The English Legal System Alisdair Gillespie, Siobhan Weare, 2023 Lively and engaging coverage that gives students the confidence to analyse, evaluate, and critique the law. An engaging guide to the English legal system which helps students new to law develop a critical legal mind. Presenting and critiquing the law in a lively style, this text invites students to question, analyse, and evaluate. New to this edition: Revisions on sections dealing with devolution, cautions, and the new training requirements for solicitors and barristers. A new section on plea and improper pressure to plead guilty. Examination of how the courts and legal processes adapted to the COVID pandemic. Discussion of the effect of the proposed Bill of Rights, and also a step towards withdrawal from the European Convention on Human Rights. Digital formats and resources. The ninth edition is available for students and institutions to purchase in a variety of formats, and is supported by online resources. The e-book offers a mobile experience and convenient access along with functionality tools, navigation features and links that offer extra learning support: www.oxfordtextbooks.co.uk/ebooks

The English Legal System Gary Slapper, David Kelly, 2009 Assisting students of the English legal system to achieve an understanding of the law, its institutions and processes, this edition sets the law and legal system in its social context and outlines a range of critical views.

Equity & Trusts: Text, Cases, and Materials Paul S. Davies, Graham Virgo, 2013-05-30 A complete guide to equity and trusts in a single volume, with clear author introductions and analyses of the law while the extracts from cases and materials promote the development of essential case reading skills and allow for detailed appreciation of the practical workings of the law and the best of legal scholarship.

Research Handbook on Unjust Enrichment and Restitution Elise Bant, Kit Barker, Simone Degeling, 2020-07-31 This comprehensive yet accessible Research Handbook offers an expert guide to the key concepts, principles and debates in the modern law of unjust enrichment and restitution.

English Legal System Ryan Murphy, Frances Burton, 2020-03-31 This book offers a modern, contemporary and innovative approach to the core curriculum, offering clear explanations to clarify the material without oversimplification. Carefully developed learning tools are used to help students to build their knowledge of the legal system of England and Wales; moreover, all the materials needed by a reader new to legal education are here in one place. English Legal System will also help students to translate knowledge successfully to an assessment situation (whether examination, tutorial preparation or coursework) through the acquisition and development of key skills such as problem solving and application, critical reasoning and evaluation, and research and referencing. The text has been written with the changes to legal education envisaged by the Solicitors Regulation Authority and Bar Standards Board in mind. The focus throughout will be on recent and key case law and contemporary real-life examples, bringing the subject alive and helping students to understand the foundations on which the law in England and Wales is based. The key pedagogic features seek to embed those legal skills within the context of the content on the legal system. The associated website provides a comprehensive learning environment that will provide further illumination of the text and graphics and that caters for a number of different learning styles with additional video and audio content.

Vitiation of Contractual Consent Peter MacDonald Eggers, 2016-09-13 The validity of a contract can be undermined by factors affecting contractual consent. Issues of contractual validity frequently arise for consideration in all types of litigation, not least commercial disputes. This book provides practitioners and academics with an invaluable reference tool, which will enable them to navigate the complex issues of vitiation of contract. When contractual disputes arise, there are a variety of vitiating factors which may be relied on to undermine a contract's validity. This book provides a comprehensive examination of all the factors vitiating contractual consent from fraud, misrepresentation, non-disclosure, and mistake, to duress, undue influence, unconscionable bargains, and includes chapters on incapacity and unfairness. Each chapter gives a thorough account of the law on each of these vitiating factors, together with an overview of the remedies available. The book's introduction considers the theoretical foundations of the law in this area. The book will be an invaluable reference tool for lawyers involved in all types of contractual disputes. It will also be a useful reference for academics and postgraduate students of commercial law.

