*Ace Of Shades* Amanda Foody, 2018-05-01 Welcome to the City of Sin, where casino families reign, gangs infest the streets...and secrets hide in every shadow. Welcome to the city of sin, where casino families reign, gangs infest the streets...and secrets hide in every shadow Enne Salta was raised as a proper young lady, and no lady would willingly visit New Reynes, the so-called City of Sin. But when her mother goes missing, Enne must leave her finishing school – and her reputation – behind to follow her mother's trail to the city where no one survives uncorrupted. Frightened and alone, Enne has only one lead: the name Levi Glaisyer. Unfortunately, Levi is not the gentleman she expected – he's a street lord and con man. Levi is also only one payment away from cleaning up a rapidly unravelling investment scam, so he doesn't have time to investigate a woman leading a dangerous double life. Enne's offer of compensation, however, could be the solution to all his problems. Their search for clues leads them through glamorous casinos, illicit cabarets and into the clutches of a ruthless Mafia donna. As Enne unearths an impossible secret about her past, Levi's enemies catch up to them, ensnaring him in a vicious execution game where the players always lose. To save him, Enne will need to surrender herself to the city... And she'll need to play.

**Queen of Volts** Amanda Foody, 2020-09-01 A final deadly game will reveal the darkest secrets in the City of Sin in the thrilling conclusion of this “decadent and delicious” YA fantasy trilogy (Kirkus Reviews). Return to the City of Sin, where the perilous final game is about to begin . . . The players? Twenty-two of the most powerful, most notorious people in New Reynes. With no choice but to play, Enne and Levi are desperate to forge new alliances and bargain for their safety. But any misstep could turn deadly when a far more dangerous opponent appears on the board —one plucked straight from the city's most gruesome legends. While Levi hides behind a mask of false promises, Enne is finally forced out from behind hers. As the game takes its final, vicious turn, these two must decide once and for all whether to be partners or enemies. Because in a game for survival, there are no winners . . . There are only monsters.

*Magic Words* Lance Parkin, 2013-11-07 For over three decades comics fans and creators have regarded Alan Moore as a titan of the form. With works such as *V for Vendetta*, *Watchmen* and *From Hell*, he has repeatedly staked out new territory, attracting literary plaudits and a mainstream audience far removed from his underground origins. His place in popular

culture is now such that major Hollywood players vie to adapt his books for cinema. Yet Moore's journey from the hippie Arts Labs of the 1970s to the bestseller lists was far from preordained. A principled eccentric, who has lived his whole life in one English town, he has been embroiled in fierce feuds with some of the entertainment industry's biggest corporations. And just when he could have made millions ploughing a golden rut he turned instead to performance art, writing erotica, and the occult. Now, as Alan Moore hits sixty, it's time to go in search of this extraordinary gentleman, and follow the peculiar path taken by a writer quite unlike any other.

Fang-tastic Fiction Patricia O'Brien Mathews, 2011 Mathews uses a limited definition of paranormal, and examines works set, for the most part, in a relatively realistic modern world inhabited by both humans and paranormal beings.

**Ace of Shades** Theodore Lee, 2021-10-06 Ace Shades wears sunglasses at all times, even at night; he cannot remember the color of his eyes nor the last time he took his sunglasses off (hence the moniker: Shades). His girlfriend's a piano, his friends aren't all there, and the world, according to how he sees it, is a dark and unfriendly place. But things are changing within the detective. Perhaps it's the case. Perhaps it's something else. But the closer that he gets to the truth, the more that he can see the cracks within his own existence. And he's close to discovering the truth: The truth hidden long ago, keeping his world held together. In a small, rural town in Tennessee, self-proclaimed detective Ace Shades investigates a series of ongoing murders, somehow related to his dark, mysterious past--a past so dark and mysterious that even he doesn't remember any of it. With the help of his colleagues, who are just as unstable, unpredictable, and unreliable as he is, they begin to uncover a conspiracy, involving a threat unlike any other before it--or at least any other threat they had faced before, assuming that they had faced any other threat at all.

**Austro-Hungarian Albatros Aces of World War 1** Paolo Varriale, 2012-12-20 Austro-Hungarian industry produced a series of poor fighter types such as the Phönix D I and Hansa-Brandenburg D I during the early stages of the war, and it was not until licence-built examples of the battle-proven Albatros and D II and D III began to reach Fliegerkompagnien, or Fliks, in May 1917 that the fortunes of pilots began to look up. Unlike the German-built Albatrosen, the Oeffag aircraft were far more robust than German D IIs and D IIIs. They also displayed superior speed, climb, manoeuvrability and infinitely safer flight characteristics. The careful cross-checking of Allied sources with Austrian and German records form the basis for a detailed reconstruction of the dogfights fought by the leading aces. It will also chart the careers of the Austro-Hungarian aces that flew the D II and D III, their successes and their defeats, with additional information about their personal background and their post-war lives in the nations born from the collapse of the Hapsburg Empire.

**The Firefall Series** Peter Watts, 2023-09-12 This ebundle includes: Blindsight, Echopraxia, and The Colonel. From Hugo, Nebula, and John W. Campbell award-nominated author Peter Watts, Firefall is a far-future, science fiction saga of first

contact with an alien species at the edge of the solar system—and of the evolution of humanity into a myriad of subspecies. *Blindsight*: Two months since the stars fell. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. *Echopraxia*: Daniel Bruks is a living fossil: a field biologist in a world where biology has turned computational, a cat's-paw used by terrorists to kill thousands. Taking refuge in the Oregon desert, he's turned his back on a humanity that shatters into strange new subspecies with every heartbeat. But he awakens one night to find himself trapped on a ship bound for the center of the solar system. Their pilgrimage brings Dan Bruks, the fossil man, face-to-face with the biggest evolutionary breakpoint since the origin of thought itself. *The Colonel*: Colonel Keaton is in trouble. His wife has retreated into a virtual heaven and his son remains missing after joining an extrasolar mission to track down an alien race. He is presently tasked by his superiors with the threat assessment of hived human intelligences, one of which successfully attacks a compound under his watch. Now, one of the strongest hive minds in the world approaches Keaton with an offer that could completely change his world.
