Our collection offers secondary (6-12) educators engaging ideas and approaches for pairing Shakespeare's most frequently taught plays alongside young adult novels which often provide a unique examination of a topic that teaching a single text could not afford. The pairings offered in each chapter allow for comparisons in some cases, for extensions in others, and for critique in some.

Novels in Verse for Teens Lisa Krok, 2020-02-24 This valuable guide advises teachers and librarians how to use novels in verse in functional, hands-on ways with teens, including reluctant readers. Novels in verse are popular and have recently won some important awards. They are of great value to teachers and librarians as a way of reaching all teens, including marginalized teens and those who may be struggling or reluctant readers. This guide shows readers how to pair books with teens based on their needs, interests, and specific situations. After teens are paired with books, this guide suggests activities to further engage them with the poetry. Activities are tied to Common Core and AASL standards for ease of lesson planning for teachers. Verse novels address a widely diverse demographic and a variety of topics, including various cultures, religions, racism, LGBTQ+ themes, mental illness, poverty, homelessness, sexual assault, self-harm/suicide, domestic violence, family dynamics, disabilities, refugees, English language learners, and more. Novels in verse provide a more modern, practical alternative to some older classics that may not appeal to many teens or that may intimidate them by their sheer number of words per page. This book provides a one-stop resource for choosing and using novels in verse with teen readers.

Swing Educators Guide Kwame Alexander, Mary Rand Hess, 2020-05-26 In this YA novel in verse from bestselling authors Kwame Alexander and Mary Rand Hess (Solo), which Kirkus called “lively, moving, and heartfelt” in a starred review, Noah and Walt just want to leave their geek days behind and find “cool,” but in the process discover a lot about first loves, friendship, and embracing life . . . as well as why Black Lives Matter is so important for all. Best friends Noah and Walt are far from popular, but Walt is convinced junior year is their year, and he has a plan that includes wooing the girls of their dreams and becoming amazing athletes. Never mind he and Noah failed to make their baseball team yet again, and Noah’s

crush since third grade, Sam, has him firmly in the friend zone. While Walt focuses on his program of jazz, podcasts, batting cages, and a “Hug Life” mentality, Noah feels stuck in status quo ... until he stumbles on a stash of old love letters. Each one contains words Noah’s always wanted to say to Sam, and he begins secretly creating artwork using the lines that speak his heart. But when his art becomes public, Noah has a decision to make: continue his life in the dugout and possibly lose the girl forever, or take a swing and finally speak out. At the same time, American flags are being left around town. While some think it’s a harmless prank and others see it as a form of protest, Noah can’t shake the feeling something bigger is happening to his community. Especially after he witnesses events that hint divides and prejudices run deeper than he realized. As the personal and social tensions increase around them, Noah and Walt must decide what is really important when it comes to love, friendship, sacrifice, and fate. *Swing*: is written by New York Times bestselling author and Newbery Medal and Coretta Scott King Award-winner Kwame Alexander Features a diverse array of characters and perspectives tackles the biggest social issues of today, including racial prejudice and Black Lives Matter is perfect reading for the classroom or community-wide discussions is a 2020 YALSA Quick Pick for Reluctant Young Adult Readers contains original artwork tied to the story If you enjoy *Swing*, check out *Solo* by Kwame Alexander and Mary Rand Hess.

Where Stars Meet People Leilya A. Pitre, 2023-04-05 This book is unique. It offers readers opportunities to explore the most common universal themes taught in secondary English Language Arts classrooms using poetry; however, it doesn’t simply suggest poems grouped by common themes. Each poetry section presents a poetic conversation among the poets on each of the given eight themes. One of the poets initiates each section with an original poem, and the next poet responds to the first, initial, poem. The other poets join the conversation responding to the first, second, or any of the poems previously included in this section. The poems feature the themes of poetry, places, nature, beauty, and harmony, love, loyalty and betrayal, home and family, loss and grief, and dreams and hopes for the future. The three final chapters aim to explain how to use these poems, and poetry in general, in the classrooms and beyond its walls; to invite novice and experienced poets to create various forms of poetry; and to share views on poetry, its teaching, reading, and writing. The various poetry forms are explored in this volume to create poems that help deliver the author’s message. All poems are written exclusively for a diverse readership of the book.

Examining Images of Urban Life Laura M. Nicosia, James F. Nicosia, 2020-12-04 There are novels that portray cities as magical places, others as stifling, imposing environments, and others still as a gritty but beautiful, living landscape. Cities

can be the center of culture, business, the arts, and are the meeting places for diversities of all kinds. Examining Images of Urban Life gathers contributions from scholars, educators, and young adult authors, like Benjamin Alire Saenz and e.E. Charlton-Trujillo, who consider how living in a city affects character identity and growth, and the ways authors world-build the urban setting. The collection discusses what the urban landscape means, and dispels the media-driven, anecdotally propagated preconceptions about city living. Urban life is varied and rich, just as its literature is. The collection revolves around a reconsideration of what the city represents, to its readers and to its inhabitants, and serves as a resource in urban settings, wherein teachers can select books that mirror and advocate for the students sitting in their classes. Perfect for courses such as: Young Adult Literature | Children's Literature | Elementary Literacy | Reading and Literacy | Methods of Teaching | Public Purposes of Education | Educational or Historical Foundations of Education | Urban Studies | Media and Library Sciences
