Beefcake and Mistakes Judi Fennell,2015-01-28 Big Mistakes Come in Small Packages... Bryan Lassiter never knew he had a son—until the day he sees little Trevor Corrigan in the grocery store. Those distinctive violet eyes, that hair, that birthmark... Remembering his own feelings about being adopted, this owner of BeefCake, Inc. and sometime exotic dancer craves the connection with the one person on the planet who shares his genes. Of course, Trevor's mom has pretty nice “jeans” as well, igniting a craving for a different kind of connection. Or reconnection, in spite of Bryan not remembering their first night together. But the proof is standing there in front of him, so it must have happened. Right? ...So do fabulous gifts... On her deathbed, Trevor's mother signed custody of her baby over to her half-sister, Jenna Corrigan. Since then, Jenna has worked hard to build a good life for the boy who's become the center of her world. Conceived by mistake after a one-night stand, Trevor's birth certificate lists his father as “unknown.” As far as Jenna's concerned, he can stay that way. But one look at Bryan could lead Jenna to making the biggest mistake of her life. Those distinctive violet eyes, that hair, those come-kiss-me lips... Falling in love could be the biggest mistake of all... When Bryan mistakes Jenna for a hooker and she realizes he's Trevor's father, the mistakes and misunderstandings begin growing. But something else is also growing between them, too. Sometimes, one wrong turn can be oh so right...

It Gives You Strength Philip Raymond Brown ,2020-08-17 New York. 1926. On a rescue mission to the primitive planet Earth, an alien scientist Tashan Zho, is transported into the dying body of bootlegger, Ryan Costello. Upon his death, Costello's body is reanimated by the alien, and endowed with supernatural powers. Unfortunately, the body is so damaged from years of alcohol abuse that the alien's memory and vital files are corrupted. All that remains of his mission plan is one phrase: "Find the one called Mike Kelly." Complicating matters, the alien soon discovers that Kelly is the leader of a criminal gang of World War One veterans, who are in a gang war with mobster Jack "Legs" Diamond for control of the lucrative Canada/New York rum-running market. Upon recognizing Costello's enhanced abilities and physical strength, Kelly forces the alien into his mob. Since Kelly is his only chance of discovering and completing his mission, the alien agrees. Zho soon learns his crucial task - to free an alien child from the infamous Craig Colony before his home world dispatches its "rescue armada." A force so massive that its mere entry into the Earth's atmosphere would devastate the planet. The story, a mashup of historical fiction, science fiction, and fantasy, is set in upstate New York during prohibition. The fictional characters interact with actual historical figures, including mobster Jack "Legs" Diamond, heavyweight champ Jack Dempsey, and World War One heroine Edith Cavell. Historical and sports fiction readers will fly through this book.... -Independent Book Review It has been a while since I enjoyed a book this much. It's a well written sci-fi fantasy with perfect pacing. -Emerald Book Reviews A rip-roaring blend of space opera, history, and fantasy, this is entertainment at its best. A must-read! -The Prairies Book Reviews

Ignore It! Catherine Pearlman, PhD, LCSW,2017-08-08 This book teaches frustrated, stressed-out parents that selectively ignoring certain behaviors can actually inspire positive changes in their kids. With all the whining, complaining, begging, and

negotiating, parenting can seem more like a chore than a pleasure. Dr. Catherine Pearlman, syndicated columnist and one of America's leading parenting experts, has a simple yet revolutionary solution: Ignore It! Dr. Pearlman's four-step process returns the joy to child rearing. Combining highly effective strategies with time-tested approaches, she teaches parents when to selectively look the other way to withdraw reinforcement for undesirable behaviors. Too often we find ourselves bargaining, debating, arguing and pleading with kids. Instead of improved behavior parents are ensuring that the behavior will not only continue but often get worse. When children receive no attention or reward for misbehavior, they realize their ways of acting are ineffective and cease doing it. Using proven strategies supported by research, this book shows parents how to: - Avoid engaging in a power struggle - Stop using attention as a reward for misbehavior - Use effective behavior modification techniques to diminish and often eliminate problem behaviors Overflowing with wisdom, tips, scenarios, frequently asked questions, and a lot of encouragement, Ignore It! is the parenting program that promises to return bliss to the lives of exasperated parents.

On Being Human Jennifer Pastiloff,2019-06-04 An inspirational memoir about how Jennifer Pastiloff's years of waitressing taught her to seek out unexpected beauty, how hearing loss taught her to listen fiercely, how being vulnerable

allowed her to find love, and how imperfections can lead to a life full of wild happiness. Centered around the touchstone stories Jen tells in her popular workshops, *On Being Human* is the story of how a starved person grew into the exuberant woman she was meant to be all along by battling the demons within and winning. Jen did not intend to become a yoga teacher, but when she was given the opportunity to host her own retreats, she left her thirteen-year waitressing job and said “yes,” despite crippling fears of her inexperience and her own potential. After years of feeling depressed, anxious, and hopeless, in a life that seemed to have no escape, she healed her own heart by caring for others. She has learned to fiercely listen despite being nearly deaf, to banish shame attached to a body mass index, and to rebuild a family after the debilitating loss of her father when she was eight. Through her journey, Jen conveys the experience most of us are missing in our lives: being heard and being told, “I got you.” Exuberant, triumphantly messy, and brave, *On Being Human* is a celebration of happiness and self-realization over darkness and doubt. Her complicated yet imperfectly perfect life path is an inspiration to live outside the box and to reject the all-too-common belief of “I am not enough.” Jen will help readers find, accept, and embrace their own vulnerability, bravery, and humanness.
