Serving Teen Parents Ellin Klor,Sarah Nordhausen,2011-09-12 A comprehensive guide to working with teen parents and their children that provides practical program ideas for successful school and public library program development, implementation, and evaluation. Teen parents and their children represent an underserved, high-need population in many communities. Libraries have the potential to significantly influence the quality of life for teen parent families by providing free access to information and resources, developing specific programs, and serving as a safe, public learning environment. The authors explain how to successfully communicate with this group and build upon their competencies and strengths. They offer best practices, professional anecdotes, and step-by-step direction on connecting with teen parents, collaborating with community partners, locating funding options, and implementing successful programs.
