English as a Lingua Franca in the Language Classroom Éva Illés,Yasemin Bayyurt,2023-10-23 This new text is a guide for understanding, envisioning, and acting on the lessons of English as a Lingua Franca (ELF) research in English Language Teaching (ELT) classrooms. The volume is the result of the cooperation of an international team that includes members involved in research, teacher education, and classroom practice. This collection bridges theory, methodology, and real-world application of ELF research for the first time. Chapters offer a variety of practical perspectives and support teachers to better prepare their students for the reality of how the English language is used around the world today. With close attention to the nuts and bolts of teaching – as well as useful features for further investigation, discussion, and application – this book will be a helpful, practical resource for current and prospective English language teachers, teacher trainers and mentors, and curriculum designers.

English File 4E Intermediate Student Book Christina Latham-Koenig,Clive Oxenden,Kate Chomacki,Jerry Lambert,2018-12-06 English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

American English File 3E Level 3 Student Book Christina Latham-Koenig,Clive Oxenden,Jerry Lambert,2019-11-27 American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The

authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

NFT Gold Rush Robert Joo,Aurel George Proorocu,Stepan Krivosheev,2023-02-21 The ultimate guide to NFTs: Join the NFT Gold Rush and claim your first Free NFT here **KEY FEATURES** ● Get familiar with the Fintech and legal background of NFTs in general. ● Discover various NFT marketing strategies from professionals to promote your NFTs. ● A step-by-step guide that will help you to create a NFT from scratch. **DESCRIPTION** NFTs or non-fungible tokens are digital assets based on decentralized ledger blockchain technology. If you want a deeper understanding of NFT ownership and the fintech that lies beneath it, then this book is for you. "NFT Gold Rush" explains everything you need to know about NFTs. The book commences with an introduction as to why NFTs are a trend today and the observation that this trend will only become more robust because of the rapid development of the web beyond web 3.0 where private ownership in cyberspace becomes possible. It then explains how blockchain and cryptocurrency can kickstart the process of tokenization and minting so that NFTs can be created. Once this is established, the book helps you look at transactions that can be done with the NFTs as a new type class of digital financial asset. Moving on, the book explains a step-by-step analysis of how to use IT in the creation of NFTs. The book helps you get familiar with the entire minting process, including setting up your own minting page. From there, the book will help you learn how to place your NFT on the marketplace where you can sell and trade your NFTs. In addition, the book also explores different marketing, selling, and pricing strategies in case your NFT is not immediately the most popular thing in the market. Towards the end of the book, it is discussed how the development of the fintech-legalverse will eventually integrate with the metaverse leading to a new direction in web development, where private ownership colonization of cyberspace has become possible. A democratization of the web will thus get a chance for real success, a place where you will be in charge as an owner, and where you are no longer just a 'user'. After reading this NFT handbook you will be able to create and sell your own NFTs. **WHAT YOU WILL LEARN** ● Discover different marketplaces for exchanging and selling your NFTs. ● Learn how to create an NFT collection. ● Understand how to develop a selling and pricing strategy for your NFT. ● Identify, manage, and mitigate security issues in NFTs. ● Understand why NFTs play a crucial role in developing the Metaverse. **WHO THIS BOOK IS FOR** This book is for everyone interesting in creating and selling NFTs.

Individuals and NFT artists who are struggling to price, market, or sell their NFTs will find this book resourceful. New and innovative business ideas that become possible with the help of NFTs are introduced in this book. TABLE OF CONTENTS 1. Introduction 2. NFT Ownership 3. NFT Transactions 4. NFT Smart Contracts 5. NFT Tech Tools 6. Technical Skills for Creating NFTs 7. How to Sell Your NFT 8. The NFT Market Place 9. NFT Collections 10. Marketing Your NFTs 11. NFT Risk and Security 12. Prospettive discorsive e di educazione linguistica internazionale Natasha Leal Rivas, 2022-12-30 In un poliedrico contesto d'interculturalità e d'internazionalizzazione, in cui si rende necessaria una formazione linguistica specializzata basata su competenze trasversali, il volume intende incentivare la discussione su questioni relative alla concezione del discorso come fenomeno che si sviluppa dinamicamente nell'intersezione tra lingua e società. Ci siamo proposti, quindi, di consolidare l'interesse dell'Università degli Studi di Napoli Federico II a promuovere il dibattito sulla rilevanza, nella ricostruzione dell'attuale contesto sociale, del conseguimento di un'istruzione di qualità, che sia equa, inclusiva e sostenibile. I saggi raccolti, che nascono da un progetto europeo di ricerca (ErasmusPlus, EULALIA), ci consentono di osservare e comprendere l'utilizzo di nuove tipologie e modalità discorsive a partire da tre nuclei tematici: Multialfabetizzazione e multimodalità: trasversalità e i discorsi del futuro, Discorso inclusivo e sociale: verso un utilizzo responsabile e Digital literacies: nuovi discorsi e formazione linguistica.

