How to use "more" as adjective and adverb Apr 26, 2016 · When "more" is used before adjective or adverb as "inconvenient" in your example, it is an adverb whose primary function is to modify the following word. However, when it is used before a noun (or sometimes after a noun), it is used as a determiner or adjective. For example: I need more money. More context is required. I need something more (to eat). In the above ... **What's a professional synonym for "would love to"?** May 11, 2016 · The "love" in "I would love to" has little to do with the "love" in "I love you"; the second one is expressing a personal emotion that is (arguably) unprofessional, while the first one is expressing enthusiasm for an event or an activity. "I love my job" or "I love making clients happy", when spoken without sarcasm, are exceedingly professional. *idioms - 'more to the point'—means what, precisely?* - English ... Oct 9, 2024 · 0 Internet sources differ when it comes to the semantics of English 'more to the point'. My question here: Does it mean 'more precisely' or rather 'more importantly' or even 'additionally', essentially? So there might be some cases where the word isn't quite the perfect match, whereas "great" is more universal (mostly meaning "good" although there is a smaller implication of being "large", using "great" to mean "good" about something "small" would typically seem just fine). *Does "more than 2" include 2?* - English Language Learners ... Apr 30, 2021 · In technical document in English, I read sentence of "more than 2". I usually just understand it as "two or more" since we generally translate it as similar sentence in Korean. (in Korean, there are *When to use "more likely" and "most likely" in a sentence* I am having a difficulty on what is the proper usage of more likely and most likely. Is there any way to remember the difference between these two phrases easily? On the following sentences below, *personal pronouns - "than her" versus "than she"* - English ... Aug 23, 2018 · It is a well known fact that Alex is more soft-spoken than (she/her). Why would "her" be wrong? Why must the sentence end with "she"? *word usage - 'more smooth' or 'more smoother'? Which is right* ... Apr 18, 2019 · You can say "more smooth", or "smoother". Both are fine and mean exactly the same thing. But beware of trying to combine them, and saying "more smoother"! Many will say that a formulation like that is wrong. *"It would be appreciated if you can let us know when can we* ...
