Jalalu'l-Din Rumi

Mystical Poems of Rumi Jalal al-Din Rumi, 2010-04-15 My verse resembles the bread of Egypt—night passes over it, and you cannot eat it any more. Devour it the moment it is fresh, before the dust settles upon it. Its place is the warm climate of the heart; in this world it dies of cold. Like a fish it quivered for an instant on dry land, another moment and you see it is cold. Even if you eat it imagining it is fresh, it is necessary to conjure up many images. What you drink is really your own imagination; it is no old tale, my good man. Jalal al-Din Rumi (1207–73), legendary Persian Muslim poet, theologian, and mystic, wrote poems acclaimed through the centuries for their powerful spiritual images and provocative content, which often described Rumi's love for God in romantic or erotic terms. His vast body of work includes more than three thousand lyrics and odes. This volume includes four hundred poems selected by renowned Rumi scholar A. J. Arberry, who provides here one of the most comprehensive and adept English translations of this enigmatic genius. *Mystical Poems* is the definitive resource for anyone seeking an introduction to or an enriched understanding of one of the world's greatest poets. "Rumi is one of the world's greatest lyrical poets in any language—as well as probably the most accessible and approachable representative of Islamic civilization for Western students."—James W. Morris, Oberlin College

Selected Poems of Rumi Jalalu'l-Din Rumi, 2012-04-03 Over 100 of Rumi's most passionate lyrics include *The Children of Light*, *The Man Who Looked Back on His Way to Hell*, *The Pear-Tree of Illusion*. Translated by R. A. Nicholson.

Taking Back Islam Michael Wolfe, Editors of Beliefnet, 2004-08-16 "The thinking person's guide to Islam in a post-9/11 America" —Publisher's Weekly Islam, the least understood of the world's great religions, is balanced on a precipice between the past and the future, between fanatical fundamentalists and progressives advocating peace. Noted Islamic authority Michael Wolfe moderates 35 expert speakers, writers, and leaders, including Yusuf Islam (Cat Stevens) and Karen Armstrong, the bestselling author of *A History of God and Islam*. Leading authorities discuss the future of Islam, tear down false stereotypes, review the historical realities that have shaped the religion, and examine paradoxes and schisms within the faith. At a time when every Muslim is forced to defend his faith and Americans are curious about Islam's basic tenets, this book answers many questions at the same time that it ponders both the danger and promise of the future.

Avicenna and I Manoucher Parvin, 2006 *Avicenna and I* is a love saga spanning here and the hereafter; it is a journey of spirits toward immortality. Together two lovers explore the city of Hamadan in north-west of Iran, one of the oldest residences of civilisation, where the tomb of one of history's most remarkable thinkers, Avicenna, lies. To ascend from what they are to what they dream to be, the lovers seek and find the spirit of Avicenna. From him-the prince of medicine and the leading wise man-they learn how to heal the body, the mind, the spirit and even love, and how to tend to a wounded nature. They discover the path to immortality. *Avicenna and I* strips history naked of its pretensions and shatters the myth of the East as a place of unreason-deserving to be subjugated by the West -- and establishes that the Italian Renaissance was merely a continuation of the Persian Renaissance which occurred in the Golden Era of Avicenna. In this unforgettable novel the future and the past recreate one another and set the present afire with passion for immortal wisdom, and immortal love and truth. The reader is invited to view the mind and the universe, intuition and reason, science and faith, and life and death with a profoundly new understanding. The trials and tribulations of the characters, even history, on their transcendental journey are recounted with a pen searching for the beginning and the end of everything -- for the answers God never created. So humans must invent the answers as we have invented many things God did not create. This novel is a chapter in the book of answers.

