

Church 5 Year Strategic Plan

Philip Wiehe,Linda McFadden

Church and Ministry Strategic Planning R. Henry Migliore,Robert E. Stevens,David L. Loudon,1994 Spiritual management is required for spiritual organization, and yet a ministry's master plan should be the Master's plan for that ministry. Church and Ministry Strategic Planning assists readers in developing a Biblically based blueprint for carrying out the many activities in which the church or ministry is involved. The authors show clearly how careful planning is inspired by the Scriptures (Suppose one of you wants to build a tower. Will he not first sit down and estimate the cost to see if he has enough money to complete it?--Luke 14:28) and how it improves making decisions today which ultimately affect the ministry's effectiveness tomorrow. Church and Ministry Strategic Planning covers all areas of this type of planning and can be read and reviewed quickly. Through the use of a model of the strategic planning process, the authors show how to develop mission statements, define strategic objectives, develop strategy options and operating strategies, appraise performance, and monitor strategic planning. Readers are led step-by-step through these key areas of creating a strategic plan. Examples and worksheets at the end of each chapter enable pastors, administrators, and lay leaders to develop a strategic plan fitting to their specific ministry or church. The appendixes provide tools used in planning as well as a complete sample strategic plan for a large church. Put these concepts to immediate use in decisionmaking and pursue God's purpose and vision for the church or ministry. If readers take the time and effort to study this book, apply its format, and prayerfully keep God in every step of the plan, here is what the authors believe plan administrators can expect: 1. A sense of enthusiasm in the church or ministry 2. A 5-year plan in writing to which everyone is committed 3. A sense of commitment by the entire church to its overall direction 4. Time for the leaders to do what they have been called to do 5. Clear job duties and responsibilities 6. Clear and evident improvement in the health and vitality of every member of the church staff 7. Measurable improvement in the personal lives of all those in responsible positions with time for vacations, family, and personal pursuits 8.The ability to measure very specifically, the growth and contribution made by senior pastors or evangelists at the close of their careers 9. Guaranteed leadership of the church or ministry because a plan is in place--in writing--and is understood. Even more importantly, a management team and philosophy will be in place to guide the church or ministry into its next era of growth Explore this Biblical perspective on planning and develop a strategic plan that is systematic and continuous and allows the church or ministry to assess its market position, establish goals, objectives, priorities, and strategies to be completed within

specified time periods, achieve greater staff and member commitment and teamwork aimed at meeting challenges and solving problems, and muster its resources to meet these changes through anticipation.

The Effective Church Board Michael J. Anthony, 2000-10-11 Are you a recently elected church board member who hasn't received training for your new position? Are you a current board member disillusioned by negative experiences and interpersonal conflicts? Education specialist Michael Anthony asked a cross-section of almost a hundred pastors and church officers, in addition to staff members and denominational officials, to give their input about what is happening in church boards across America. The results of the survey were compiled into a comprehensive handbook that addresses topics such as: -Developing a vision statement -Writing job descriptions -Setting long- and short-range goals -Facing financial storms -Resolving interpersonal conflicts -Reviving a declining church This unique, multi-denominational training resource emphasizes developing a team structure. It can be used for individual instruction, group discussions, and orientation sessions. The case studies clearly identify situations and leadership experiences common to many church boards.

Subverting Resistance to Social Justice and Diversity Education Andy J. Johnson, April Vinding, 2023-05-27 This compact book is constructed using psychological theory and research to empower university faculty to facilitate student engagement and address student resistance to diversity and social justice education more effectively. University faculty teaching diversity and social justice have traditionally encountered various forms of student resistance. Recent cultural trends of political opposition to teaching critical race theory and other forms of increased polarization and scapegoating with decreased levels of social tolerance have exacerbated challenges in promoting student engagement in diversity and social justice education in universities and colleges. In contrast to traditional models that tend to be confrontational in addressing student biases, the new Moving Towards Social Justice (MTSJ), Relational Partnership Development Model (RPDM) and process theoretical models seek to build on appropriate pre-existing strengths, interests, values, and the developmental readiness of students who might otherwise oppose learning about the contexts, lives, and predicaments of marginalized persons living in various intersections of gender, race, ethnicity, national origin, immigration status, sexual orientation, gender identity and ability/disability status. Emphasis is placed on the development of professional and life skills, such as wisdom and intercultural competence, which provide incentives and remove barriers to learning about social justice and diversity. Project-based learning approaches grounded in a developmental framework to foster the thriving and well-being of diverse students, collaborative partners in the community, and diverse persons served by the community partners are emphasized. The role of empirical assessment, feedback, and program refinement over time is also delineated within the models.

