Vegetarian Times, 1992-01 To do what no other magazine does: Deliver simple, delicious food, plus expert health and lifestyle information, that's exclusively vegetarian but wrapped in a fresh, stylish mainstream package that's inviting to all. Because while vegetarians are a great, vital, passionate niche, their healthy way of eating and the earth-friendly values it inspires appeals to an increasingly large group of Americans. VT's goal: To embrace both.

Behind These Doors Chanting Hare Krishna Alice Miaolian Baskous, 2014-07-18 This is the author's third volume of collected poetry and falls under the category of religious verse, yet many poems talk about the fate of women in society and what happens when innocent girls fall by the wayside. The last narrative poem, entitled The Monks of Saint Mark's Street, is actually inspired by Keats' fragment by the name of St. Mark's Eve, which he did not finish before his death. She wrote these poems with strong misgivings about the ethical state of societies today, superficial media culture and materialism, pornography, and female sexual harassment. Other poems are meant to praise God and Creation, and a number of them are about friendship....

Contributions explore the manifold ways in which new religions have contributed to humanity's creative output.

Quiet Food John Strydom, 2005 From fast food to slow food to quiet food

Animal Crackers Hannah Tinti, 2007-12-18 With bravura storytelling, daring imagination, and fierce narrative control, this dazzling debut introduces that rare writer who finds humanity in our most unconventional behavior, and the humor beneath our darkest impulses. In these ten strange, funny, and unnerving stories, animals become the litmus test of our deepest fears and longings. In the title story, an elephant keeper courts danger from his gentle charge; in “Miss Waldron’s Red Colobus,” a headstrong young woman in Africa is lured by the freedom of the monkeys in the trees; in “Talk Turkey,” a boy has secret conversations with the turkeys on his friend’s family’s farm; in “Slim’s Last Ride,” a child plays chilling games with his pet rabbit; in “Gallus Gallus,” a pompous husband projects his anger at his wife onto her prized rooster. This fresh, inventive debut will introduce Hannah Tinti as one of the most gifted writers of her generation. Enter her world at your own risk, and you will come away bewitched.

Laugh And Learn Project Management Dr. Hare Krishna Chandrasekaran, 2022-05-23 Projects succeed-projects fail. This is because there is no definite formula for success in any project. When attempting to do something, be it a small task, an assignment or innovation, a set procedure has to be followed. In a project, the number of factors involved are far too many, and it is always a complex situation. If due care is not given to the project, it fails. The definition of failure varies with perspective. However, three factors stand out: cost overrun, time overrun and the original intentions of the project being lost en route. With finality, we can say that these factors fit in snugly in IT projects. It is particularly apt in a project, if the client who originally mooted the proposal says, "This is not what I wanted". This is the tune sung by many IT clients and almost always, they are justified. Project failure is a multi-headed dragon which may take any shape it wants. It can be a spaceship for Mars crashing into the ocean, or the Titanic, ramming onto an iceberg; an airport ending up as big as a city, or a road project hitting a huge roadblock. It can be a cathedral, half-finished, or a hydro-electric project ending up with lakhs of displaced families. With big projects, the chances of failure are higher. There are projects with outlays of even billions of dollars. Thus, failure of space missions is understandable. Strangely, construction of a simple park also has failed sometimes.

The Slightly True Story of Cedar B. Hartley, who Planned to Live an Unusual Life Martine Murray, 2003 In the tradition of BECAUSE OF WINN-DIXIE and THE BEAN TREES comes a novel that charms and amazes, with a voice that draws you in like a warm-hearted charismatic friend. Cedar B. Hartley is exasperating and potentially infamous. She steps on cracks. She plans to live an unusual life. She is the winner of her school's Bat Pole Championship, (which she made up). She misses her brother Barnaby, who ran away, and who sends her postcards from all over the country. And she's definitely a hopeless winker -- both eyes go at once, like a blink. But Cedar B. Hartley has potential. She knows the difference between touching and touching on a couch. She knows the long distance between an idea and the real thing. And she has a green thumb for people, like Ricci, the
