**Leadership: The Esau Factor** Dr. Kwasi Kodua Addai-Mensah,2014-07-03 For many, the story of the man Esau in the Bible teaches some basic lessons of life, such as the idea that our value systems must be upheld with the highest regards; never should we sacrifice those values for some ephemeral gratifications. But further study of the life of Esau reveals positive leadership principles that can be learnt from his life. The first glance at the title of this book may beg the question: can something good come out of Nazareth? This is a question that Nathanael put to Philip in John 1:43-46. This question can be turned around: can something good be learnt from the life of Esau? Even after despising his birthright and attempting to chase after the lost blessings in vain, Esau still ended up amazingly as an enviable success instead of the expected doomed future. Esau had a celebrated future for he told his brother Jacob: And Esau said, I have enough, my brother; keep that thou hast unto thyself (Genesis 33:9 KJV). Furthermore, it was stated that for their riches were more than that they might dwell together; and the land wherein they were strangers could not bear them because of their cattle (Genesis 36:7 KJV). What leadership principles Esau applied that positively turned his life around and brought about such a celebrated future. This book seeks to help you discover these principles.

Life Leadership Model for Success and Greatness Effiom Effiong,2019-06-02 The Life Leadership Model is a leadership philosophy that primarily deals with the leader's self-awareness, self-control and self-expression. It is an Inside-Out

leadership perspective that covers the different spheres of a leader's existence and manifestations. The book, which is divided into four quadrants, considers every aspect of leadership. The first quadrant deals with the leader's personality and composition. It answers the question: Who are You? The second quadrant takes care of the leader's assignment. You cannot be a leader if you don't know your specific assignment. It answers the question: Why are You here? The third quadrant deals with the process the leader is expected to carry out his or her assignment. It addresses the question: How were you designed and expected to live? The fourth quadrant looks at how to serve your clients and beneficiaries with your assignment. This addresses the question: How should you serve others? In the book you will learn how to be transformed from being a follower into a dynamic leader; how to discover your purpose and fulfil your destiny; how to deploy your resources to achieve maximum results; and how to be happy and great in any endeavour you embark on.

*Parenting Your Child Leader* Darryl Bodkin, 2013-05 p>Darryl Bodkin has written a wonderful treatise on child development and leadership. He writes from a child's perspective on parenting and provides invaluable insight on the subject of leadership growth and development. When I was 11 years of age, my life was torn apart by the loss of my father in a tragic construction accident. It was a defining moment for me. Fortunately, my godly grandmother sat down with me and told me that I had to be the leader in our home since I was the oldest child. From that moment leadership was thrust upon me. Reading this book has caused me to reflect on that landmark day in my own childhood when I started on a leadership journey. I commend Darryl Bodkin's book to you for your enjoyment and personal growth. I believe every parent who reads it will benefit from the lessons taught on parenting and will gain an understanding of how to encourage the development of leadership qualities in children. Proverbs 3:5-6 is a sterling reminder of the potential for vital Christian leadership within every child that is born into God's big world. Dr. Stan A. Toler Bestselling Author Oklahoma City, Oklahoma

*Religion, Leadership and Development* Obaji Agbiji, 2023-09-30 Political, economic and military powers have woefully failed in their attempts to transform societies around the world, particularly in the African context. As poverty, corruption, and bad leadership continue to pervade nations and undermine human flourishing, the global community needs to respond with creativity, innovation and collaboration. Drawing on empirical research and utilizing an interdisciplinary approach that engages both development and theology, this study explores the church's role – both spiritual and pragmatic – in facilitating societal transformation in African countries, specifically Nigeria. The power of religion is often overlooked within development frameworks, but is a profoundly significant resource. Highlighting the importance of ecclesiastical leadership in mobilizing religious communities to partner with sociopolitical and economic institutions, Dr. Obaji Agbiji argues for a development framework that recognizes religious practitioners as indispensable partners in the quest for societal transformation. Offering insight for both scholars and practitioners, this sustainable transformative approach to development

bridges the gap between theory and practice and challenges church and civil leadership to take concrete steps to combat societal ills and see nations transformed for the better.

### **National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two** Dr. Dan

Mou, 2017-01-12 This book shows that the security, economic, political, and social problems challenging national security, democracy, and good governance currently in Nigeria would get better or worse, depending on what happens to the 71 percent of Nigerians population still living below the poverty line. This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades. It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth, this country will witness worse civil disobedience, violence, revolts, militancy, breakdown of law and order, more kidnappings, and more of the citizens trying to check out of the country to other parts of the world in the future. It concludes, however, that under such intense pressures, the Government of Nigeria, even if it is simply for its self-preservation, will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria. These are the ones who have, for long, captured and hijacked state power and the resources of the country for their exclusive use. There is this perception that Nigerians don't write and read. This perception is deep-seated, even among intellectuals who see our authors as shallow researchers. But Dr. Dan Mou has debunked that myth and shown that Nigerians can write well-researched and detailed books. It is quite prophetic in its assessment of the Nigerian State (Agbo Agbo, deputy editor, The Nation). Dr. Dan Mou has proven himself a world-class scholar and an intellectual colossus. His reputation as an internationally renowned public policy expert has continued to soar. I congratulate him for these remarkable achievements (Professor Justice Abdul Fatai Kuti, first justice of Abuja High Court and former dean, faculty of law, University of Ado Ekiti, Ekiti State of Nigeria). Dr. Mou is certainly one of the best scholars we have on the African continent. As an educationist myself, before I became a traditional ruler, I agree totally with his analysis and conclusions. I share the optimism Dr. Mou has expressed . . . that once the recommendations therein are adopted and meticulously implemented, with proper monitoring and evaluation of such resultant policies and programmes, Nigeria and indeed Africa would be able to solve most of these challenges (HRH Alh. Dr. Sheban Audu, Nizazo III, Etsu Kwali, Etsu Kwalis Palace, Abuja, Nigeria).
