

El Canguro Tiene Fecundacion Interna O Externa

L Reisser

Biología Neil A. Campbell, Jane B. Reece, 2007 Resumen: Esta séptima edición es la revisión más ambiciosa desde el origen del libro-una nueva especie de libro de texto, con varias adaptaciones evolutivas producidas por la modificación del ambiente de los cursos de biología y por el progreso sorprendente de las investigaciones en biología. Por estas modificaciones adaptativas son aún ciertas en lo que respecta a los dos valores de enseñanza complementaria presentes en el núcleo de cada edición de Biología. En primer lugar, se ha equipado cada capítulo con un armazón de conceptos claves que ayudarán a los estudiantes a conservar los detalles en su lugar. En segundo lugar, se ha propuesto a los estudiantes en el interrogante científico mediante una combinación de diversos ejemplos de investigación de los biólogos y oportunidades para que los estudiantes planteen y resuelvan sus preguntas por sí mismos.
