**Nimona** ND Stevenson, 2015-05-12 Now a Netflix animated film! *Nimona* is the New York Times bestselling graphic novel sensation from ND Stevenson, based on his beloved and critically acclaimed web comic. Kirkus says, "If you're going to read one graphic novel this year, make it this one." Nemeses! Dragons! Science! Symbolism! All these and more await in this brilliantly subversive, sharply irreverent epic from ND Stevenson. Featuring an exclusive epilogue not seen in the web comic, along with bonus conceptual sketches and revised pages throughout, this gorgeous full-color graphic novel has been hailed by critics and fans alike as the arrival of a "superstar" talent (NPR.org). *Nimona* is an impulsive young shapeshifter with a

knack for villainy. Lord Ballister Blackheart is a villain with a vendetta. As sidekick and supervillain, Nimona and Lord Blackheart are about to wreak some serious havoc. Their mission: prove to the kingdom that Sir Ambrosius Goldenloin and his buddies at the Institution of Law Enforcement and Heroics aren't the heroes everyone thinks they are. But as small acts of mischief escalate into a vicious battle, Lord Blackheart realizes that Nimona's powers are as murky and mysterious as her past. And her unpredictable wild side might be more dangerous than he is willing to admit. **Reconceptualizing Early Career Teacher Mentoring as Reggio-Inspired** Christina Hanawalt, Brooke Hofsess, 2023-04-20 *Reconceptualizing Early Career Teacher Mentoring as Reggio-Inspired* presents an innovative approach to early career art teacher mentoring informed by both the philosophy of Reggio Emilia and an ontology of immanence while simultaneously illuminating the experiences of the teacher-participants as co-inquirers within the contemporary milieu of public education in the United States. Readers are invited to travel with a group of teacher educators and early career PK-12 art teachers across a four-year journey to experience the evolving nature of a collaborative inquiry through mentoring-as-research, the Teacher Inquiry Group (TIG). The authors share significant insights regarding what it means to be an early career art teacher--especially in an educational climate steeped in neoliberal agendas, standardization, and accountability--and make potent suggestions for re-visioning entrenched approaches to mentoring and professional learning that better account for the inherent complexities of teaching in schools. Advocating for more complex understandings regarding teacher subjectivity and the contextual forces at work in schools, the authors provoke an expanded vision of how mentoring can be imagined, practiced, and lived in current educational contexts. The authors employ key orientations grounded in the Reggio Emilia philosophy to reimagine an under-researched and undertheorized area of study in art education---early career teacher mentoring--that has implications for teachers at all levels and across all disciplines. This volume is essential reading for scholars and professionals across the fields of art education, teacher preparation, teacher education, and mentoring. It will appeal to educational researchers, K-12 practitioners, teacher educators, and administrators working with new teachers, as well as those interested in mentoring, Reggio Emilia, professional learning and development, art and aesthetic education, and emergent, process-oriented research methodologies.

**Never Know Your Place** Martin Naughton, 2024-03-11 Every young person is looking for freedom, but some have to fight harder than others ... In 1960s Ireland there was a special place for disabled children: behind the walls of an institution,

cut off from the rest of society. At just nine years old, Martin Naughton was one of these children. Along with his younger sister Barbara he was sent to a Dublin institution, far away from his Irish-speaking home in Spiddal. But Martin wouldn't be sidelined. With the help of some unexpected characters – and an unlikely encounter with his Celtic Football heroes – he began to change the way a generation of young disabled people saw themselves. This is the story of a boy who not only won his own independence, but also led the fight for freedom for all disabled people. 'Martin was a formidable and tireless campaigner for the right of people with disabilities to live in their own communities and homes.' President Michael D. Higgins 'Martin Naughton was a protector, a leader, a gamechanger. In reading this narration of his life, tears filled my eyes.' Dr Rosaleen McDonagh, playwright, rights activist and author of *Unsettled*.

**The Wild Mandrake** Jason Jobin,2023-08-29 On the cusp of adulthood, a young writer's life is stalled as he faces cancer that keeps coming back. Doctors used to tell him he was cured. That was a long time ago. Ever since he first left home at age nineteen, writer Jason Jobin has had cancer. Every five years, like clockwork, it relapses, and yet he always pulls through, surrounded by friends and family but isolated by illness. Chemotherapy, surgeries, radiation — these persist, but they aren't the milestones of his life. They can't be, he won't let them be. From helicoptering into the Yukon backcountry to teaching in an elite writing program, Jason strives to enter adulthood with some normalcy, but his is the life of "a special case." And he does live. He lives working at a deli for minimum wage as his students come down the hill to shop and ask what he's doing there. He lives measuring out nausea pills and benzos while his roommates drink and smoke and party. He lives lying to girlfriends about past diagnoses because what can you say? What do you build on rubble? He lives high and low and in between. Again he is sick, again he is cured. It's miraculous. A great gift. But never enough. Told in short glimpses, this story redefines what it means to survive. Jobin brings together the illuminated moments of loss and joy as he navigates chronic illness and builds from it something new and wildly unexpected.
