

The Landlady Roald Dahl

Jane Dowson

The Landlady (A Roald Dahl Short Story) Roald Dahl, 2012-09-13 The Landlady is a brilliant gem of a short story from Roald Dahl, the master of the sting in the tail. In The Landlady, Roald Dahl, one of the world's favourite authors, tells a sinister story about the darker side of human nature. Here, a young man in need of room meets a most accommodating landlady . . . The Landlady is taken from the short story collection Kiss Kiss, which includes ten other devious and shocking stories, featuring the wife who pawns the mink coat from her lover with unexpected results; the priceless piece of furniture that is the subject of a deceitful bargain; a wronged woman taking revenge on her dead husband, and others. 'Unnerving bedtime stories, subtle, proficient, hair-raising and done to a turn.' (San Francisco Chronicle) This story is also available as a Penguin digital audio download read by Tamsin Greig. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

The Landlady Roald Dahl, 1960 Innocence is coloured with suggestion and innuendo; the cosy comfort of a warm sitting room on a winter's nights laced with the macabre. Young Billy Weaver is looking for a place to stay in the city of Bath and seems to have found the perfect spot, but is the landlady the sweet, friendly and 'slightly dotty' person she appears to be?

Nasty Endings 2 Dennis Pepper, 2001 This collection of stories all have a terrible shock waiting for you, so watch out for the ending -it's nasty!

Roald Dahl Damian Walford Davies, 2016-08-15 Published to mark the centenary of Roald Dahl's (Welsh) birth, *Roald Dahl: Wales of the Unexpected* breaks new ground by revealing the place of Wales in the imagination of the writer known as 'the world's number one storyteller'. Exploring the complex conditioning presence of Wales in his life and work, the essays in this collection dramatically defamiliarise Dahl and in the process render him uncanny. Importantly, Dahl is encountered whole - his books for children and his fiction for adults are read as mutually invigorating bodies of work, both of which evidence the ways in which Wales, and the author's Anglo-Welsh orientation, demand articulation throughout the career. Recognising the impossibility of constructing a monolithic 'Welsh' Dahl, the contributors explore the compound and nuanced ways in which Wales signifies across the oeuvre. *Roald Dahl: Wales of the Unexpected* takes Dahl studies into new territory in terms of both subject and method, showing the new horizons that open up when Dahl is read through a Welsh lens. Locating Dahl in illuminating new textual networks, resourcefully offering fresh angles of entry into classic Dahl texts, rehabilitating neglected Dahl texts, and analysing the layered genesis of (seemingly) familiar works by excavating the manuscripts, this innovative volume brings Dahl 'home' in order to render him invigoratingly unhomey. The result is not a parochialisation of Dahl, but rather a new internationalisation.

Murderous Schemes Donald E. Westlake, J. Madison Davis, 1998-01-29 An anthology of detective fiction with examples of its sub-genres, armchair detective, the locked room and so on. The first is represented by Agatha Christie's *In Blue Geranium*, where the detective solves a crime from a conversation, the second by *The Leopold Locked Room*, in which a policeman is found in a locked room with his wife killed by his gun, but he didn't do it.

Horror Darryl Jones, 2021-06-24 *Very Short Introductions: Brilliant, Sharp, Inspiring* Four o'clock in the morning, and the lights are on and still there's no way we're going to sleep, not after the film we just saw. The book we just read. Fear is one of the most primal human emotions, and one of the hardest to reason with and dispel. So why do we scare ourselves? It seems almost mad that we would frighten ourselves for fun, and yet there are thousands of books, films, games, and other forms of entertainment designed to do exactly that. As Darryl Jones shows, the horror genre is huge. Ranging from vampires, ghosts, and werewolves to mad scientists, Satanists, and deranged serial killers, the cathartic release of scaring ourselves has made

its appearance in everything from Shakespearean tragedies to internet memes. Exploring the key tropes of the genre, including its monsters, its psychological chills, and its love affair with the macabre, this Very Short Introduction discusses why horror stories disturb us, and how society responds to literary and film representations of the gruesome and taboo. Should the enjoyment of horror be regarded with suspicion? Are there different levels of the horrific, and should we distinguish between the commonly reviled carnage of contemporary torture porn and the culturally acceptable bloodbaths of ancient Greek tragedies? Analysing the way in which horror manifests multiple personalities, and has been used throughout history to articulate the fears and taboos of the current generation, Darryl Jones considers the continuing evolution of the genre today. As horror is mass marketed to mainstream society in the form of romantic vampires and blockbuster hits, it also continues to maintain its former shadowy presence on the edges of respectability, as banned films and violent internet phenomena push us to question both our own preconceptions and the terrifying capacity of human nature. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. First published in hardback as *Sleeping with the Lights on*.

Literacy David Wray, 2004 This four-volume collection reprints key debates about exactly what it means to be literate and how literacy can best be taught. Rather than centering on the emotional reaction of mass media debates, this set focuses on research findings into processes and pedagogy. The themes covered include Literacy : its nature and its teaching, Reading - processes and teaching, Writing - processes and teaching and New Literacies - the impact of technologies.

How to Teach Fiction Writing at Key Stage 3 C Neil Macrae, 2013-05-13 How to Teach Fiction Writing at Key Stage 3 is a practical manual to help teachers of 11-14 year-olds to develop effective modeling and scaffolding strategies for the teaching of narrative writing. Using a step-by-step approach, based on the 'word/sentence/text level' convention, the book shows how teachers can help pupils to build work in various genres and to move out from these to more complex writing. Each section has a workshop approach that leads into a narrative writing activity, giving pupils the chance to complete a fully realized piece of work at the end each time. The workshops focus on genre features, the craft of the writer, and specific year-related needs (taken from the KS3 Framework). The book has a clear progression through KS3, and extension and support activities for the most and least able pupils are provided as an integral part of each section.

