Browsing Nature's Aisles Wendy Brown, Eric Brown, 2013-10-01 This guide to suburban foraging shares the “inspiring journal of one family’s effort to break free from manufactured foods and transition to . . . wild fare” (Thomas J. Elpel, author, *Botany in a Day*). As part of their commitment to increasing self-reliance and resiliency, Wendy and Eric Brown decided to spend a year incorporating wild edibles into their regular diet. Their goal was to use native flora and fauna to help bridge the gap between what their family could produce and what they needed to survive. The experience fundamentally changed their definition of food. Packed with a wealth of information on collecting, preparing, and preserving easily identifiable wild edibles found in most suburban landscapes, *Browsing Nature's Aisles* is the story of one suburban family's adventures in wild foraging. This unique and inspiring guide is a must-read for those who wish to enhance their food security by availing themselves of the cornucopia on their doorstep.

THE COMPLETE DODO TRILOGY: Dodo - A Detail of the Day, Dodo's Daughter & Dodo Wonders E. F.

Benson, 2017-08-07 This carefully edited collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices. *Dodo Trilogy* is composed of three novels by E.F. Benson. His very first novel, *Dodo: A*

Detail of the Day (1893), which featured a portrait of the composer and militant suffragette Ethel Smyth (which she gleefully acknowledged, according to actress Prunella Scales) was back then fashionably controversial and became an instant success. He repeated the success of Dodo, with the same cast of characters a generation later: Dodo the Second (1914), a unique chronicle of the pre-1914 Bright Young Things and Dodo Wonders (1921), a first-hand social history of the Great War in Mayfair and the Shires. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial Dodo, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of Dodo, with sequels to this novel, but the greatest success came relatively late in his career with The Mapp and Lucia series consisting of six novels and two short stories. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories.
