Life Goes On (and on and on) Reverend Bob,2018-06-15 "In the tradition of C. S. Lewis, Reverend Bob's new book is a collection of essays on how to live an honorable life and find permanent satisfaction. Some writers speak from the heart and some don't. The ones that do speak from the heart usually get read and the ones that don't do that, don't get read. I guess that's the way it should be. I do believe that Reverend Bob speaks from the heart." —Truman H. Stone

Luther and the Gift Risto Saarinen, 2017-06-12 Dust jacket, back cover: In this book, Risto Saarinen studies Martin Luther's understanding of the gift and related issues such as favours and benefits, faith and justification, virtues and merits, ethics and doctrine, law and Christ. He shows that Luther both continues and criticizes the classical discussions regarding the differences and parallels between gifts and sales.

The Gift in the Heart of Language Genevieve Vaughan, 2015-05-15T00:00:00+02:00 Genevieve Vaughan offers a paradigm-shifting view of the structure of material and verbal communication, based on mother-child experience and confirmed by recent research in infant psychology. This view justifies a relational epistemology that informs the material gift economy as well as the structure of language itself. Provisioning economies give value to the receivers, and the circulation of gifts consolidates community. Understanding language as verbal gifting unites other orientation with reason to liberate us from biopathic patriarchal conceptions of humanity. Sketched against this background Vaughan introduces a conception of monetized exchange as a gift denying and expropriating psychological mechanism, which is an unintended collective by product of verbal communication. This view stands as a warning against visions of the future in which the institutions of money and the market can be "fixed" to be more caring, and sanitized business as usual can halt the destruction of Mother Earth. Rather a gift economy, which takes as its model the mother-child interaction, the gifting in language and the gifting in mother-centered societies provides hope for a positive future.

Redeeming Autonomy Christopher J. Insole, Benjamin R. DeSpain, 2025-06-26 What can theology offer philosophical discussions of autonomy? In this distinctive collection of essays, Insole and DeSpain lead a cadre of academics from across the world in answering this question. In doing so, they challenge the narrow conception of 'liberalism' that has characterised much of the discussion around autonomy. The contributions disrupt traditional methodologies by starting with analyses of urgent and concrete situations where the concept of autonomy is employed, misappropriated or even challenged. These scenarios include essays on trauma, transgender issues, disability and end-of-life debates. This volume also explores broader political issues that relate to autonomy such as democracy, the economy and migration. Each chapter maintains a focused concern with social justice whilst demonstrating how a religious dimension can expand our understanding of the concept of autonomy. This is sure to be a valuable resource for any theologians, philosophers or intellectual historians looking to view autonomy from a fresh and contemporary angle.

The Letter of Paul to the Ephesians Francis Foulkes, 1989 Provides a section-by-section commentary on the New Testament book of Ephesians, featuring discussion of primary themes, individual verses, and problems of interpretation, and including information on authorship, date, and historical background.

Applied New Testament Bible Commentary Tom Hale, Steve Thorson, 2012-12-10 The wisdom found in God's Word is timeless, as relevant today as when it was first written. And the challenge for believers remains unchanged: how do we apply these truths to our everyday world? The Applied Commentary series is a fresh approach to Bible study, connecting great wisdom with your life today. Each Scripture passage is enhanced with insights on key themes and ideas. Featured articles provide a deeper look at essential concepts, while the contemporary language allows for easy reading. And because some subjects are open to interpretation for discussion, we've included perspectives from leading theologians from all backgrounds and denominations. The result? An interactive approach to Scripture that will challenge your ideas and build your faith—which is what reading the Bible is all about.

Giving the Church Michael Moynagh, 2024-05-30 The nucleus of the church's vocation is to join the Spirit in giving communion in Christ to others, in the form of new Christian communities, for the benefit of the world. But can the church be a welcome gift?" In *Giving the Church* leading ecclesialogist Michael Moynagh draws together recent thinking from the worlds of ecclesiology and missiology with significant sociological work on the idea of 'gift', to provide a much-needed theological rationale for some of the key missiological and ecclesiological movements in today's church. Part 1 reworks some of the big themes in ecclesiology from this giving perspective - the nature of the church, the four marks, the visible/hidden church and inclusion/exclusion. Part 2, meanwhile, draws on the extensive literature on gifts to offer an ethical framework for giving the church to others, and uses this framework to provide fresh readings of liberationist, herald and eucharistic

models of the church. It concludes by arguing that giving the church away can be a route to making the church a more attractive gift.

Bodies of Meaning David McNally, 2001-01-01 Challenges postmodernist theories of language and politics which detach language from human bodies and their material practices.

Debunking "The Tithe of Israel" Alvin J. Bates, 2011-04-21

God and Grace in Philo and Paul Orrey McFarland, 2015-11-09 In *God and Grace in Philo and Paul*, Orrey McFarland examines how Philo of Alexandria and the Apostle Paul understood divine grace. While scholars have occasionally observed that Philo and Paul both speak about God's generosity, such work has often placed the two theologians in either strong continuity or stark discontinuity without probing into the theological logic that animates the particularities of their thought. By contrast, McFarland sets Philo and Paul in conversation and argues that both could speak of divine gifts emphatically and in formally similar ways while making materially different theological judgments in the context of their concrete historical settings and larger theological frameworks. That is, McFarland demonstrates how their theologies of grace are neither identical nor antithetical.

The Sociocultural Functions of Edwardian Book Inscriptions Lauren Alex O'Hagan, 2021-03-30 This innovative text draws on theories and methodologies from the fields of multimodality, ethnography, and literacy studies to explore the sociocultural significance of book ownership and book inscriptions in Edwardian Britain. *The Sociocultural Functions of Edwardian Book Inscriptions* examines evidence gathered from historical records, archival documents, and the inscriptive practices of individuals from the Edwardian era to foreground the social, communicative, and performative functions of inscriptive practices and illustrate how material, lexical, and semiotic means were used to perform identity, contest social status, and forge relationships with others. The text adopts a unique ethnohistorical approach to multimodality, supporting the development of a typography of book inscriptions which will serve as a unique interpretive framework for analysis of literary artifacts in the context of broader sociopolitical forces. This text will benefit doctoral students, researchers, and academics in the fields of literacy studies, English language arts, and research methods in education more broadly. Those interested in British book history, anthropology, and 20th-century literature will also enjoy this volume.
