Play the Way You Feel Kevin Whitehead, 2020-04-01 Jazz stories have been entwined with cinema since the inception of jazz film genre in the 1920s, giving us origin tales and biopics, spectacles and low-budget quickies, comedies, musicals, and dramas, and stories of improvisers and composers at work. And the jazz film has seen a resurgence in recent years--from biopics like *Miles Ahead* and HBO's *Bessie*, to dramas *Whiplash* and *La La Land*. In *Play the Way You Feel*, author and jazz critic Kevin Whitehead offers a comprehensive guide to these films and other media from the perspective of the music itself. Spanning 93 years of film history, the book looks closely at movies, cartoons, and a few TV shows that tell jazz stories, from early talkies to modern times, with an eye to narrative conventions and common story points. Examining the ways historical films have painted a clear picture of the past or overtly distorted history, *Play the Way You Feel* serves up capsule discussions of sundry topics including Duke Ellington's social life at the Cotton Club, avant-garde musical practices in 1930s vaudeville, and Martin Scorsese's improvisatory method on the set of New York, New York. Throughout the book, Whitehead brings the same analytical bent and concise, witty language listeners know from his jazz segments on NPR's *Fresh Air* with Terry Gross. He investigates well-known songs, traces the development of the stock jazz film ending, and offers fresh, often revisionist takes on works by such directors as Howard Hawks, John Cassavetes, Shirley Clarke, Francis Ford Coppola, Clint Eastwood, Spike Lee, Robert Altman, Woody Allen and Damien Chazelle. In all, *Play the Way You Feel* is a feast for film-genre fanatics and movie-watching jazz enthusiasts.

The Sheet Music Exchange, 1989

Confederate Sheet Music E. Lawrence Abel, 2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had

no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, The South must not only fight her own battles but sing her own songs and dance to music composed by her own children. Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.