RUMI - Drops of Enlightenment: (Quotes & Poems) Jalal Al-Din Rumi, Murat Durmus, 2022-10-26 This book is dedicated to all who believe in beauty, love, mindfulness, and the power of words. (excerpt) **FOREWORD** I remember it well as if it were yesterday. I was ten years old when my father took me to a performance of the dancing dervishes in Konya. I was fascinated by the elegance of their movements, as if they were floating. But, to be honest, I did not know how to classify my impressions at that moment. It was just too much. On the one hand, I was deeply impressed and touched; on the other hand, I was afraid (today, I would call it awe). In any case, my visit at that time left lasting impressions. So much so that they keep coming back to my mind. Rumi's poems and quotations are omnipresent. They appear everywhere, and one cannot escape their depth, beauty, and meaning. They are a part of great human creativity and remind us repeatedly how powerful (in a positive sense) words can be. This little booklet addresses all who believe in beauty, love, mindfulness, and the power of words. May Rumi's words touch you as they have always touched me and be a companion for a fulfilling and inspiring life. Murat Durmus

Rumi and Islam, 2011-07-21 Discover the richness of Rumi's spiritual tradition—through facing-page commentary that brings his writings to life for you. This book you are now holding is a selection of what I believe are the best of Rumi's accounts of the compassionate actions, sayings, and qualities of the Prophet, which include Rumi's own inspired comments and explanations. It is my hope that you will be surprised and uplifted by the profound wisdom that Jalaluddin Rumi conveys through these stories and sayings. —from the Preface This great Sufi poet and teacher can become a companion for your own spiritual journey. The lyric and wisdom poetry of Mawlana Jalaluddin Rumi has been an inspiration throughout the Middle East and Asia for over seven hundred years. Recently, it has also become popular in Western countries through translations and interpretive poetic versions in English. But while popular renderings have created the appreciation of Rumi the mystic, there is little understanding today of the religious and spiritual traditions from which the great mystic came. *Rumi and Islam—Selections from His Stories, Poems, and Discourses* examines not the popularized Rumi of universal love but the Sufi disciple whose works express deep reverence for the Prophet Muhammad. Ibrahim Gamard focuses on Rumi's place within the Sufi tradition of Islam, as one of the greatest Muslim followers of the Prophet Muhammed, and on the Islamic foundations of his lover-Beloved mystical poetry. By probing verse by verse Rumi's spiritual teachings, Gamard provides insight into the

mystical side of the Qur'an and Islam, a religion that holds a deep love of God at its core. Now you can experience the profound and uplifting wisdom of Rumi even if you have no previous knowledge of Sufism or Islam. This SkyLight Illuminations edition presents the most important of Rumi's writings, mainly from the Mathnawi, with insightful yet unobtrusive commentary that conveys how his teachings about the nature of love for God and God's love for us can increase our understanding of Islamic wisdom in the West.

Emotional intelligence speaking activities for ESL classrooms María Teresa Victoria, 2021-11-24 Emotional Intelligence for ESL Classrooms is my contribution to English language teaching. Rather than aiming at writing this book, the activities shaped themselves one day into the form of this book after completing my doctoral studies in Emotional Intelligence and Mindfulness at the University of Málaga. Emotions live within us all and can emerge in classrooms of any kind, filled with pupils of a wide age range. These activities are therefore not aimed at a specific type or level group of students, but served as an array of possibilities from where my fellow teachers can pick & take into their classrooms to complement their lessons. The intention behind emotional intelligence practices is to generate a positive, non-punitive climate in the English classroom which boosts the students' self-confidence. An emotionally intelligent classroom where game-based learning activities and challenges can well coexist with Mindfulness interventions, which may raise self awareness of the students' learning processes, and where they can actually feel that mistakes are good opportunities to learn. Far from being too embarrassed to speak English students in emotionally intelligent classrooms will become more participative and willing to interact with their classmates, not only in class but also during out-of-class extracurricular activities. May the reader indulge in the illustrations from Pixabay, which have been selected for each activity as intentional prompts for conversation. Images can always provide extra opportunities for Mindfulness and Emotional Intelligence interventions in the classroom that can evoke connectivity and enhance concentration by focusing on the small details and relating to experiential practices. Visuals can actually be ever lasting ice-breakers for detailed imaginative creative exercises connected with the senses.

