Estudios de derecho de familia. Tomo I Antonio J. Gómez Rincon, 2024-10-16 La historia nos ha enseñado que la familia tiene carácter universal ya que ha estado presente en todas las culturas, pueblos y civilizaciones, siendo un reflejo en miniatura de las mismas, de allí que se haya considerado como un microestado, siendo la familia el prototipo de vida del Estado y de la sociedad. De tal manera que un Estado será tan sólido en sus principios e instituciones en la medida en que sean sólidas las bases de la familia.

Adolescencia y familia Norman Darío Moreno Carmona, Anna Patricia Rosero Pepinosa, Claudia Faviola Vargas Sepúlveda, Rosa Daisy Zamudio González, Dora Beatriz Bilbao Fuentes, Nery Isabel Sánchez Márquez, Dora Liliana Osorio Tamayo, Bibiana María Mejía Builes, Claudia Patricia Muñoz Arango, 2021-04-05 Este libro es el resultado de una investigación en la que participaron casi mil adolescentes de diferentes contextos sociales y grupos poblacionales. Una muestra heterogénea, que recoge individuos de varias ciudades de Colombia, permite tener una percepción amplia de cómo el entorno y los aspectos psicosociales y familiares influyen de manera dramática en muchas de las problemáticas de los jóvenes. Pero a su vez, permite establecer algunos principios para la creación de programas que promuevan el desarrollo de dinámicas más positivas, las cuales faciliten un sano desarrollo de la personalidad. De la misma forma, se destaca la importancia que tiene repensar la idea de aquello que entendemos por familia, con miras a entender y repensar lo que resulta fundamental e innegociable al interior de este núcleo social de tan importante tradición.

Independent Women Claire Perkins, Michele Schreiber, 2021-06-07 Independent Women: From Film to Television explores the significance for feminism of the increasing representation of women on and behind the screen in television contexts around the world. Independent has functioned throughout film and television history as an important euphemism for feminist. This volume investigates how this connection plays out in a contemporary environment that popular feminist discourse is constructing as a golden age of television for women. The original essays in the volume offer insights into how post-network television is being valued as a new site of independent production for women. They also examine how these connotations of creative control influence perceptions of both female creators and their content as feminist. Together, they

provide a compelling perspective on the feminist consequences of how independence and indie have intensified as cultural sensibilities that coincide and engage with the digital transformation of television during the first decades of the 21st century. The chapters in this book were originally published in a special issue of Feminist Media Studies.