Legal Skills Emily Finch, Stefan Fafinski, 2017 The best-selling legal skills textbook in the market, Legal Skills is the essential guide for law students, encompassing all the academic and practical skills in one manageable volume. It is an ideal text for students new to law, helping them make the transition from secondary education and giving them the skills they need to succeed from the beginning of their degree, through exams and assessments and into their future career. The first part covers 'Sources of Law' and includes information on finding and using legislation, ensuring an understanding of where the law comes from and how to use it. The second part covers 'Academic Legal Skills' and provides advice on general study and

writing skills. This part also includes a section on referencing and avoiding plagiarism amongst a number of other chapters designed to help students through the different stages of the law degree. The third and final part is dedicated to 'Practical Legal Skills'; a section designed to help develop transferable skills in areas such as presentations and negotiations that will be highly valued by future employers. The text contains many useful features designed to support a truly practical and self-reflective approach to legal skills including self-test questions, diagrams and practical activities. Students are given the opportunity to take a 'hands on' approach to tackling a variety of legal skills from using cases to negotiation. Each skill is firmly set in its wider academic and professional context to encourage an integrated approach to the learning of legal skills. Legal Skills is accompanied by an innovative Online Resource Centre offering a full range of resources including: - Video clips of good and bad 'real life' moots in action bring the subject to life - Guidance on practical exercises and questions from the book so students can test themselves on essay writing, problem solving, revision and exam skills and compare against example answers with commentary - Lecturers can track student progress using an online bank of 200 multiple choice questions offering immediate answers and feedback that can be customised and loaded on to a university VLE

Contractual Obligations in Ghana and Nigeria U. U. Uche, 2014-04-23 First Published in 1971. This study is a comparative investigation of contractual obligations in Ghana and Nigeria. It has often been suggested that the law of civil responsibility in West Africa is the same as the current English law position on the subject. This book sets out to examine the basis of this assumption, an exercise which has never been attempted by any previous writer in West African law. The study has been divided into five major parts.

The Three Paths of Justice Neil Andrews, 2018-05-08 This revised second edition takes account of developments in the field of dispute resolution, including mediation and arbitration. The book presents a concise account of the English system of civil litigation, covering court proceedings in England and Wales. It is an original and important study of a system which is the historical root of the US litigation system. The volume offers a comprehensive and properly balanced account of the entire range of dispute resolution techniques. As the first (revised) book on this subject to be published in the USA, it enables American lawyers to gain an overview of the main institutions of English Civil Procedure, including mediation and arbitration. It will render the English system of civil justice accessible to law students in the US, practitioners of law, professors, judges, and policy-makers.

English Civil Justice after the Woolf and Jackson Reforms John Sorabji, 2014-06-26 John Sorabji examines the

theoretical underpinnings of the Woolf and Jackson reforms to the English and Welsh civil justice system. He discusses how the Woolf reforms attempted, and failed, to effect a revolutionary change to the theory of justice that informed how the system operated. It elucidates the nature of those reforms, which through introducing proportionality via an explicit overriding objective into the Civil Procedure Rules, downgraded the court's historic commitment to achieving substantive justice or justice on the merits. In doing so, Woolf's new theory is compared with one developed by Bentham, while also exploring why a similarly fundamental reform carried out in the 1870s succeeded where Woolf's failed. It finally proposes an approach that could be taken by the courts following implementation of the Jackson reforms to ensure that they succeed in their aim of reducing litigation cost through properly implementing Woolf's new theory of justice.

Legal Systems & Skills J. Scott Slorach, Judith Embley, Peter Goodchild, Catherine Shephard, 2017 This innovative text offers a combined approach, covering legal systems, skills, and employability to provide an academic and practical foundation for the study of law and life as a professional.

A Companion to Western Legal Traditions, 2023-12-28 This volume offers an extensive introduction to Western legal traditions from antiquity to the twentieth century. Drawing from a variety of scholarly writings, both in English and in translation, thirteen leading scholars present the current state of western legal history research and pave the way for new debates and future study. This is the ideal sourcebook for graduate students, as it enables them to approach the key questions of the field in an accessible way. Contributors are: Aniceto Masferrer, C.H. (Remco) van Rhee, Seán P. Donlan, Stephan Dusil, Gerald Schwedler, Jean-Louis Halpérin, Jan Hallebeek, Agustín Parise, Heikki Pihlajamäki, Dirk Heirbaut, Bernd Kannowski, Adolfo Giuliani, Olivier Moréteau, and Jacques Vanderlinden.
