COMPREHENSIVE COMMUNITY HEALTH NURSING is a readable text offering complete coverage of all major topics in community health nursing from epidemiology and communicable disease to chronic illness and home health nursing. Centered on the family as the basic unit of community, this edition highlights and expands the discussion of aggregates at risk with a new chapter on contemporary health issues including poverty and homelessness, substance abuse, and violence. The text has been thoroughly updated to describe the impact managed care is having on the health care delivery system. The various roles and responsibilities of community health nurses, within a spectrum of non-acute care settings such as schools, businesses and industries, clinics and hospice centers, are clearly described. Provides a complete discussion of U.S. health legislation and health services to help the reader understand the current status of the health care system and access valuable services for their clients. Integrates over 40 case studies to demonstrate application of concepts to practice. Includes standards of practice developed by the American Nurses Association and other bodies for Community Health Nursing, Home Health Nursing, Gerontological Nursing, and more. Uses the nursing process, including nursing diagnosis and intervention, to consistently present care of families, aggregates, and communities. Provides coverage of growth and development of aggregates at risk across the lifespan to help the reader plan and implement health promotion strategies at the primary, secondary, and tertiary levels. Features An Exercise in Critical Thinking at the conclusion of each chapter to enhance analysis and problem-solving skills. Provides assessment tools and quick reference information in appendices for easy access. Offers an Instructor's Resource Manual with approximately 1,000 test questions/answers and transparency masters, plus a Computerized Test Bank.

Community Health Nursing Mary Jo Dummer Clark, 2003 Community Health Nursing Caring for Populations Fourth Edition Now more than ever - locally, nationally, globally - society is in need of community health services. The Fourth Edition of Community Health Nursing continues to emphasize the application of community health nursing as it relates to specific populations, settings, and community health problems. Using an easy-to-follow organizing framework, the text assists readers in applying nursing process and nursing interventions to the care of the individual, families, and population groups. Theoretically and scientifically sound, as well as practical and applicable, this resource is a thorough introduction to the specialty. Features: New ~ Cultural Considerations highlight cultural factors that influence health, health care delivery, and community health nursing practice. New ~ Ethical Awareness feature introduces readers to ethical dilemmas faced by community health nurses and assists them in applying principles of ethical decision making. New Chapter ~ Care of Clients in Official and Voluntary Agencies includes detailed discussion of parish nursing and its roles and functions as well as local health agencies and standards, functions and services of community/public health nursing. Assessment Tips detail key considerations in nursing assessment in specific populations, settings, and health problems. Comprehensive technology package that includes a Companion Website, corresponding student CD-ROM, and online course management systems in WebCT, Black Board and Course Compass platforms.

Comprehensive Community Health Nursing Susan Clemen-Stone, Sandra L. McGuire, Diane Gerber Eigsti, 2002 New edition of a text providing a foundation for community health nursing practices, with emphasis on a preventive approach and a partnership with clients and other stakeholders in addressing community needs. Discussion includes historical and current perspectives; the family-centered approach; theoretical foundations for population-focused practice; care from infancy to the

well elderly; school health and occupational health nursing; long-term care needs; and management of professional commitments. An insert contains a complete, corrected index. Annotation copyrighted by Book News, Inc., Portland, OR

Handbook of Public and Community Health Nursing Practice Marcia Stanhope, Ruth N. Knollmueller, 2001 This practical and portable guide on primary prevention offers current, comprehensive health promotion and disease prevention information for students and nurses in the community setting. Includes lists, charts, tables, and forms, and well as useful assessment tools to assess individuals, families, and the community, and teaching tools to assist the nurse in promoting the client's self-care.

Community Health Nursing Marilyn B. Klainberg, 1998 The first title in a series, this text presents community health nursing as part of a health alliance, working collaboratively with members of the community and other health-care professionals to meet the health needs of patients.
