Statistiques de finances publiques : Guide d'établissement à l'usage des pays en développement International Monetary Fund. Statistics Dept.,2011-09-14 L'ouvrage Statistiques de finances publiques : Guide d'établissement à l'usage des pays en

développement représente une nouvelle approche que le Département des statistiques (STA) du FMI a élaborée pour aider les pays en développement à établir leurs statistiques de finances publiques (SFP) conformément aux directives du Manuel de statistiques de finances publiques 2001 (Manuel SFP 2001). Ce Guide traite tout particulièrement de questions intéressant les pays en développement. Il repose sur nos nombreuses années d'expérience en matière d'assistance technique et de formation en faveur des pays membres, abordant les problèmes courants auxquels ils sont confrontés et répondant à des questions qui sont fréquemment soulevées. Des exemples, graphiques et tableaux aident le lecteur à comprendre les sujets traités.