Subverting Resistance to Social Justice and Diversity Education: Constructive Approaches with Undergraduate Students is an indispensable and timely resource for university and college instructors who teach courses or have significant portions of a class that involve education around social justice, diversity, and intersectionality issues, such as cross-cultural psychology, multicultural psychology, social work, sociology, intercultural communication, and counseling or clinical practice with individuals or families from diverse social locations. University officers of diversity, faculty development providers, and other administrators interested in empowering university faculty to increase student engagement in social justice and diversity education also would find the book a useful reference.

When Better Isn't Enough Jill M. Hudson, 2004-02-01 Many sociologists and a growing number of church scholars have noted that we live in a time of transition—from the modern era to the postmodern. Whenever a shift of this magnitude occurs, it leaves all of life, including the church, in flux. We instinctively strive to stabilize the situation by re-establishing what has worked in the past. Increasingly, however, congregations are finding that the same old things done harder or better don't seem to make a difference. Author Jill Hudson argues, We must identify new criteria for success, and perhaps even for faithfulness, and hold ourselves accountable to them. Approaching the postmodern era as a tremendous opportunity, Hudson identifies 12 characteristics by which we can measure effective ministry for the early 21st century. Based on those 12 criteria, Hudson has created evaluation tools, an early measuring stick, to help congregations evaluate their work in this new era. Not everything of the past is ineffective and best discarded, she says, nor will everything we try in the future be successful. But by faithfully listening for God's guidance and carefully evaluating progress using Hudson's tools, looking at the ministry of the whole people of God as well as that of the professional staff, congregations can improve their ministry, help members and staff grow in effectiveness, deepen a sense of partnership, and add new richness to the dialogue about the congregation's future.

Church Unique Will Mancini, 2010-06-15 Written by church consultant Will Mancini expert on a new kind of visioning process to help churches develop a stunningly unique model of ministry that leads to redemptive movement. He guides churches away from an internal focus to emphasize participation in their community and surrounding culture. In this important book, Mancini offers an approach for rethinking what it means to lead with clarity as a visionary. Mancini explains that each church has a culture that reflects its particular values, thoughts, attitudes, and actions and shows how church leaders can unlock their church's individual DNA and unleash their congregation's one-of-a-kind potential.

The approach is positive and practical; the tone is conversational and engaging.

The Routledge Handbook of Megachurches Afe Adogame, Chad M. Bauman, Damaris Parsitau, Jeaney Yip, 2024-05-07

The Routledge Handbook of Megachurches provides a survey of global megachurch phenomena, with an international slate of authors introducing existing and emerging research on a wide variety of relevant topics. Over the past decade, the field of megachurch studies has matured and become global in its scope and orientation. The Handbook offers 33 chapters by top scholars in the field, focusing in particular on: The location, demographic nature, and transnational connections of megachurches. Megachurch worship, hermeneutics, and theology (in theory and practice). Megachurch institutional dynamics. The various ways that megachurches have both influenced and been influenced by their social contexts in terms of class, age, gender, sexuality, and pop culture. The Handbook's interdisciplinary orientation makes it essential reading for sociologists, political scientists, anthropologists, media specialists, pop culture observers, business strategists, leadership consultants, marketing analysts, scholars of religion, and Christian historians, theologians, and missiologists. Experienced scholars of megachurches will gain valuable insight into aspects of megachurch research beyond their own specializations. Scholars new to the field will find the chapters useful as signposts for where to begin their own academic exploration. Christian pastors and laypeople will learn more about this increasingly prominent and influential form of their faith.

