

Quotes About May Day

John Brand

Mayday, I'm Fallen Ross Chadwick, 2008 Because of the Fall and Original Sin, Christians inevitably face all kinds of spiritual trouble, similar to the life-threatening tragedies that firefighters daily battle. Author and Fire Chief Ross Chadwick names Christianity as extremely hazardous and dangerous, where Christians daily face risky situations that threaten their very spiritual survival and thus begs the question, 'When we get into trouble, how will we survive the raging fires?' Mayday, I'm Fallen offers ten practical tips for spiritual survival modeled after common firefighting safety tactics. Not only do these tips aid the Christian in survival, but they also offer vital information on being a true disciple of Christ. Stop scraping by on your own. When life gets tough yell out, 'Mayday, I'm Fallen, ' to your loving Savior, waiting to bring you back to safe standing

Mayday Olivia Dade, 2016-05-10 Passion Between The Stacks Helen Murphy loves her supportive family, her close-knit circle of friends, and her part-time job at the library. What she doesn't love: the fact that she's a thirty-six-year-old near-virgin who lives in her parents' house. Eager to move out and reclaim her independence at long last, she's determined to get the

library's new Community Outreach Coordinator position. Even if that means working side-by-side with the one man she desperately wants to avoid--Niceville's ambitious mayor Wes Ramirez, who happens to be her only previous lover, and the source of her greatest humiliation... Wes needs to make up for his disastrous one-night--actually, make that one-hour--stand with deliciously nerdy librarian Helen. As they plan the city's upcoming May Day celebrations together, he'll try to prove he can do better, in bed and out. It may take every bit of his creativity and determination, but their budding romance has already gone down in flames once . . . and he'll be damned if he'll let Helen go a second time.

Mayday Mayday Lowell Green,2013-05-22 Lowell Green presents a powerful, persuasive, well-documented and incredibly well researched argument for a substantial reduction in Canada's yearly intake of immigrants and refugees, and an immediate halt to multiculturalism. Lowell minces no words in demonstrating how immigration has changed from the early 1990s - when about four European immigrants arrived here for every non-European - until today, when it is exactly the opposite. He explains how the policies of the Mulroney and Chretien governments opened the immigration floodgates in the 1990s. And how, since then, immigration isn't working for Canada or for the immigrants, many of whom are still on welfare after many years in this country. The evidence that Lowell presents that multiculturalism has become a form of colonization in our major cities, severely straining our social services and infrastructures, is highly controversial but difficult to refute. So, too, his assertion that even as mass immigration and multiculturalism strengthen Quebec's distinct and French language and culture, the rest of Canada is committing cultural suicide. His claim that many of the cultures we are importing are repositories of ignorance, superstition, repression, cruelty and injustice, especially towards women, will infuriate many a bleeding heart!

Search and Rescue Lorna Siggins,2022-05-10 On 13 March 2017, the Rescue 116 crew of Capt. Dara Fitzpatrick, Capt. Mark Duffy, Paul Ormsby and Ciarán Smith took off from Dublin airport just after 2300 hours for a medical evacuation off the west coast. The first indication of disaster came when the crew failed to answer a radio call at 12.46 a.m. At 02.16 hours, sister helicopter Rescue 118 spotted a casualty and debris in the water. There would be no survivors from R116, and extensive searches failed to locate the bodies of two of the four crew. The crash occurred just six months after the loss of another experienced volunteer, Caitriona Lucas from Doolin Coast Guard in Co Clare; and 18 years after the loss of four Air Corps crew who were returning from a night rescue in thick fog off the south-east coast. In Search and Rescue, Lorna Siggins exposes the shocking systemic flaws that led to these tragic deaths, but also looks at successful rescues where, despite all the odds, the courage and dedication of members of the Irish Coast Guard and the volunteers who work with them have saved countless lives, including the dramatic rescue of paddleboarders Sara Feeney and Ellen Glynn off the coast of Clare in 2020.

The Legacy of Supranationalism P. Close,2000-08-22 The doctrine of supranationalism has been most evident in

Europe, but has become increasingly a global tour de force . Supranationalism is the ideological driving force behind the process of European integration and so the European Union, the first supranational regional regime (SRR). But the same doctrine has bequeathed other gifts to the world and to posterity. The EU is evolving as a prominent global player, and as a result appears to have become an inspiration and model for the proliferation of other SRRs and proto-SRRs. However, as SRRs acquire greater power relative to 'traditional' global players such as nation-states, a further state of development has ensued, entailing the creation of supranational global regimes (SGRs), signalled by the progress of the United Nations and the World Trade Organisation.

