La publicidad local Rafael López Lita, 2004 This volume deals with the new local media that have recently appeared, and with the setting up of new local advertising agencies together with all the factors that will shape the future of the local advertising sector.

Marketing Gary Armstrong, Philip Kotler, 2003 Written for courses in Principles of Marketing at four-year and two-year colleges, this shorter overview aims to help students master the basic principles and practices of modern marketing in an enjoyable and practical way. Its coverage balances upon three essential pillars - (1) theory and concepts; (2) practices and applications; and (3) pedagogy - cultivating an efficient, effective teaching and learning environment. This sixth edition provides revised content throughout, and reflects the major trends and forces that are impacting marketing in this new, connected millennium. It includes new thinking and expanded coverage on a wide variety of topics, for example: relationship marketing; connecting technologies; the company value chain; value-delivery networks; and global marketing.

Publicidad on line Rafael Ordozgoiti, Rafael Ordozgoiti de la Rica, 2010-07-26 Aunque el nacimiento de la red se produjo a fines de la llamada década prodigiosa (los años '60), cuando se conectaron dos computadoras de la Universidad de California en Los Ángeles y de Stanford, en Menlo Park, Internet se desarrolla masivamente veinte años después de su aparición, a partir del lanzamiento por Berners-Lee de la world wide web en 1991. La Red es el mayor centro comercial del mundo, con tiendas que están abiertas las 24 horas del día, 365 días al año. Un gigantesco centro comercial que vende de todo: productos, servicios, ideas, creencias, contactos. Un centro comercial donde sólo algunos clientes saben a qué tienda van, mientras que la mayoría, para no perderse, pide ayuda en un stand a la entrada que dice "buscadores". Un centro comercial donde también se va a mirar y ser mirado y donde se puede conocer gente: las redes sociales. Gente a la que les gusta compartir sus experiencias en las tiendas de este centro comercial, y contar lo bien o mal que les han tratado, así que las tiendas deben andarse con ojo. Y las campañas publicitarias, también, evitando los formatos invasivos y la saturación de mensajes. El reto de la publicidad on line es adaptarse a los gustos del consumidor del nuevo milenio, que exige campañas más participativas, más divertidas, más inteligentes. Los autores revisan detalladamente el proceso de creación de las campañas on line, desde las nuevas exigencias técnicas que plantea la Red al briefing hasta los formatos disponibles: text links, botones, interstitial, las variantes de rich media y por supuesto el formato rey: los vídeos), sin olvidar los formatos en la

T.V. on line (PRE-ROLLS, SMARTOVERLAYS, SMARTROLLS). Pasa luego a analizar las líneas creativas, con especial énfasis en las de nueva creación, como el advergaming y las plataformas donde pueden ubicarse las campañas: sitios web (incluyendo las herramientas de análisis, como Google Analytics, web optimizer y web trends, wreport, etc.), las redes de afiliación, los buscadores, correo electrónico, móviles, i-pods y otros dispositivos portátiles site-links, mapas, blogs, foros y wikis y por supuesto, las redes sociales. En los últimos capítulos se exponen los conceptos de medios on line, criterios de compra de publicidad on line, así como las fuentes de información sobre inversiones en la Red. El libro concluye con una amplia relación de las URL's necesarias para acceder a toda la información relevante sobre publicidad on line. Índice El viento sopla on-line.- e-Marketing.- Etapas en la creación de una campaña publicitaria.- Formatos.- Líneas creativas.- Plataformas.- Medios.- Anexos.- Glosario de términos.

