à ce livre très complet et accessible à la fois, vous connaîtrez tout de cette discipline et pourrez pleinement profiter de ses bienfaits. Richement illustré de près de 400 schémas en couleurs, cet ouvrage commence par faire le point sur les principes généraux de la réflexologie (plantaire, palmaire, faciale et auriculaire). Outre une présentation des méthodes traditionnelles chinoises, il offre également un tour d'horizon complet des techniques d'acupression, notamment du Japon, de Thaïlande et du Vietnam. Afin de faciliter la compréhension de toutes ces techniques parfois complexes, vous découvrirez des fiches de travail pédagogiques illustrées pour chaque pathologie. Vous apprendrez ainsi à soigner et à soulager efficacement tous les maux du quotidien, de l'acné aux vertiges, en passant par les douleurs de dos et les problèmes digestifs parmi tant d'autres. HÉLÈNE CAMPAN est réflexologue, spécialisée en shiatsu, ayurvédique et traitements holistiques, mais aussi formatrice en spa et en école de massage. Elle est la créatrice du concept d'enseignement pédagogique Expert Massage Academy. Spécialiste du bien-être à travers le monde, elle a plus de 75 techniques de massage à son actif. Elle est l'auteure de plusieurs guides dont Ma leçon

d'automassage, paru chez le même éditeur. HÉLÈNE SERGENT est diplômée en naturopathie (Cenatho-Paris) et a également un diplôme universitaire en nutrition du sportif (université Paris-Descartes et faculté de médecine de la Pitié-Salpêtrière). Aujourd'hui, elle partage son temps entre son cabinet - où elle exerce en tant que naturopathe, réflexologue et olfactothérapeute - et l'entreprise - où elle dispense des ateliers/conférences.

La réflexologie faciale selon la méthode Dien Chan Pierre-André Fautrier, 2017-09-15 La réflexologie Dien Chan est une technique innovante d'acupression permettant la relaxation et l'harmonisation de l'organisme. Née en 1980 au Vietnam et mise au point par le Pr Bùi Quốc Châu, acupuncteur, la réflexologie Dien Chan est fondée sur les principes de la médecine traditionnelle chinoise, les grandes philosophies asiatiques et les traditions vietnamiennes. Elle a pour objectif de permettre à chacun d'agir directement sur sa santé en pratiquant l'autostimulation et en utilisant en priorité le visage comme support d'action. Elle permet notamment de soulager les douleurs, de réguler les fonctions vitales de l'organisme, et d'améliorer le bien-être en apaisant les émotions... Grâce à des stimulations simples et efficaces, des exercices intuitifs à pratiquer au quotidien et des protocoles clairs et accessibles, nous pouvons entretenir notre organisme et veiller à préserver ou à améliorer notre santé, et celle de toute notre famille. Si les bénéfices thérapeutiques de la réflexologie Dien Chan ne sont plus à démontrer dans de nombreux pays, et notamment en Allemagne, elle reste malheureusement encore trop méconnue en France. Cet ouvrage de référence apporte une lumière directe sur les origines de la réflexologie intégrale Dien Chan, sa logique et son fonctionnement.

Les schémas de similitude de forme et de multiréflexologie en Dien Chan Quốc Châu Bùi, 2011 La théorie de la similitude est l'une des théories importantes du Dien Chan : des organes qui se ressemblent ont des relations et des influences entre eux, ils se cherchent et se trouvent. Par exemple, la main et les doigts sont un être humain en réduction, la main fermée est la tête... Les stimulations des doigts, du dos de la main ou du poignet ont donc des résultats sur une autre partie du corps comme la tête, le cou, la nuque et permettent de traiter efficacement ces organes. La théorie de la similitude de forme ouvre un nouveau chemin de traitement des maladies en Dien Chan. Elle est très souple, très efficace et peut s'appliquer

facilement. Grâce à des dessins très clairs, le lecteur pourra appliquer cette théorie immédiatement sur lui-même ou ses proches, traiter tout de suite les maux courants et même chroniques.
