Ensayo sobre el hombre y otros escritos Alexander Pope,2017-06-15 Chesterton llamó a Alexander Pope el último poeta de la civilización. Marcado por la deformidad corporal y las enfermedades, que suplió con la excelencia del ingenio y el cultivo de la amistad, Pope encontró en la imitación y la sátira una forma de expresión que no ha sido superada en ese terreno. Traductor de Homero y editor de Shakespeare, Pope hizo de la literatura una forma de vivir. Prácticamente inédito en español, esta edición presenta a Alexander Pope como un autor que puede orientar al lector en un tiempo de crisis y corrupción moral y económica que no puede someter a los espíritus nobles e independientes.

An Essay on Man (Annotated) Alexander Pope,2020-07-13 Differentiated book- It has a historical context with research of the time-An Essay on Man by Alexander Pope.This book contains a historical context, where past events or the study and narration of these events are examined. The historical context refers to the circumstances and incidents surrounding an event. This context is formed by everything that, in some way, influences the event when it happens. A fact is always tied to its time: that is, to its time. Therefore, when analyzing events that took place tens, hundreds or thousands of years ago, it is essential to know the historical context to understand them. Otherwise, we would be analyzing and judging what happened in a totally different era with a current perspective.It is a poem published by Alexander Pope in 1733-1734. It was dedicated to Henry St John, 1st Viscount Bolingbroke (pronounced 'Bull-en-brook') hence the opening line: Wake up, Saint John It is an effort to rationalize or rather reclaim the ways of God to man (l.16), a variation of John Milton's claim in the opening lines of Paradise Lost, that he will justify the ways of God to men (1.26). It has to do with the natural order that God has decreed for man. Since man cannot know the purposes of God,

Essay on Man Alexander Pope,2015-06-11 Having proposed to write some pieces of Human Life and Manners, such as (to use my Lord Bacon's expression) come home to Men's Business and Bosoms, I thought it more satisfactory to begin with considering Man in the abstract, his Nature and his State; since, to prove any moral duty, to enforce any moral precept, or to examine the perfection or imperfection of any creature whatsoever, it is necessary first to know what condition and relation it is placed in, and what is the proper end and purpose of its being.

The Invention of the Colonial Americas Byron Ellsworth Hamann,2022-09-13 The story of Seville's Archive of the Indies reveals how current views of the sixteenth and seventeenth centuries are based on radical historical revisionism in Spain in the late 1700s. The Invention of the Colonial Americas is an architectural history and media-archaeological study of changing theories and practices of government archives in Enlightenment Spain. It centers on an archive created in Seville for storing Spain's pre-1760 documents about the New World. To fill this new archive, older archives elsewhere in

Spain—spaces in which records about American history were stored together with records about European history—were dismembered. The Archive of the Indies thus constructed a scholarly apparatus that made it easier to imagine the history of the Americas as independent from the history of Europe, and vice versa. In this meticulously researched book, Byron Ellsworth Hamann explores how building layouts, systems of storage, and the arrangement of documents were designed to foster the creation of new knowledge. He draws on a rich collection of eighteenth-century architectural plans, descriptions, models, document catalogs, and surviving buildings to present a literal, materially precise account of archives as assemblages of spaces, humans, and data—assemblages that were understood circa 1800 as capable of actively generating scholarly innovation.

Y Él habitó entre nosotros A.W. Tozer, 2017-07-25 Para Tozer, el Evangelio de Juan fue su libro de la Biblia favorito, y el enfoque de estos escritos (adaptados de sermones que predicó a sus feligreses) es la encarnación y su significado en la vida de los creyentes. Ningún otro escritor del Nuevo Testamento, ni siquiera el apóstol Pablo, presenta a Cristo con una pasión igual a la de Juan, a quien Jesús le llamó el Amado. Tozer desafía a los lectores a descubrir un deseo fresco e incontenible por Él. The Gospel of John was Tozer's favorite book of the Bible, and the focus of these writings (adapted from sermons given to his parishioners) is the Incarnation and what it means for believers' lives. No other New Testament writer, not even the amazing apostle Paul, presents Christ with a passion equal to John's, whom Jesus called the Beloved. Tozer challenge readers to discover a fresh and overwhelming desire for Him.

Ensayo sobre la historia de la sociedad civil Adam Ferguson, 2012-03-28 El Ensayo sobre la historia de la sociedad civil forma parte de los libros más editados del siglo XVIII y es, indudablemente, una de las obras más notables de la Ilustración escocesa. El lector encontrará en este escrito de Adam Ferguson una espléndida y original interacción entre el humanismo cívico y el emergente liberalismo cuyas conclusiones irradian luz sobre aspectos de nuestras actuales sociedades. Lo excepcional de la propuesta del ilustrado escocés es que, a pesar de haberla construido en un entorno que mayoritariamente reivindicaba los presupuestos del liberalismo económico, no separa la mirada de los valores de la tradición republicana y busca constantemente situar lo político como componente medular de la sociedad civil.

