*Happiness, God and Man* Christoph Schoenborn, 2011-02-02 All human beings want to be happy. The longing for happiness does not have to be learned, it is innate. And it can hardly be unlearned. For we never simply acquiesce in unhappiness. Christian faith, the Christian way of life, and the imitation of Christ are understood to be signposts pointing the way to happiness. Upon this depends their credibility and their attractiveness. The highly regarded teacher, writer and pastoral churchman, Cardinal Schonborn, talks about man's happiness, small and great, about happiness as it is supposed to be and as it is discovered. He explains what it means to say that all human beings are created for happiness. His insightful writings are centered on meditations about happiness and also about the deeper meaning of love and friendship. Yet the Archbishop of Vienna also discusses the essential questions of faith, including reflections on the Name of God as seen in Scripture, on dealing with the tragedies of modern times, consolation for the sorrowful and on the spiritual roots of western civilization. In addition he discusses the importance of literature, and how it addresses the deeper questions about life, as demonstrated in his literary discussions of the works by C. S. Lewis, Gertrud von Le Fort and William Shakespeare. He shows how their works give witness to a happiness that overcomes all darkness through suffering, trials and especially forgiveness.

*The Westminster Collection of Christian Quotations* Martin H. Manser, 2001-01-01 This absorbing anthology includes insightful sayings from major figures in Christian history, as well as from the Bible, making it an ideal companion for every stage of the spiritual journey.

Others make the pursuit of wealth their ultimate goal. After all, they believe that money can buy everything. Some seek fame and fortune, admiring the celebrities whose smiling and happy faces are splashed all over the magazines, the Internet, and on televisions. They live glamorous lives and seem to be happy and to have it all. People want to be like them and live like them. Do they accomplish their goals? Are they truly happy? The book delves into these various attempts. The book also examines the life of King Solomon and his pursuit of happiness. He was reputed to be the wisest and richest monarch of his era. He tried various means, applied various methods, and did several things, but did he succeed in his quest? What are the things he did? What are his conclusions? What advice does he have for us today? The book makes it all plain. The book arrives at a conclusion. The final answers. What are these? What are the various ways and means of achieving happiness in our lives? The
