Edward MacDowell's European Piano Music Paul Bertagnolli, 2024-09-10 Edward MacDowell's European Piano Music is a critical study of the piano music that MacDowell composed during his European sojourn (1876-1888), steeped in reception history and with a special emphasis of programmaticism. The book expands current knowledge of MacDowell's childhood in four of the chapters based on his previously uninvestigated sheet music collection, thereby achieving a better balance among the stages of MacDowell's life than is evident in most books of the life-and-works variety. Prolific contemporaneous music criticism, meticulously preserved in MacDowell's scrapbooks, is likewise undervalued in the MacDowell literature, but it furnishes penetrating observations about the expressive and programmatic content of numerous compositions, especially as it was revealed to critics when MacDowell performed his own works. Lastly, the book offers explanations for why MacDowell immersed himself in European culture for decades and then, at a crucial juncture in his career, embraced diverse American heritages and worked toward a conception of a pluralistic music that was American "in a creative sense." The book's content and methodology would appeal most directly to specialists within the broad fields of musicology and music theory, particularly within American art music and its composers; nineteenth-century music; program music; reception history; and piano literature.

**Ennio Morricone** Alessandro De Rosa, 2019-02-01 Master composer Ennio Morricone's scores go hand-in-hand with the idea of the Western film. Often considered the world's greatest living film composer, and most widely known for his innovative scores to *The Good, the Bad, and the Ugly* and the other Sergio Leone's movies, *The Mission*, *Cinema Paradiso* and more recently, *The Hateful Eight*, Morricone has spent the past 60 years reinventing the sound of cinema. In *Ennio Morricone: In His Own Words*, composers Ennio Morricone and Alessandro De Rosa present a years-long discussion of life, music, and the marvelous and unpredictable ways that the two come into contact with and influence each other. The result is what Morricone himself defines: beyond a shadow of a doubt the best book ever written about me, the most authentic, the most detailed and well curated. The truest. Opening for the first time the door of his creative laboratory, Morricone offers an exhaustive and rich account of his life, from his early years of study to genre-defining collaborations with the most important Italian and international directors, including Leone, Bertolucci, Pasolini, Argento, Tornatore, Malick, Carpenter, Stone, Nichols, De Palma, Beatty, Levinson, Almodóvar, Polanski, and Tarantino. In the process, Morricone unveils the curious

relationship that links music and images in cinema, as well as the creative urgency at the foundation of his experimentations with absolute music. Throughout these conversations with De Rosa, Morricone dispenses invaluable insights not only on composing but also on the broader process of adaptation and what it means to be human. As he reminds us, Coming into contact with memories doesn't only entail the melancholy of something that slips away with time, but also looking forward, understanding who I am now. And who knows what else may still happen.

*Encyclopedia of Great Popular Song Recordings* Steve Sullivan,2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.

**Augusta Browne** Bonny H. Miller,2020 Augusta Browne's five-decade career in music and letters reveals a gifted composer and author. Hailed as one of the most prolific women composers in the USA before 1870, Augusta Browne Garrett

(c. 1820-1882) was also a dedicated music educator and music journalist. The Americanness of her story resounds across the decades: an earnest little girl growing up amidst a troubled family business; a young professor of music who burst onto the New York City musical scene; and an entrepreneur who resolutely sought publication of her music and prose to her final day. In *Augusta Browne: Composer and Woman of Letters in Nineteenth-Century America*, author Bonny Miller presents Browne's unfamiliar story, assesses her musical works, and describes her literary publications. Browne's outsider status and self-agency offer a potent narrative that transcends antebellum and Victorian-era norms. She used the public arena of newspapers and magazines as conduits for her work during an era when women were ridiculed for public speaking. And yet in many ways her persona as a tenacious entrepreneur conflicted with her adherence to strict Christian precepts, despite her assertion of woman's equality with man. Making use of recently digitized sheet music as well as archives of newspapers and books of the period, Miller's narrative provides the first-ever comprehensive, nuanced account of this notable life in American music. BONNY H. MILLER is a pianist and independent scholar who has taught at universities in Georgia, Florida, Louisiana, and Virginia.
