Michael Slowik

The Complete Lyrics of Oscar Hammerstein II Oscar Hammerstein II, 2008-11-25 From every “beautiful mornin’” to “some enchanted evening,” the songs of Oscar Hammerstein II are part of our daily lives, his words part of our national fabric. Born into a theatrical dynasty headed by his grandfather and namesake, Oscar Hammerstein II breathed new life into the moribund art form of operetta by writing lyrics and libretti for such classics as *Rose-Marie* (music by Rudolf Friml), *The Desert Song* (Sigmund Romberg), *The New Moon* (Romberg) and *Song of the Flame* (George Gershwin). Hammerstein and Jerome Kern wrote eight musicals together, including *Sweet Adeline*, *Music in the Air*, and their masterpiece, *Show Boat*. The vibrant *Carmen Jones* was Hammerstein’s all-black adaptation of the tragic opera by Georges Bizet. In 1943, Hammerstein, pioneer in the field of operetta, joined forces with Richard Rodgers, who had for the previous twenty-five years taken great strides in the field of musical comedy with his longtime writing partner, Lorenz Hart. The first Rodgers and Hammerstein work, *Oklahoma!*, merged the two styles into a completely new genre—the musical play—and simultaneously launched the most successful partnership in American musical theater. Over the next seventeen years, Rodgers and Hammerstein wrote eight more Broadway musicals: *Carousel*, *Allegro*, *South Pacific*, *The King and I*, *Me and Juliet*, *Pipe Dream*, *Flower Drum Song*, and *The Sound of Music*. They also wrote a movie musical (*State Fair*) and one for television (*Cinderella*). Collectively their works have earned dozens of awards, including Pulitzers, Tonys, Oscars, Grammys, and Emmys. Throughout his career, Hammerstein created works of lyrical beauty and universal feeling, and he continually strove—sometimes against fashion—to seek out the good and beautiful in the world. “I know the world is filled with troubles and many injustices,” he once said. “But reality is as beautiful as it is ugly . . . I just couldn’t write anything without hope in it.” All of his lyrics are here—850, more than a quarter published for the first time—in this sixth book in the indispensable Complete Lyrics series that has also brought us the lyrics of Cole Porter, Lorenz Hart, Ira Gershwin, Irving Berlin, and Frank Loesser. From the young scribe’s earliest attempts to the old master’s final lyric—“*Edelweiss*”—we can see, read, and, yes, sing the words of a theatrical and lyrical genius.

Cole Porter's You Never Know Cole Porter, 2001 This romantic musical comedy is set in Paris in 1929. Filled with delightful, witty Cole Porter songs, the story takes place one summer evening in Baron Rommer's elegant penthouse suite at the Hotel Ritz. The baron and his butler switch identities so that the butler can pursue a woman he believes is a lady of a

much higher class. It transpires that she is actually a maid in the service of Mme. Baltin, a high society figure who has captured the baron's heart. Her jealous husband and a Baker like actress headlining at the Follies Bergere round out the cast of this door slamming farce with wonderful songs and dancing.

The Troubadour's Tale Ann Swinfen,2021-11-22 A treacherous journey, a band of desperate rogues, a shocking, hidden truth. When Nicholas Elyot and his friends set out to spend the Christmas season in the country, they are prepared for a hard journey in winter weather. They are also wary of violence on the road, for these are troubled times after the Great Pestilence, when bands of dispossessed and desolate men roam the countryside of England. It is not surprising, therefore, when troubadours hired to provide entertainment at Leighton Manor are attacked in Wychwood. Yet why should this insignificant group draw the attention of outlaws... what could they be searching for? Is one of the troubadours not quite what he seems? A thrilling addition to the pulse-pounding medieval mystery series, perfect for fans of C. J. Sansom, Edward Marston and Paul Doherty.

