The Orthodox Understanding of Salvation Christopher Veniamin, 2023-07-20 The Orthodox Understanding of Salvation brings together some of Dr. Veniamin's talks and articles, hitherto available in relatively little-known theological journals and periodicals, which pertain to the fundamental question of the purpose of human existence, to Salvation, as understood in the age-old and unbroken tradition of the Orthodox Christian Faith - the faith of the Patriarchs, Prophets, Apostles, Martyrs and Saints of our Lord, God and Saviour, Jesus Christ. Dr. Christopher Veniamin is a spiritual child of St. Sophrony the Athonite (1896-1993), a graduate of the Universities of Thessalonica and Oxford, has served as Professor of Patristics at St. Tikhon's Seminary (1994-2023), and as Dean and COO of The Antiochian House of Studies (2015-2020). He is also the author of *The Orthodox Understanding of Salvation: Theosis in Scripture and Tradition*; and *The Transfiguration of Christ in Greek Patristic Literature: From Irenaeus of Lyons to Gregory Palamas With Addendum The Transfiguration of Christ in the Spiritual Homilies of Macarius the Egyptian*. His translation, *Saint Gregory Palamas: The Homilies*, for which he wrote a prodigious number of scholia, is arguably the greatest single-volume commentary on the Bible in Patristic literature.

Orthodoxy and Fundamentalism George E. Demacopoulos, Davor Džalto, 2022-02-21 This book reexamines the concepts of fundamentalism and religious Orthodoxy in the contemporary world. It brings together twelve essays by some of the leading scholars on Orthodox Christianity that explore the relationship between Orthodoxy and fundamentalist ideas and practices, both in countries and regions where Orthodox Christianity has been the dominant and traditional faith, and in the "New World," where Orthodox Christian communities constitute a minority. The main issues that the contributors explore include fundamentalism as a religious and ideological phenomenon, the relationship between fundamentalism, traditionalism and modernity, fundamentalism in the contemporary Orthodox world, fundamentalist responses to the issues of modernization, pluralism, and democracy, Orthodox Christian responses to political liberalism and secularism, and Orthodox theology and the construction of the (fundamentalist) self.

Holy Grounds Tim Schenck,2019-04-02 If you're religious about your coffee, you're in holy company. If you like your coffee with a bit of inspiration, a hint of humor, and a dose of insight, you'll enjoy pouring a mug full of java and curling up with *Holy Grounds*. Popular author and avid coffee drinker Tim Schenck brews just the right blend of the personal and historical as he explores the sometimes amusing and often profound intersection between faith and coffee. From the coffee bean's discovery by ninth-century Ethiopian Muslims to being condemned as Satan's drink by medieval Christians, to becoming an integral part of Passover in America, coffee has fueled prayer and shaped religious culture for generations. In *Holy Grounds*, Schenck explores the relationship between coffee and religion, moving from faith-based legends that have become entwined with the history of coffee to personal narrative. He takes readers on a journey through coffee farms in Central America, a pilgrimage to Seattle, coffeehouses in Rome, and a monastic community in Pennsylvania. Along the way, he examines the power of ritual, mocks bad church coffee, introduces readers to the patron saint of coffee, wonders about ethical considerations for today's faith-based coffee lovers, and explores lessons people of faith should learn from coffeehouse culture about building healthy, authentic community.

Mary the Mother of God St. Gregory Palamas,2023-07-30 *Mary the Mother of God*, the first volume in the series *Sermons* by Saint Gregory Palamas, is a collection of some of the greatest homilies on the Theotokos ever written, including the most celebrated of all Palamas' writings, his sermon "On the Entry of the Mother of God into the Holy of Holies".

Christ, Our Way and Our Life Archimandrite Zacharias Zacharou,2021-11-19 This book is based on my doctoral thesis, entitled *The Actualisation of the Hypostatic Principle in the Theology of Archimandrite Sophrony*, which was submitted at the Faculty of Theology of the University of Thessalonica in 1998. I have wanted since then to proceed to a more complete presentation of Fr Sophrony's teaching. Perhaps even now I have not succeeded fully in this aim, but I have tried at least to set out the basic themes of his theology. I alone am responsible for any imperfections or omissions apparent in this book. For whatever good it may contain, the praise belongs to my ever-memorable Staretz, who is my life's greatest benefactor. Above all, it is to our Lord Jesus Christ, who manifested to us in its perfection the Pattern, the Model, the Length, and Depth, and Height, of the Person of the Father, that glory is due unto all ages. Archimandrite Zacharias Zacharou

Encyclopedia of Christianity in the United States George Thomas Kurian, Mark A. Lamport, 2016-11-10 From the Founding Fathers through the present, Christianity has exercised powerful influence in the United States—from its role in shaping politics and social institutions to its hand in inspiring art and culture. The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play. This masterful five-volume reference work includes biographies of major figures in the Christian church in the United States, influential religious documents and Supreme Court decisions, and information on theology and theologians, denominations, faith-based organizations, immigration, art—from decorative arts and film to music and literature—evangelism and crusades, the significant role of women, racial issues, civil religion, and more. The first volume opens with introductory essays that provide snapshots of Christianity in the U.S. from pre-colonial times to the present, as well as a statistical profile and a timeline of key dates and events. Entries are organized from A to Z. The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world, as well as a select yet comprehensive bibliography. Appendices help readers locate entries by thematic section and author, and a comprehensive index further aids navigation.

Orthodoxy and Philosophy Constantine Cavarnos, 2003-01-01

The Rebirth of African Orthodoxy Thomas C. Oden, 2016-04-05 African orthodoxy today reveals the same powerful faith that was confessed by Athanasius and Augustine seventeen centuries ago. Classic African Christian teaching in the patristic period (100–750 AD) preceded modern colonialism by over a thousand years. Many young African women and men are now reexamining these lost roots. They are hungry for accurate information about their Christian ancestors. Thomas C. Oden asks

readers to recapture the resonance of a consensual orthodoxy, the harmony of voices celebrating the apostolic testimony to God's saving work in Jesus Christ, witnessed to in scripture and understood best by African interpreters of the faith. In ten seminars, Oden invites discerning readers to reclaim and reaffirm Christian faith as it emerges from thoughtful conversations between contemporary and ancient African interpreters of orthodox faith. "This new book by Tom Oden is remarkable and historic. His words challenge the worldwide church to return to the true fountain of living water, Jesus Christ. He specifically encourages us Africans to continue to seek the treasures left to us by our early church fathers and mothers in order to reshape the Christian mind now as they did in the first millennium." -The Most Rev. Dr. Mouneer Hanna Anis, Archbishop of the Episcopal/Anglican Diocese of Egypt with North Africa and the Horn of Africa "A thought-provoking book with factual evidences emphasizing the continuity of global orthodoxy that emanated in Africa and has been nurtured by Africans from the time of Mark the evangelist to the present. People yearning to discover the intellectual and classical African Christian roots will find the book very helpful." -Thomas A. Oduro, President, Good News Theological College & Seminary, Accra, Ghana "While Tom Oden writes about Africans for Africans, *The Rebirth of African Orthodoxy: Return to Foundations* is also addressed to all Christians everywhere who ask, 'What is God doing in the world today?' The author proposes that the clue to what God is doing in the present is to be found in what God has done in the past, for 'the Holy Spirit has a history.' Tom directs us to look to Africa, where the ancient African Christian orthodoxy is being reborn in the African church today, making it a witness to the whole church everywhere." -Timothy W. Whitaker, retired bishop, Florida Conference of The United Methodist Church