Raza e historia en las sociedades occidentales (siglos XV-XVIII) Jean-Frédéric Schaub, Silvia Sebastiani, 2025-03-31 La historia de los procesos de racialización que marcaron la transformación de Europa y sus colonias desde el final de la Edad Media hasta la era de las revoluciones arroja luz sobre la evolución de la sociedad, las instituciones y las culturas. Describe el deseo de categorizar a los individuos y los grupos, de encerrarlos en identidades que se presentan como intangibles, de discriminar a colectivos dominados o incluso de organizar una opresión a gran escala contra poblaciones definidas por su raza. Son cuatro los focos que permiten trazar la línea que vertebra la historia de la raza: la nobleza de

nacimiento frente al ennoblecimiento, la naturaleza judía o musulmana que persiste en la sangre de los conversos, el origen indeleble del mestizaje en la América colonial y la deshumanización de los africanos a través de la trata de esclavos. Estos fenómenos son las experiencias históricas en las que se basaron los autores de la Ilustración para clasificar a la humanidad en razas. En el Siglo de las Luces, aunque por un lado se proclamó la universalidad de los derechos humanos, por otro se jerarquizó a los grupos humanos. El siglo de los filósofos puede leerse, por ello, como fruto de una historia pasada y como fundamento de una historia inacabada, la nuestra.

Ensayos morales, políticos y literarios David Hume, 2025-01-30 Las obras que en vida dieron fama como escritor a David Hume no son las mismas que con posteridad han consolidado su reputación como filósofo. Entre las primeras se cuentan estos Ensayos, cuya preparación y revisión ocupó a Hume durante toda su vida adulta hasta su muerte, a lo largo de sucesivas ediciones, corregidas y ampliadas personalmente por él. Las palabras de su amigo John Holme resumen bien el interés de esta obra: «Sus Ensayos son a la vez populares y filosóficos; en ellos se unen, de una manera rara y feliz, la profundidad científica y el buen estilo literario». «Los ensayos de Hume resumen su filosofía: una consciencia despierta de las limitaciones del entendimiento del ser humano y una profunda curiosidad por su naturaleza». Simon Blackburn «David Hume es un espléndido ejemplo de filósofo; tenía todas las virtudes y solo algunos de los vicios intelectuales (...) Su obra es un modelo de claridad y razonamiento convincente, expresado en un lenguaje admirablemente sencillo». Bertrand Russell «Los ensayos de Hume se encuentran entre las obras más fascinantes y perspicaces de la historia de la filosofía. Sus agudas observaciones sobre la naturaleza humana, la ética y la sociedad continúan ofreciendo conocimientos profundos e inspirando una reflexión reflexiva». Martha Nussbaum

La libertad como voz y silencio REFLEXIONES LIBERALES Alejandro Diz, 2017-11-29 La libertad como voz y silencio. Reflexiones liberales es un ensayo, con características propias del mismo en cuanto a estilo o referencias a autores en un enfoque de intertextualidad, que pivota sobre el tema de la libertad, entendida como el bien máximo del individuo y de la sociedad, en su relación con fenómenos actuales en el terreno de las mentalidades y de la axiología en general en las sociedades de nuestros días. Historia, filosofía y literatura suministran la textura de la cinta —el concepto de la libertad— que envuelve todo este ensayo, compuesto de seis apartados, con temas muy diversos, titulados: «La libertad como voz y silencio»; «No equiparar bondad y éxito (Una interpretación liberal de la historia)»; «Que nadie obligue a ser feliz a su manera»; «Del licantropismo y el angelismo antropológico»; «El discurso de las tarántulas» y «El ciudadano Peter Pan y el Leviatán paternalista».

La Monarquía indiana de Carlos II en la encrujiada Juan Jiménez Castillo, 2024-12-05 A finales del siglo XVII, la América española no sufrió ninguna crisis destinada a la decadencia de su Imperio. El presente libro analiza las causas y consecuencias de los cambios políticos que llevó a cabo Carlos II en uno de los reinos más poderosos de su patrimonio: el Perú. Desde una perspectiva inédita, este trabajo estudia cómo la América hispánica fue precursora en las reformas sobre las cortes virreinales, que provocó un punto de inflexión en el paradigma de gobierno y articulación de los reinos en la distancia. Desde entonces, la Monarquía hispánica basculó sus intereses hacia América reconfigurando sus territorios, lo que no solo le llevó a luchar por su resiliencia, sino a afianzar su protagonismo en la política internacional que heredó la dinastía borbónica.