Mayday! M. Nora Klaver, 2008-12 Do you know the etymology of the word mayday? It comes from the French m'aidez (pronounced much like the English word mayday). It literally translates to "help me." Whenever we use the word or send out a mayday signal, that's literally what we mean: help me. Mayday is the international call signal for distress used by ships and aircraft that are in the midst of the most severe circumstances. Because of this, the word mayday sometimes denotes hopelessness or desperation. People tend to cry mayday when they've reached their own personal threshold of despair. Why wait until we hit that point of desperation? Why not see the word mayday as an everyday request for help? Why not cry mayday for the small things like help with the laundry or with a report that is due? It is possible. We can view the intimidating act of asking for help as a gesture of hope and optimism and not one of despair and misery. There are a number of valid reasons why we don't ask for the help we need. It's important to know what stops us from doing what we know in our hearts is the right thing to do. So, that's where we'll begin: with why we don't ask for the help we deserve. Within Part One of the book, we'll explore why we don't ask, why we should, and the anchoring principles that make the Mayday! process work. Try This sections throughout the book are practical activities that will breathe life into the concepts and principles of the Mayday! process. You might want to set up a word-processing file where you can write your thoughts and comments on the Try This activities. In Part Two of the book, you will discover the seven-step process that will change the way you see and, equally important, perform the act of asking for help. Designed to strengthen and clarify your requests, the Mayday! process will lead you to more profound friendships, greater intimacy, and a life of simplicity, ease, and flow.

Mayday 1971 Lawrence Roberts (Journalist), 2020 1971. Fiery radicals, flower children, and militant vets gathered for the most audacious act in a years-long movement to end America's war in Vietnam: a blockade of the nation's capital. The White House, headed by an increasingly paranoid Richard Nixon, was determined to stop it. Roberts, drawing on interviews, archives, and newfound White House transcripts, recreates these largely forgotten events. It began with a bombing inside the U.S. Capitol-- a still-unsolved case. To prevent the Mayday Tribe's guerrilla-style traffic blockade, the government mustered the military. Riot squads swept through the city, arresting more than 12,000 people. An inspiring story of how our democracy faced grave danger, and survived. -- adapted from jacket

Ezra Pound and the Monument of Culture Lawrence S. Rainey,1991-12-15 In the summer of 1922, Ezra Pound viewed the church of San Francesco in Rimini, Italy, for the first time. Commonly known as the Tempio Malatestiano, the edifice captured his imagination for the rest of his life. Lawrence S. Rainey here recounts an obsession that links together the whole of Pound's poetic career and thought. Written by Pound in the months following his first visit, the four poems grouped as The Malatesta Cantos celebrate the church and the man who sponsored its construction, Sigismondo Malatesta. Upon receiving news of the building's devastation by Allied bombings in 1944, Pound wrote two more cantos that invoked the event as a rallying point for the revival of fascist Italy. These forbidden cantos were excluded from collected editions of his works until 1987. Pound even announced an abortive plan in 1958 to build a temple inspired by the church, and in 1963, at the age of eighty, he returned to Rimini to visit the Tempio Malatestiano one last, haunting time. Drawing from hundreds of unpublished materials, Rainey explores the intellectual heritage that surrounded the church, Pound's relation to it, and the interpretation of his work by modern critics. The Malatesta Cantos, which have been called one of the decisive turning-points in modern poetics and the most dramatic moment in The Cantos, here engender an intricate allegory of Pound's entire career, the central impulses of literary modernism, the growth of intellectual fascism, and the failure of critical culture in the twentieth century. Included are two-color illustrations from the 1925 edition of Pound's cantos and numerous black-and-white photographs.

History Lessons Dan Lynn Watt,2017-07-17 History Lessons traces Dan Lynn Watts journey through childhood in New York during the McCarthy era. He marched on May Day with his war hero father and activist mother, chanting We dont want another war! and Jim Crow must go! At camp, he sang about world peace, freedom, and workers rights. At school, he attempted to hide his familys politics. He takes you inside family struggles against racism and political repression. Disillusioned with communism by the 1960s, he became a civil rights and antiwar activist.

Space-Shuttle, Mayday! Richard Earl Hansen,1996-12-19 This is a book of poetry; about the nuances of romantic love. About the struggle of love. About the surrender of love. About the excitement, myriad passageways and the civil war of love. It's about tender confusion and the invention of love. About formalities and prohibitions that hide the heart and hold us away from love. It's about the map of Brazil discovered in a Santa Fe hotel room.