Prácticas de marketing y estudios en los mercados de consumo, 2024-06-26 El marketing está presente en la cotidianidad del ser humano, inmerso en la vida habitual del individuo al navegar en redes sociales, en las calles, mientras se traslada a su centro de trabajo, en los alimentos que consume y en los lugares que visita. En este sentido, las organizaciones advierten los cambios que presenta el entorno para dar una respuesta mediante la generación de satisfactores acordes a las necesidades y deseos que demandan los mercados de consumo. De esta forma las prácticas contemporáneas de marketing, los mercados de consumo y las propuestas de valor contribuyen al desarrollo de la economía de las empresas, por esto se vuelve relevante analizarlas desde distintas perspectivas. Las prácticas del marketing expuestas en esta obra abordan temáticas diversas que van desde el análisis del marketing de nostalgia, en postres tradicionales en el ámbito local, hasta la identificación de factores en el comercio transfronterizo de alimentos de la región, pasando por

estudios de localización de restaurantes, la caracterización de influencers gastronómicos en Sonora y el uso del merchandising en productos con sellos de advertencia. En la presente publicación se abordan diferentes escenarios del consumidor desde la óptica del marketing, en los cuales se observan diversas estrategias que en el transcurrir del tiempo han evolucionado y se han fusionado con enfoques éticos y de sustentabilidad. Comunicación integrada de marketing Antonia Estrella Ramón, Cristina Segovia López, 2016-02-04 La comunicación de marketing es la variable del mix de marketing que está experimentando más cambios, fruto de los avances en las nuevas tecnologías de la información y las comunicaciones. Por ello, el presente manual trata de dar una visión actual, completa y didáctica de las diferentes variables y herramientas disponibles dentro del mix de comunicación de marketing de una forma integrada y planificada. La visión integrada viene de la mano de un primer capítulo centrado en definir, analizar y reflexionar sobre la Comunicación Integrada de Marketing (CIM), su sentido, y cómo conseguir dicha integración. Así mismo, en el resto de capítulos se enfatiza la relevancia de la CIM y se aportan ideas creativas para implementarla. La visión planificada viene de la mano del segundo capítulo que presenta la importancia de la planificación en la organización, y muy en especial la planificación de marketing centrada en la comunicación como una forma de poder hacer realidad el concepto de la CIM. En el resto de capítulos se abordan una serie de variables del mix de comunicación que poseen especial relevancia para el mundo empresarial, por su cercanía y facilidad de implementación, tales como el marketing promocional, el marketing de bases de datos y directo, la comunicación online (englobando herramientas como la web de la empresa, la publicidad display, el posicionamiento en buscadores, el marketing de afiliación, o el marketing a través del móvil), y el marketing a través de blogs y redes sociales. Se trata de herramientas que fundamentalmente se ejecutan a través del canal online, por lo que con la ayuda de este manual, cualquier gestor de marketing podrá ponerlas en práctica. Finalmente, se dedica un capítulo a completar el proceso de planificación de la CIM a través del análisis de las métricas digitales procedentes de la analítica web. Índice El mix de Comunicación Integrada de Marketing.- El proceso de planificación de la Comunicación Integrada de Marketing.- Marketing promocional.- Marketing de bases de datos y marketing directo.- Comunicación online.- Marketing en redes sociales.- Fase de control del plan de comunicación utilizando la analítica web.

Eso está bien. Porque con los anuncios de Facebook, puede aprovechar la tecnología altamente sofisticada de espionaje social y creación de perfiles personales que Mark Zuckerberg trajo a la mesa. Periodismo de marcas Carlos J. Campo, 2016-06-30 El periodismo de marcas es para unos pocos. Da lo mismo si se trata de enormes marcas multinacionales o de pequeñas denominaciones muy especializadas o muy locales. Es para una selectísima minoría y, además, es periodismo puro y duro. Hoy, con el descrédito de la publicidad, la desintermediación de la información, el desengaño tecnológico y la pérdida de la ingenuidad de las audiencias, se ha creado el escenario perfecto para desarrollar un periodismo que pretende una influencia todopoderosa. Este tratado actualiza los modos de este periodismo, abordando su sustrato teórico. Discrimina el contenido de marca de la acción periodística. Desmiente la antitética conceptual de periodismo y marca en una misma expresión. Y desvela, desde la experiencia, cómo fundar la redacción de marca, diseñar la línea editorial y ejercerlo cotidianamente. La marca que lo use se cotizará más. Y la corporación que evolucione con él logrará unos resultados económicos aún mejores.