Up Periscope Dr. Eddie Hare Jr., 2021-03-16 The purpose of this project is to share my story and encourage other ministry leaders in their work with the church. The calling to follow Jesus is easier said than done. Conflict isn't pleasant, but it is necessary. Church ministry in today's environment is like running a corporation. Conflict and crisis arise in every ministry. As in the corporate world, people are the greatest assets. Exploring how to deal with difficult, combative, complacent, and evil people is a true reality. From the pulpit, it is often said that God will not call you to do anything He has not equipped you for. Nevertheless, it is also prudent to develop your leadership skills to deal with numerous aspects of church ministry. God never promised us this life would be easy, but He is bigger than any storm we face in this world. And He's always working for our good, even in the places where we can't see, even in the circumstances that we don't fully understand. It's hard to put a storm, periscope, and the idea of building something together unless you are in a submarine on a covert or clandestine mission in which the periscope rises to check out the landscape. This is a strange analogy to try and put together; nevertheless, we need to up our periscope, build a solid foundation and know that the only thing that will last is that which is done for the kingdom of God.

Constructing Blue Collar Leaders in a White Collar World LaMar Herndon, 2018-03-06 In Constructing Blue-Collar Leaders in a White-Collar World . . . Dr. LaMar Herndon considers a group of leaders often overlooked and occasionally denigrated-the-bivocational pastor. Constructing Blue Collar Leaders in a White Collar World integrates important theoretical leadership concepts with spiritual and practical realities. Dr. Herndon explores important topics such as trends and issues facing the global church and its leaders, leadership models, values and ethics, character and integrity, cultural effects, creativity and innovation, reverse mentoring, and strategic planning. This book is a profoundly honest hands-on guide

to what constitutes a true leader serving as a bivocational minister. -Dr. Gary Oster Regent University School of Business & Leadership, Virginia Beach, VA Down through my thirty plus years of education, ministry, and leadership I have read many books on the subject of leadership. Some have challenged me and inspired me, but none have done so at the level of *Constructing Blue Collar Leaders in a White Collar World*. As a State Minister, I work with many bivocational and blue collar Pastors. I will be using Dr. Herndon's book as a primary resource to assist me in working with those Pastors in challenging and inspiring them in their leadership development. -Dr. Darryl Allen State Minister KY Church of God Ministries, Adjunct Professor at Nazarene Bible College & Mid-America Christian University It [*Constructing Blue-Collar Leaders in a White-Collar World*] is an excellent presentation of leadership issues every pastor needs to understand to some degree. The chapter on Values and Ethics is worth the price of the book. Thanks for sharing the results of your many hours of study and hard work. -Ray Gilder National Coordinator Bivocational and Small Church Leadership Network, Bivocational Small Church Ministries Specialist Tennessee Baptist Convention Dr. LaMar Herndon presents leadership from a very down to earth and practical approach. This book seeks to help the bivocational church leader be effective while balancing these two worlds. I believe this book needs to be in every pastor, minister, and leaders library; whether bivocational or not. -Rev. Jewel D. Williams, M.R.E. Shepherding Movement S. David Moore, 2004-04-08 An engaging history of the Shepherding Movement, an influential and controversial expression of the charismatic renewal in the 1970s and 1980s. This neopentecostal movement, led by popular Bible teachers Ern Baxter, Don Basham, Bob Mumford, Derek Prince and Charles Simpson, became a house church movement in the United States. The Shepherding Movement is a case study of an attempt at renewing church structures. Many critics accused the movement of being authoritarian because of its emphasis on submission to a personal pastor or shepherd as they termed it.

The Generous Church Tom Berlin, 2016-04-04 Our possessions can create unbearable weight and affect our ability to serve and thrive. How do we defy gravity and find freedom? In this 4-week small group study and stewardship campaign, pastor and author Tom Berlin explores what is required to sustain a vibrant life, what we need versus what we want, and what we can do to avoid being pulled into the orbit of materialism. The Generous Church helps the pastor and leadership team think strategically about financial planning and giving beyond the annual campaign vision. Tom Berlin believes and teaches that the church, in order to inspire generosity in individuals, needs to be seen and understood as generous. People will embrace giving if they see the ways their gifts are used in the community and the world. Generous church... generous people. Sermon helps and fresh illustrations will be included, broken down into four segments: Think About It - How do I think through the key aspects of our church's financial reality and plan? Communicate It - How do we tell our story so the whole congregation shares a vision who we are, what we do, and what changes we can make in the world with our people and resources. Plan It - What's the short-term campaign plan, the annual plan, and our long-term plan for the financial and spiritual life of our congregation? Manage It - How do we set up processes, reports, goals, and metrics to stay true to our plan?
