Intention Mike James Ross, Sekoul Theodor Krastev, Dan Pilat, 2024-02-21 A science-backed recipe for creating engagement, fulfillment, and achievement We're stuck. Stuck to the couch. Stuck scrolling. Stuck at work. Stuck in worn-out paths of habitual action. Stuck in patterns and echo chambers of thought. Stuck in carefully curated lives where we've traded our agency for endless comforts that wrap us in existential ennui. As our eyes fixate on a constant parade of images meant to engage us, we notice something in the periphery. We see folks who are just like us, except they are actually, deeply happy and fulfilled. They seem to go through life with ease and grace, overcoming obstacles and making amazing things happen for themselves. Peering closer, we see that these aren't gods or superhumans. They're just people who have chosen to not be stuck and decided to become the main characters in their own lives. Their success (as they define it!) is not a birthright bestowed upon a lucky few, but the result of lives lived with intention. And that's what this book is about — a practical guide on infusing purpose into life in a deliberate and evidence-based way. Through a combination of inspiring stories about unlikely high performers and evidence from the bleeding edge of behavioral science, we present you with a toolkit for learning intention — not as a fluffy concept, but as five very trainable skills. Get your copy of *Intention* today and live your potential.

Memoirs of a Little Italian Boy David Govoni, 2002-07-10 This is a story about me, as a little Italian boy born in a small town in Massachusetts. My father and mother came to this country in the early 1900s. Neither spoke English or knew anything about American money. They asked for nothing, and received nothing, from government assistance. I remember my father saying he had only thirteen cents in his pocket when he came here from the old country, but he had a strong

determination to become an American. His newfound freedom to learn a different vocation, and the chance to become a businessman, gave him hope for a positive future for his family.

Via Ferratas of the Italian Dolomites: Vol 2 Graham Fletcher, John Smith, 2015-02-17 Guidebook to the via ferrata routes of the southern Italian Dolomites. This guide covers via ferrata routes in the major mountain ranges of Civetta, Schiara and Pala as well as those to the west in the Brenta. A significant addition (and, as far as we are aware, not previously published in any English language guidebook) is the inclusion of routes around the northern end of Lake Garda and the Piccole Dolomites north of Vicenza. Here the mountains are generally lower and you can enjoy ferrata climbing over a much extended season, with some routes accessible for most of the year. This is the second in a series of two guidebooks to the via ferratas of the Italian Dolomites. (Volume One covers the eastern, northern and central areas of the Dolomites, while Volume Two completes the picture, focusing on the southern, Brenta and Lake Garda areas.)
