My Sister's Keeper Jodi Picoult,2007-01-19 New York Times bestselling author Jodi Picoult tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. New York Times bestselling author Jodi Picoult is widely acclaimed for her keen insights into the hearts and minds of real people. Now she tells the emotionally riveting story of a family torn apart by conflicting needs and a passionate love that triumphs over human weakness. Anna is not sick, but she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her older sister, Kate, can somehow fight the leukemia that has plagued her since childhood. The product of preimplantation genetic diagnosis, Anna was conceived as a bone marrow match for Kate -- a life and a role that she has never challenged...until now. Like most teenagers, Anna is beginning to question who she truly is. But unlike most teenagers, she has always been defined in terms of her sister -- and so Anna makes a decision that for most would be unthinkable, a decision that will tear her family apart and have perhaps fatal consequences for the sister she loves. *My Sister's Keeper* examines what it means to be a good parent, a good sister, a good person. Is it morally correct to do whatever it takes to save a child's life, even if that means infringing upon the rights of another? Is it worth trying to discover who you really are, if that quest makes you like yourself less? Should you follow your own heart, or let others lead you? Once again, in *My Sister's Keeper*, Jodi Picoult tackles a controversial real-life subject with grace, wisdom, and sensitivity.

My Sister's Keeper Jodi Picoult,2004-04-06 Written with grace, wisdom, and sensitivity, this novel is about a teen who was conceived as a bone marrow match for her sister Kate, and what happens when she begins to question who she really is.

Black Sisterhoods: Paradigms and Praxis Denise Davis Maye,Sophia Rahming,Jill Andrews,Tamara Bertrand J,2022-03-18 Sisterhood is oft elusive, if not a misunderstood concept. Despite all the factors that could impede the development, elevation, and maintenance of sistering relationships, Black women continue to acknowledge the value of sisterhoods. Sistering offers a lifeline of support and validation. Holding membership in an empowering woman-centered relationship is a special kind of privilege. The authors in this volume contest any assumption that sisterhood is limited to blood relationships and physical proximity. In this volume, we consider sisterhood simultaneously as paradigm and praxis. We approach

Sisterhood as Paradigm and attempt to parse out the nature of Sisterhood as it is understood in Black communities in the United States. We hope to convey an organized set of ideas about “sisterhood” to create sisterhood as a model of interaction or way of being with one another, specifically among Black women. As we consider how sisterhood could be enacted as practice. Using Sisterhood as a framework, we explore Sisterhood as Peer Support, examining how Black women provide support to peers in academic and professional settings. we embark on a provision of applied exemplars of sistering in emerging digital media in Digital Sisterhood.

Drilled to Write J. Michael Rifenburg, 2022-10-14 Drilled to Write offers a rich account of US Army cadets navigating the unique demands of Army writing at a senior military college. In this longitudinal case study, J. Michael Rifenburg follows one cadet, Logan Blackwell, for four years and traces how he conceptualizes Army writing and Army genres through immersion in military science classes, tactical exercises in the Appalachian Mountains, and specialized programs like Airborne School. Drawing from research on rhetorical genre studies, writing transfer, and materiality, Drilled to Write speaks to scholars in writing studies committed to capturing how students understand their own writing development. Collectively, these chapters articulate four ways Blackwell leveraged resources through ROTC to become a cadet writer at this military college. Each chapter is dedicated to one year of his undergraduate experience with focus on curricular writing for his business management major and military science classes as well as his extracurricular writing, like his Ballroom Dance Club bylaws and a three-thousand-word short story. In Drilled to Write, Rifenburg invites readers to see how cadets are positioned between civilian and military life—a curiously liminal space where they develop as writers. Using Army ROTC as an entry into genre theory and larger conversations about the role higher education plays in developing Army officers, he shows how writing students develop genre awareness and flexibility while forging a personal identity.

Law and Social Justice in Higher Education Crystal Renée Chambers, 2016-11-25 The latest volume in the Core Concepts in Higher Education series explores the complexity of law in higher education and both the limits and opportunities of how law can promote inclusivity and access on campus. Through a historical and legal framework, this volume discusses undergraduate students' histories of inclusion and struggles for social justice in higher education by race, sex, social class, dis/ability, and sexual orientation. Bridging research, theory, and practice, Law and Social Justice in Higher Education encourages future and current higher education and student affairs practitioners to consider how they can collaborate to further a just society. Special features: Discussion of case law illustrates the reach and limits of law and where higher education professionals can continue to push for social justice. Accessible to non-lawyers, chapters highlight key legal terms and key concepts to guide readers at the beginning of each chapter. End-of-chapter questions provide prompts for discussion and encourage student interactivity.

My Sister's Keeper Jodi Picoult, 2008-03 'A major decision about me is being made, and no one's bothered to ask the one person who most deserves it to speak her opinion.' The only reason Anna was born was to donate her cord blood cells to her older sister. And though Anna is not sick, she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her sister, Kate, can somehow fight the leukemia that has plagued her since she was a child. Anna was born for this purpose, her parents tell her, which is why they love her even more. But now that she has reached an age of physical awareness, she can't help but long for control over her own body and respite from the constant flow of her own blood seeping into her sister's veins. And so she makes a decision that for most would be too difficult to bear, at any time and at any age. She decides to sue her parents for the rights to her own body.

Finding God in All the Black Places Beretta E. Smith-Shomade, 2024-10-11 This book is also freely available online as an open-access digital edition: <https://manifold.ecds.emory.edu/projects/finding-god-in-all-the-black-places> (<https://dhjhkxawhe8q4.cloudfront.net/rup-wp-v2/wp-content/uploads/2025/01/28132142/9781978839809.pdf>) In *Finding God in All the Black Places*, Beretta E. Smith-Shomade contends that Black spirituality and Black church religiosity are the critical crux of Black popular culture. She argues that cultural, community, and social support live within the Black church and that spirit, art, and progress are deeply entwined and seal this connection. Including the work of artists such as Mary J. Blige, D'Angelo, Erykah Badu, Prince, Spike Lee, and Oprah Winfrey, the book examines contemporary Black television, film, music and digital culture to demonstrate the role, impact, and dominance of spirituality and religion in Black popular culture. Smith-Shomade believes that acknowledging and comprehending the foundations of Black spirituality and Black church religiosity within Black popular culture provide a way for viewers, listeners, and users not only to endure but also to revitalize.

Gender, Race, and Sudan's Exile Politics Nada Mustafa Ali, 2015-07-29 *Gender, Race, and Sudan's Exile Politics* examines the gendered and racialized discourses and practices of the Sudanese opposition in exile through the opposition movements of the 1990s and early 2000s, and discusses the history through which these discourses evolved. The military coup that brought the National Islamic Front (NIF)—now National Congress Party (NCP)—to power in 1989 not only forced most political parties, trade unions, and activists in Sudan into either exile politics or underground activism; it also urged many of Sudan's political forces and activists to rethink the meaning of belonging and of the "Old" Sudan. In the mid-1990s, this involved a rethinking of the relationship between religion and politics, acknowledging Sudan's diversity, acknowledging the need to restructure Sudan's economy and politics to ensure equal access and participation for the historically marginalized, and committing to self-determination for the people of South Sudan. The concept of the New Sudan broadly captured this rethinking. This book interrogates the relationship between women's organizations and activism in exile on one hand, and nationalist, transformative, and other political movements and processes on the other. It further discusses transnational coalition building across difference, including racial difference, between women's organization seeking to transform gender relations in Sudan and South Sudan.