What You See Is What You Hear Dario Martinelli,2020-01-01 What You See Is What You Hear develops a unique model of analysis that helps students and advanced scholars alike to look at audiovisual texts from a fresh perspective. Adopting an engaging writing style, the author draws an accessible picture of the field, offering several analytical tools, historical

background, and numerous case studies. Divided into five main sections, the monograph covers problems of definitions, history, and most of all analysis. The first part raises the main problems related to audiovisuality, including taxonomical and historical questions. The second part provides the bases for the understanding of audiovisual creative communication as a whole, introducing a novel theoretical model for its analysis. The next three part focus elaborate on the model in all its constituents and with plenty of case studies taken from the field of cinema, TV, music videos, advertising and other forms of audiovisuality. Methodologically, the book is informed by different paradigms of film and media studies, multimodality studies, structuralism, narratology, "auteur theory" in the broad sense, communication studies, semiotics, and the so-called "Numanities." What You See Is What You Hear enables readers to better understand how to analyze the structure and content of diverse audiovisual texts, to discuss their different idioms, and to approach them with curiosity and critical spirit.

After the Silents Michael Slowik, 2014-10-21 Many believe Max Steiner's score for King Kong (1933) was the first important attempt at integrating background music into sound film, but a closer look at the industry's early sound era (1926-1934) reveals a more extended and fascinating story. Viewing more than two hundred films from the period, Michael Slowik launches the first comprehensive study of a long-neglected phase in Hollywood's initial development, recasting the history of film sound and its relationship to the Golden Age of film music (1935-1950). Slowik follows filmmakers' shifting combinations of sound and image, recapturing the volatility of this era and the variety of film music strategies that were tested, abandoned, and kept. He explores early film music experiments and accompaniment practices in opera, melodrama, musicals, radio, and silent films and discusses the impact of the advent of synchronized dialogue. He concludes with a reassessment of King Kong and its groundbreaking approach to film music, challenging the film's place and importance in the timeline of sound achievement.

Tin Pan Alley. The period surveyed is generally regarded as the golden age of American songwriting. Provides historical information on Broadway, movie musicals, original cast LP albums, and the movement toward integration of song and plot in the stage and screen musical.

The Last Battleground Philip Gerard, 2019-02-05 To understand the long march of events in North Carolina from secession to surrender is to understand the entire Civil War — a personal war waged by Confederates and Unionists, free blacks and the enslaved, farm women and plantation belles, Cherokees and mountaineers, conscripts and volunteers, gentleman officers and poor privates. In the state's complex loyalties, its sprawling and diverse geography, and its dual role as a home front and a battlefield, North Carolina embodies the essence of the whole epic struggle in all its terrible glory. Philip Gerard presents this dramatic convergence of events through the stories of the individuals who endured them — reporting the war as if it were happening in the present rather than with settled hindsight — to capture the dreadful suspense of lives caught up in a conflict whose ending had not yet been written. As Gerard reveals, whatever the grand political causes for war, whatever great battles decided its outcome, and however abstract it might seem to readers a century and a half later, the war was always personal.

Popular Song in the First World War John Mullen, 2018-09-18 What did popular song mean to people across the world during the First World War? For the first time, song repertoires and musical industries from countries on both sides in the Great War as well as from neutral countries are analysed in one exciting volume. Experts from around the world, and with very different approaches, bring to life the entertainment of a century ago, to show the role it played in the lives of our ancestors. The reader will meet the penniless lyricist, the theatre chain owner, the cross-dressing singer, fado composer, stage Scotsman or rhyming soldier, whether they come from Serbia, Britain, the USA, Germany, France, Portugal or elsewhere, in this fascinating exploration of showbiz before the generalization of the gramophone. Singing was a vector for patriotic support for the war, and sometimes for anti-war activism, but it was much more than that, and expressed and constructed debates, anxieties, social identities and changes in gender roles. This work, accompanied by many links to online recordings, will allow the reader to glimpse the complex role of popular song in people's lives in a period of total war.
