How The Lion King Made It to the Stage Nancy Capaccio, 2018-07-15 Everybody knows The Lion King, the story of a little cub that grows up to become the king of the Pride Lands. Few, however, know the story of how The Lion King came to be the king of all musicals. It is the highest-grossing show on Broadway, earning over 1.3 billion dollars at the box office. This book takes you on the journey that began with the modest idea of an animated movie about lions and hyenas. You'll see for yourself why this musical has played on every continent except Antarctica to more than ninety million people.

Lion King Collectibles Lisa Courtney, 2019-06-15 A wonderful journey through what is, according to Guinness Book of Records, the world's largest collection of Lion King memorabilia in the world.

Understanding Disney Janet Wasko, 2013-06-07 Since the 1930s the Walt Disney Company has produced characters, images, and stories which have captivated audiences around the world. How can we understand the appeal of Disney products? What is it about the Disney phenomenon that attracts so many children as well as adults? In this major new book, Janet Wasko examines the processes by which the Disney company - one of the largest media and entertainment corporations in the world - manufactures the fantasies which enthrall millions. She analyses the historical expansion of the Disney empire, examines the content of Disney's classic films, cartoons and TV programs and shows how they are produced, considering how some of the same techniques have been applied to the Disney theme parks. She also discusses the reception of Disney products by different kinds of audiences. By looking at the Disney phenomenon from a variety of perspectives, she provides a fresh and comprehensive account of one of the most significant media and cultural institutions of our time. This important book by a leading scholar of the entertainment industries will be of great interest to students in media and cultural studies and will appeal to a wide readership.
