Tiger's Claw Dale Brown,2012-09-04 Former Air Force captain and New York Times bestselling author Dale Brown is an acknowledged master when it comes to bringing military action to breathtaking life and he has received glowing accolades since his debut publication, *Flight of the Old Dog*. *Tiger's Claw* proves once again that every rave has been well deserved. Set in the near future, *Tiger's Claw* imagines a scenario in which tensions escalate between an economically powerful China and a United States weakened by a massive economic downfall, bringing the two superpowers to the brink of total destruction. Brown's popular protagonist, retired Air Force lieutenant-general Patrick McLanahan (of *A Time for Patriots*, *Rogue Forces*, and other Brown bestsellers), is back with his son Brad McLanahan and they're preparing for the impending apocalyptic clash of men and military technology. The incomparable Dale Brown scores again with a frighteningly possible story of war and global politics that's ideal for fans of Vince Flynn and Brad Thor.

Shadows of Steel Dale Brown,2024-07-16 The new Gulf War is erupting, and this one will be far bloodier than the first. A newly powerful Iran is flexing its military muscle in the Middle East. The Iranians have declared the Persian Gulf their territorial waters-and an American ship has just been sunk to prove the point. With a military racked by budget cuts and a public reluctant to fight, the president must end the crisis before it escalates. The solution: Project Future Flight, a surgical stealth campaign to silence Iran's modern weapons. The personnel: Colonel Patrick McLanahan and the surviving crew of the *Old Dog*. The stakes: success-or full-scale war...

Nerve Center Dale Brown,Jim DeFelice,2002 With Dreamland, the aerospace weapons testing facility, facing budget cuts, Colonel Bastien tries to salvage Antares, a program that merges electronic data with a pilot's natural senses, until it is found that the pilot can no longer tell reality from computer-induced delusions.

Dale Brown's Dreamland Dale Brown,James DeFelice,Jim DeFelice,2004 USAF Captain Breanna Stockard is training Brunei pilots to fly the EB-52 Megafortress. Rogue Forces LP Dale Brown, 2009-05-26 Originally contracted to provide air transport services into hostile areas of the world for the U.S. government and some non-governmental agencies, Sky Masters Inc. has upgraded its fleet of high-tech transport planes to provide much more militarily useful services for its clients, including aerial refueling, intelligence-gathering, reconnaissance, clandestine infiltration, and even aerial long-range bombardment. The planes are on lease to Scion Aviation International, a private security company run by former president Kevin Martindale and retired Air Force lieutenant-general Patrick McLanahan. Their task is to take over aerial patrols in northern Iraq as the U.S. military begins to downsize its forces there. In the face of even more murderous attacks by Kurdish nationalists, the Republic of Turkey expands its campaign to root out the terrorists by invading northern Iraq. The few remaining American forces are quickly overwhelmed. The new government in Persia joins with the Turks to completely eradicate the Kurdish threat. The new American president, who pledged to start pulling U.S. forces out of Iraq on his first day in office, is reluctant to send U.S. forces back in to deal with the matter. As the only credible force in the region capable of blunting the Turks' advances, Scion Aviation International is contracted to respond. But when Patrick McLanahan makes the decision to take the fight to the Turks, can the President rein him in? Where will McLanahan's loyalty lie: with his country, his President, his fellow warriors...or with his company's shareholders?

Wings of Fire Dale Brown, 2003 Cutting-edge adventure from the master of the aerial thriller.

Strike Force Dale Brown, 2009-10-13 Moving from the Pentagon to the Middle East, filled with intrigue, adventure, and danger, this is the latest adrenaline-pumped military thriller from the New York Times bestselling master. When a military coup in Iran leads to a crackdown on religious jihadists, it seems as if a new era is dawning in the Middle East, especially when the new leader, General Buzhazi, seeks to normalize relations with both America and Israel. But the Iranians are not really interested in peace . . . In the guise of pursuing and destroying Islamic militants, Buzhazi is planting thousands of Iranian Pasdaran special-ops troops throughout the oil-rich Kurdish region of northern Iraq, and in a lightning quick operation brutally occupies the territory. Unveiling its new military might, it invades northern Iraq, catching the world—and America—completely off-guard. To regain control of the region, America will rely on her own ultimate weapon: Patrick McLanahan and his team of special high-tech operatives. Filled with the latest cutting-edge weaponry, geopolitical intrigue, high-flying suspense, and a colorful cast of characters, *Untitled* promises to be one of New York Times bestselling author Dale Brown's best.

Act of War Dale Brown, 2009-10-13 The New York Times bestselling author introduces a cutting-edge new hero out to stop ecological terrorists in this international techno-thriller. When a Texas oil refinery is destroyed by a "backpack" nuclear

device, it's just one of many attacks on a multinational energy company. These acts of destruction are being perpetrated across the globe by a single group determined to stop the plundering of natural resources. To stop them before the strike again, the authorities call in military tech wiz Jason Richter and his top-secret counterterrorism unit Task Force TALON. To snare his opponents, Richter knows he must beat them at their own game: unconventional hit-and-run attacks that are brutal enough to strike fear into the heart of the most dedicated terrorist. Richter must also lead the way through a series of unexpected turns that uncover a mole operating within the upper echelons of government. If Richter fails, it won't be just the lives of his team that are lost, but America itself.

Sky Hunters: X-Battalion Jack Shane,2024-04-16 Bobby Autry is one of the best in the world at what he does. An elite

combat chopper pilot, Autry has been tested under fire and always come out on top. But his new assignment might change all that. He's been tasked to lead a new unit of the elite Night Stalkers, a unit that can outfly the rest of the pilots in SOAR (Special Operations Air Regiment), outshoot the best gunners in the SEALs or Deltas, and operate as independently as the most lawless gurreillas. The results: an experimental unit expected to fail: the X-Battalion. It won't be easy. The pilots he has at his command are the craziest, most dangerous, most unpredictable men in the military, men capable of thinking beyond rules and regulations, but men equally capable of breaking them. Autry will need every one of them if they are to survive their first mission. North Korean dictator Kim Il Sung had procured a weapon of apocalyptic destruction, and all intelligence points to his willingness to use it within the next 48 hours. If he deploys the weapon, he will poison the entire planet with radioactive fallout. The only way to stop him is with a group that can move silently, strike powerfully, and not worry about breaking a few rules along the way. The only way to stop him: X-Battalion.

There is no way that conventional weapons could have executed the deadly efficient strikes. Can the Iraqis have developed a laser capable of causing such mayhem? Fearing a major international crisis, the President sends a call out to Dreamland. Within hours, some of the most sophisticated aircraft in the world are heading for the Gulf, with orders to track down the mystery weapon—and destroy it.
