Maiden in Manhattan Abbie Zanders,2014-09-23 How far would you go to find your soul mate? Thankfully, Nick Peterson was there to tackle her out of its path. He's not happy about it, but both his conscience and his protective instincts kick in in a big way when he realizes Isobelle has nowhere else to go. But how is he going to explain her to his girlfriend?

A Timeless Love Boxed Set Abbie Zanders,2016-10-22 Remember Newton's Third Law: For every action, there is an equal and opposite reaction. If someone moves forward in time, someone else must go back. Start sweet with Book 1: Maiden in Manhattan When 15th century Scottish maiden Isobelle McKenna made that prayer, she never expected to find herself thrown into 21st century New York City, right in the path of a cross-town bus. Good thing EMT Nick Peterson just happened to be in the right place at the right time And follow up with sassy in book 2: Raising Hell in the Highlands Aislinn McKenna is a survivor, but simply surviving isn't always enough. When she made a Christmas wish, she never expected to wake up in the middle of a clan skirmish in the Scottish highlands, nor to fall for the braw Laird Lachlan Brodie.

Having Faith Abbie Zanders,2015-04-25 Sometimes the biggest obstacle to overcome is yourself.Kieran Callaghan has it all. As the sole remaining single male of the Callaghan clan, he is drawing a lot of female attention. Not only is the former SEAL easy on the eyes and the poster boy for BodyWorks, the fitness center he owns/operates, but he is a genuinely nice guy with a white-knight complex. The only thing he doesn't have is the one thing he wants most: a croie with which to share his life. Faith O'Connell is a young, single mom hoping for a fresh start for her and her teenage son. Life hasn't been easy, but they've managed. Once forced to live off the charity of others, she is determined to make it on her own. When Kieran shows up on her doorstep, Faith is quite sure she's met the perfect man. He might just be the best friend she's ever had, and her son adores him. But they come from two vastly different worlds, and Faith knows it can't be anything more. She's already been down that road once, and has the scars to prove it.Kieran doesn't care about any of that. Faith is his. And he will convince her that when you find your croie, nothing else matters.

Guardian Angel Abbie Zanders,2015-02-25 They call him the Iceman. The eldest of seven brothers, he is the biggest. The coldest. The meanest. No one has been able to break through the icy shield Kane Callaghan has built around himself. No one except the tiny, stubborn woman willing to sacrifice herself for him. She haunts his dreams, but he has no idea who she is. Where she is. Or if he'll ever see her again. Rebecca Harrison spent the last twelve years with humanitarian relief

organizations, travelling to some of the hardest hit areas of the world, but none has ever affected her as much as that tiny village in Africa. Because of him. Fierce and beautiful and terrible, she can't get him out of her mind. Kane. The avenging archangel who appeared out of nowhere, saving her from a fate worse than death. The one she was forced to leave behind. Worlds apart, they are bound by the events of that one horrible night, though the chances of ever meeting again are too small to dare even hope. Of course, neither one realizes just how clever Fate can be...

The Partnership Annie Dyer, He's setting the rules. She's breaking them all... Playboy. Poser. Partner. It's always the first two I've been known for. With the rest of my siblings in grown-up relationships, I decided it was time to prove I was more than just my reputation, and take my partnership in my family's law firm seriously. Ambitious. Hardworking. No more spilling coffee on the photocopier. Forget my love life, I was taking a vow of celibacy; padlocking away the crown jewels; the bedroom was closed for business - and every other room too. I was going to find who I was as an individual. Focus on just being me, Seph Callaghan. And then she turns up. This wasn't how it was meant to go.

But even if the sexy bartender she's been eying offers her a job for the evening ... even if he seduces her with his impossibly intense blue eyes ... even if every fiber of her heart tells her to stay with him ... she can't. Because Taryn Malone doesn't exist.

An American Bible Paul C. Gutjahr,1999 An American Bible is an extremely compelling piece of cultural history that succeeds in making rich rather than schematic sense of the major dramas that lay behind the production of over 1,700 different American editions of the Bible in the century after the American Revolution. Gutjahr's book is especially powerful in demonstrating how nineteenth-century efforts to purge the Bible of textual and translational impurities in search of an 'authentic' text led ironically to the emergence of entirely new gospels like the Book of Mormon and the massive fictionalized literature dealing with the life of Christ. --Jay Fliegelman, Stanford University During the first three-quarters of the nineteenth century, American publishing experienced unprecedented, exponential growth. An emerging market economy, widespread religious revival, educational reforms, and innovations in print technology worked together to create a culture increasingly formed and framed by the power of print. At the center of this new culture was the Bible, the book that has been called the best seller in American publishing history. Yet it is important to realize that the Bible in America was not a simple, uniform entity. First printed in the United States during the American Revolution, the Bible underwent many revisions,

translations, and changes in format as different editors and publishers appropriated it to meet a wide range of changing ideological and economic demands. This book examines how many different constituencies (both secular and religious) fought to keep the Bible the preeminent text in the United States as the country's print marketplace experienced explosive growth. The author shows how these heated battles had profound consequences for many American cultural practices and forms of printed material. By exploring how publishers, clergymen, politicians, educators, and lay persons met the threat that new printed material posed to the dominance of the Bible by changing both its form and its contents, the author reveals the causes and consequences of mutating God's supposedly immutable Word.

Illuminating Letters Paul C. Gutjahr, Megan L. Benton, 2001 What do we read when we read a text? The author's words, of course, but is that all? The prevailing publishing ethic has insisted that typography—the selection and arrangement of type and other visual elements on a page—should be an invisible, silent, and deferential servant to the text it conveys. This book contests that conventional point of view. Looking at texts ranging from the King James Bible to contemporary comic strips, the contributors to *Illuminating Letters* examine the seldom considered but richly revealing relationships between a text's typography and its literary interpretation. The essays assume no previous typographic knowledge or expertise; instead they invite readers primarily concerned with literary and cultural meanings to turn a more curious eye to the visual and physical forms of a specific text or genre. As the contributors show, closer inspection of those forms can yield fresh insights into the significance of a text's material presentation, leading readers to appreciate better how presentation shapes understandings of the text's meanings and values. The case studies included in the volume amplify its two overarching themes: one set explores the roles of printers and publishers in manipulating, willingly or not, the meaning and reception of texts through typographic choices; the other group examines the efforts of authors to circumvent or subvert such mediation by directly controlling the typographic presentation of their texts. Together these essays demonstrate that choices about type selection and arrangement do indeed help to orchestrate textual meaning. In addition to the editors, contributors include Sarah A. Kelen, Beth McCoy, Steven R. Price, Leon Jackson, and Gene Kannenberg Jr.