The Blue Hour Paula Hawkins, 2024-10-29 AN INSTANT INTERNATIONAL BESTSELLER | A GOOD MORNING AMERICA BOOK CLUB PICK | AN INDIGO BEST MYSTERY AND THRILLER BOOK OF 2024 | A CHATELAINE BEST BOOK OF FALL 2024 The spellbinding new novel from the internationally bestselling author of *The Girl on the Train*. Welcome to Eris: An island with only one house, one inhabitant, one way out. Unreachable from the Scottish mainland for twelve hours each day.

Once home to Vanessa: A famous artist whose notoriously unfaithful husband disappeared twenty years ago. Now home to Grace: A solitary creature of the tides, content in her own isolation. But when a shocking discovery is made in an art gallery far away in London, a visitor comes calling. And the secrets of Eris threaten to emerge . . . A masterful novel that is as page-turning as it is unsettling, *The Blue Hour* recalls the sophisticated suspense of Shirley Jackson and Patricia Highsmith, and cements Hawkins's place among the very best of our most nuanced and stylish storytellers.

Kate Bush John Van der Kiste, 2021-02-22 Kate Bush began her career in 1978 at the age of 19 with the single 'Wuthering Heights', inspired by a film adaptation of the Emily Brontë novel, the first No. 1 UK single to be written and sung by a female artist, and the accompanying album 'The Kick Inside', both of which established her as a highly individual talent. She has always preferred the recording studio with live performances and tours having been few and far between, and all her albums have been very successful at home and abroad, her third, 'Never For Ever' (1980), being the first by a female artist to enter the British chart at No. 1. Her eclectic, experimental musical style with its often literary and unconventional lyrical themes has defied easy categorisation, and earned the lasting admiration of fans, fellow performers and music critics alike, while an eclectic roster of guest artists including Eric Clapton, Elton John, Prince and Stephen Fry have appeared on her work. This book provides a thorough examination of the songs on all her singles, albums, and occasional recorded collaborations with other artists.

The Little Book of Belfast Raymond O'Regan, Arthur Magee, 2014-04-01 Did You Know? Belfast's motto is Pro Tanto Quid Retribuamus: 'What shall we give in return for so much?' In 1170, the first Belfast Castle was established in what is now Castle Place. The present castle on Cavehill dates from 1870 and was gifted to the city in 1937. The Belfast News Letter was the first paper outside of America to publish the Declaration of Independence. The Little Book of Belfast is a compendium of obscure, strange and entertaining facts about the city's fascinating past and present. Funny, fast-paced and fact-packed, here you will find out about Belfast's trade and industry, crime and punishment, music, literature and sport, architectural heritage, and its famous (and occasionally infamous) men and women. It covers not only the major elements in Belfast's history but also those unusual, little-known facts that could so easily have been forgotten. A reliable reference and a quirky guide, this book can be dipped into time and again to reveal something new about the people, heritage and secrets of this ancient city.

The Common Core in Action Deborah J. Jesseman, 2015-06-19 This book addresses Common Core State Standard curriculum resources to assist the school librarian in collaborating with classroom teachers. Librarians are being asked to understand the Common Core State Standards (CCSS) and their implications to programming and instruction, as well as to

collection development planning. Using lesson plans originally published in *School Library Monthly*, this title builds upon them, adding many additional plans that address CCSS issues. The plans will help you implement the standards and can also be used as stepping stones to facilitate planning conversations and collaboration with teachers to co-teach lessons correlated with the standards. The book begins with an overview of the CCSS—what they are, how are they different from the content standards, and what the implications are for schools where the state has adopted them, including what the CCSS mean for collection development. It then goes on to explore the opportunities the CCSS present for the school librarian, looking at how you can become a leader in employing the process. The majority of the book is devoted to reproducible lesson plans, organized by curricular area or topic and grade level for ease of use.

Carol Ann Duffy Jane Dowson, 2016-05-17 This is the only monograph to consider the entire thirty-year career, publications, and influence of Britain's first female poet laureate. It outlines her impact on trends in contemporary poetry and establishes what we mean by 'Duffy-esque' concerns and techniques. Discussions of her writing and activities prove how she has championed the relevance of poetry to all areas of contemporary culture and to the life of every human being. Individual chapters discuss the lyrics of 'love, loss, and longing'; the socially motivated poems about the 1980s; the female-centred volumes and poems; the relationship between poetry and public life; and poetry and childhood and written for children. The book should whet the appetite of readers who know little of Duffy's work to find out more, while providing students and scholars with an in-depth analysis of the poems in their contexts. It draws on a wide range of critical works and includes an extensive list of further reading.

Bridging the Chasm Ray Gosa, 2020-07-20 This book contains some of the most powerful and effective gap-bridging units. What makes them gap-bridging is not their physical composition alone; but rather, it is their tandem use and application. There are essentially three components to the units: a vocabulary list, complete with part of speech and denotations; a grammatically incorrect short story that features the same vocabulary words from the first component list; and a set of comprehension / discussion questions that focus back to the short story. When protocols are followed, these exercises are enormously effective! My students have grown tremendously over the years!
