Allah - 99 Names and Their Meanings Ahmad Shaheer Usmani,2019-02-22 The 99 names of Allah are also known as His attributes. In Islam's Holy book, The Quran, Allah has revealed His 99 names or attributes. Prophet Muhammad SAW said, Allah has ninety-nine names, i.e. one-hundred minus one, and whoever knows them will go to Paradise. This book is an humble effort to list the names of Allah along with their meanings.

Sun Like Thunder W. Harold Fuller,2015-07-15 High adventures across Earth's most strategic continent Result of 15 years of research and writing, W. Harold Fuller's latest book comes out as the world's spotlight swings from the West to Asia. Third in his Sun Triad, Fuller's 12th book reflects 50 years of editing and writing, as well as leading seminars on six continents. Fuller was a founding member of the Association of Evangelicals of Africa, vice-chair of World Evangelical Alliance, executive member of Evangelical Fellowship of Canada (EFC), and member of Secretaries of Christian Communities (Geneva) as well as correspondent for The Christian Herald, Christianity Today, and others. (See also Run While the Sun is Hot, 1967 (Africa) and Tie Down the Sun, 1990 (South America). Fuller was editor-in-chief of African Challenge, SIM's SIM Now, and several vernacular publications. Moody Press selected his first travelog, Run While the Sun Is Hot, for its Book of the Month Club (1968). In 1991, EFC awarded first prize to his second travelog, Tie Down the Sun. EFC's magazine, Faith Today, also awarded Fuller its 1996 Leslie K. Tarr Award in recognition of outstanding contribution to the field of Christian writing. Sun Like Thunder combines historical research, missiological insight, and journalistic skill to impel readers through Asia's revolutionary history and the gospel's regenerating impact to unwrap Asia's mysteries. With honesty, he handles such topics as Islam, cross-cultural missions, and the Far East's rising competition with the West. Many surprises challenge reader preconceptions.

Islamic Marketing Čedomir Nestorović,2016-05-28 This book analyzes the current Islamic marketing environment. Since the Muslim world is extremely diverse in terms of economic development, customs and traditions and political and legal systems, it is vital for companies and marketers to analyze the environment before attempting to address these markets. The author emphasizes that it is ineffectual to elaborate the distribution and promotion strategies if the market does not exist in terms of purchasing power or demographics, if potential consumers do not believe that products and services answer their needs and demands or if there are political and legal barriers to companies wanting to enter these

markets. The book offers detailed insights into the economic, socio-cultural, and politico-legal environment in the Muslim world, which are essential for marketers to understand and form the foundations of effective marketing strategies.

Unveiling God: Martin Parsons, 2005-06-01 "Muslim responses to Christianity down the ages have been shaped by diverse factors. One of the primary stumbling blocks has been Muslim misperceptions of Christian core beliefs about the person of Jesus and the nature of God. This study includes a practical example of contextualization which should provide great insights to Christians who are trying to explain their faith to Muslims in diverse contexts." -Peter G. Riddell, Professor of Islamics; Director, Centre for Muslim-Christian Relations

Pi-Dog Miracle Jonathan Turner, 2014-04-04 Benjamin Carpenter, a gifted Bible teacher and church planter, is still recovering from his wife's death five years ago. Leaving the United States to develop a training program for church leaders in Pakistan helps him regain purpose in life. However, he discovers that teaching and living in a different culture also makes him vulnerable. He runs short of food and money. He faces ridicule and false accusations. And he's drawn the attention of someone who is willing to kill both him and his students. Donish Ullah is a radical Muslim dedicated to the spread of Islam. However, he is in disgrace for acting against the wrong target. When the leader of his Madrissah directs him to spy on Benjamin, Donish jumps at the chance to redeem himself. He plants bugs in Benjamin's home and classroom hoping to catch him in blasphemy, only to find that he's trapped himself in a moral dilemma.

The Handbook of International Psychology Michael J. Stevens, Danny Wedding, 2005-07-05 World events have raised pressing questions of psychology as it is practiced all over the globe. The Handbook of International Psychology chronicles the discipline of psychology as it evolves in different regions, in the hope of reducing the isolated, parochial, and ethnocentric nature of the American profession. It surveys the history, methodology, education and training, and the future of psychology in nine distinct regions across six continents. They represent long histories in the field, such as the United States and the United Kingdom, emerging practices, such as Uganda, Korea and Spain, the lesser-known philosophies of China and histories marked by massive social change, as in Poland and Iran. The editors have carefully selected contributors, as well as an editorial board created especially for this project. Each chapter follows a uniform outline, unifying the volume as a whole, but allowing for the cultural diversity and status of psychology in each country.

The Meaning of the Holy Qur'an, 2015-08-15 The Qur'an is the inimitable and direct Word of God. It was revealed to the Prophet Muhammad over twenty-three years, who faithfully transmitted it to humanity in the seventh century. Since then the text and meaning of the Qur'an has been preserved, word for word, exactly as it was fourteen hundred years ago. It is a Book of Guidance for all mankind with a central message of God's Oneness. Yet, it has several layers of meaning and beauty that are easily lost in translation. This splendid translation, originally prepared in 1934, aimed to help readers understand the meaning of the Qur'an but also to appreciate its beauty and catch something of the grandeur of the Arabic. This is a compact and revised edition of Abdullah Yusuf Ali's translation of The Meaning of the Holy Qur'an in modern English. It contains the complete translation of the Qur'anic text and retains essential notes of Yusuf Ali's exhaustive commentary on the Qur'an, which enables the reader to gain a better understanding of its message and helps to reveal some of the inexhaustible depth of knowledge it contains. One of the most widely-used and known translations of the Qur'an into modern English, with 472 notes and an introduction. Abdullah Yusuf Ali (1872-1953) was an Indian Islamic scholar. In 1938, Yusuf Ali's translation of the Qur'an was published in Lahore. His translation of the Qur'an is one of the most widely-known and used in the English-speaking world. He died in 1953 in London, United Kingdom.

Contemplative Literature Louis Komjathy, 2015-08-31 This is the first theoretically informed and historically accurate comparative anthology of primary texts on meditation and contemplative prayer. Written by international experts on the respective texts and corresponding traditions, Contemplative Literature provides introductions to and primary sources on contemplative practice from various religious traditions. The contributors explore classical Daoist apophatic meditation, Quaker silent prayer, Jewish Kabbalah, Southern Buddhist meditation, Sufi contemplation, Eastern Orthodox prayer, Pure Land Buddhist visualization, Hindu classical Yoga, Dominican Catholic prayer, Daoist internal alchemy, and modern therapeutic meditation. Each introduction to a contemplative text discusses its historical context, the associated religious tradition and literature, the method of contemplative practice, and the text's legacy and influence. Volume editor Louis Komjathy opens the work with a thoughtful consideration of interpretive issues in the emerging interdisciplinary field of contemplative studies. Readers will gain not only a nuanced understanding of important works of contemplative literature, but also resources for understanding contemplative practice and contemplative experience from a comparative and cross-cultural perspective.

The Ecstatic Poetic Tradition D.J. Moores, 2014-05-26 This work is not only a general inquiry into ecstatic states of consciousness and an historical outline of the ecstatic poetic tradition but also an intensive study of five representative poets- Rumi, Wordsworth, Whitman, Dickinson, and Tagore. In a refreshingly original, wide-ranging engagement with concepts in psychology, religion, philosophy, aesthetics, sociology and history, this book demonstrates that the poetics and aesthetics of ecstasy represent an ancient, ubiquitous theory of poetry that continues to influence writers in the current century.