Translating Rumi into the West Amir Sedaghat, 2023-02-28 Focusing on Rumi, the best-selling Persian mystical poet of the 13th century, this book investigates the reception of his work and thought in North America and Europe - and the phenomenon of 'Rumimania' - to elucidate the complexities of intercultural communication between the West and the Iranian and Islamic worlds. Presenting tens of examples from the original and translated texts, the book is a critical analysis of various dimensions of this reception, outlining the difficulties of translating the text but also exploring how translators of various times and languages have performed, and explaining why the quality of reception varies. Topics analysed include the

linguistic and pragmatic issues of translation, comparative stylistics and poetics, and non-textual factors like the translator's beliefs and the political and ideological aspects of translation. Using a broad theoretical framework, the author highlights the difficulties of intercultural communication from linguistic, semiotic, stylistic, poetic, ethical, and sociocultural perspectives. Ultimately, the author shares his reflections on the semiotic specificities of Rumi's mystical discourse and the ethics of translation generally. The book will be valuable to scholars and students of Islamic philosophy, Iranian studies, and translation studies, but will appeal to anyone interested in the cultural dichotomies of the West and Islam.

Remembrance of Things Past? Michael J. Thate, 2013 In this book, Michael J. Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse. He also attempts to historicize *Leben-Jesu-Forschung* within debates and narratives of secularization. These two foci guide the book through its two parts. First Thate explicates Schweitzer's dominant archival function in *Leben-Jesu-Forschung*, while aiming to make fragile the grand architect's receptive hegemony. Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication. He attempts to problematize Schweitzer's legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate.

Muslims and American Popular Culture Anne R. Richards, Iraj Omidvar, 2014-02-10 Offering readers an engaging, accessible, and balanced account of the contributions of American Muslims to the contemporary United States, this important book serves to clarify misrepresentations and misunderstandings regarding Muslim Americans and Islam. Unfortunately, American mass media representations of Muslims—whether in news or entertainment—are typically negative and one-dimensional. As a result, Muslims are frequently viewed negatively by those with minimal knowledge of Islam in America. This accessible two-volume work will help readers to construct an accurate framework for understanding the presence and depictions of Muslims in American society. These volumes discuss a uniquely broad array of key topics in American popular culture, including jihad and jihadis; the hejab, veil, and burka; Islamophobia; Oriental despots; Arabs; Muslims in the media; and mosque burnings. *Muslims and American Popular Culture* offers more than 40 chapters that serve to debunk the overwhelmingly negative associations of Islam in American popular culture and illustrate the tremendous contributions of Muslims to the United States across an extended historical period.

You Didn't Hear It From Us Dushan Zaric, Jason Kosmas, 2006-11-07 Two legendary bartenders tell women what their girlfriends can't and what their brothers, fathers, and shrinks won't: the truth about men, making an impression, and getting what they want most of life.

Living Memory Jillian R. Cavanaugh, 2012-06-28 *Living Memory* investigates the complex question of language and its place at the heart of Bergamasco culture in northern Italy. • Integrates extensive participant observation with sociolinguistic data collection • Reveals the political and social dynamics of a national language (Italian) and a local dialect (Bergamasco) struggling for survival • Introduces the original concept of the “social aesthetics of language”: the interweaving of culturally-shaped and emotionally felt dimensions of language-choice • Written to be accessible to students and specialists alike • Part of the Blackwell Studies in Discourse and Culture Series

Persian Calligraphy Mahdiyeh Meidani, 2019-09-04 This book is an exploratory adventure to defamiliarize calligraphy, especially Persian Nastaliq calligraphic letterforms, and to look beyond the tradition that has always considered calligraphy as pursuant to and subordinate to linguistic practices. Calligraphy can be considered a visual communicative system with different means of meaning-making or as a medium through which meaning is made and expression is conveyed via a complex grammar. This study looks at calligraphy as a systematic means in the field of visual communication, rather than as a one-dimensional and ad hoc means of providing visual beauty and aesthetic enjoyment. Revolving around different insights of multimodal social semiotics, the volume relies on the findings of a corpus study of Persian Nastaliq calligraphy. The research emphasizes the way in which letterforms, regardless of conventions in language, are applied as graphically meaningful forms that convey individual distinct meanings. This volume on Persian Nastaliq calligraphy will be inspirational to visual artists, designers, calligraphers, writers, linguists, and visual communicators. With an introduction to social semiotics, this work will be of interest to students and scholars interested in visual arts, media and communication, and semiotics.