The English Teacher's Drama Handbook Nicholas McGuinn, 2014-04-24 The English Teacher's Drama Handbook is a rich, thought-provoking introduction to teaching drama within the English classroom. Divided into two sections, the first part of the book explores ideological influences that have shaped drama's relationship with English over the past 250 years and aims to help you locate your own practice within a theoretical and historical context. Starting with Rousseau's seminal text *Emile*, it considers the theories of key thinkers and practitioners and a range of complex issues including the construction of 'childhood', children's play, the teacher and student relationship, the implications of linking drama and English and the impact of national curricula on drama and English teaching. The second half of the book offers a collection of comprehensive, practical schemes of work to inspire and support you and your students to realise the power of drama in bringing English language and literature vividly to life. Suitable for a range of ages and abilities, each activity makes explicit links to the key thinkers and issues explored in the first part of the book and explores a particular aspect of work in English - from grammar and spelling to poetry and play texts. Together with guidance on how to begin and progress the activities, each sequence includes ideas for exploring issues further in the English classroom. Written for English teachers at any stage of their career, The English Teacher's Drama Handbook offers new ways of looking at drama and English that will ensure meaningful and enjoyable teaching and learning.

Medieval English Theatre 46 Meg Twycross, Sarah Carpenter, Elisabeth Dutton, Gordon Kipling, 2025-06-24 Newest research into drama and performance from the Middle Ages and the Tudor period. Medieval English Theatre is the premier journal in early theatre studies. Its name belies its wide range of interest: it publishes articles on theatre and pageantry from across the British Isles up to the opening of the London playhouses and the suppression of the civic religious plays, and also includes contributions on European and Latin drama, together with analyses of modern survivals or equivalents, and of research productions of medieval plays. This volume is testament to the lively range of current research across the field of medieval theatre. It investigates different traditions of performance, through a variety of theatrical, theological, and material approaches. It opens with an analysis of a fascinating Dutch rhetoricians play-text, revealing how its engagingly disruptive female character, Everyday Chitchat, proves central to a serious discussion of censorship - in a play which was itself censored. Although no play-text survives from medieval Beverley, the next contribution shows how local records of its Corpus Christi plays offer rich details of a range of pageants and organisation not dissimilar from its more famous neighbour, York. The two following articles investigate theological issues. A nuanced re-reading of The Treatise of Miracles Playing considers how priestly involvement in performance raised anxieties about the role and authority of priests, including at the Mass. Attitudes to dread, revealed through the taxonomies of fear developed by medieval theologians, then illuminate the didactic role of fear, engendered in the protagonists and audiences of the Macro morality plays. The volume closes with the second part of an investigation into John Blanke's Hat. Following the first part's demonstration, in the previous volume of METh, that the Black trumpeter's headgear was not a marker of his faith, this uncovers the true identity of the hat, asking how far it can offer evidence for his history. The present volume thus throws new light on familiar texts and questions, offering important contributions to newly developing fields of study.

Problem-Solving Courts, Criminal Justice, and the International Gold Standard Anna Kawałek, 2021-01-03 This book presents findings from a process evaluation carried out at a problem-solving court located in England: Manchester Review Court. Unlike the widely documented successes of similar international models, there is no detail of Manchester Review Court in the accessible literature, not in any policy document, nor is there a court handbook or website outlining objectives and expected practice. In adopting the seminal 'wine' and 'bottle' analytical framework propounded by therapeutic jurisprudence scholars, and by carrying out a detailed comparative analysis comparing the court to successful international problem-solving courts, the original empirical data brings clarity to an overlooked area. A fidelity analysis is also offered for the forerunning English and Welsh drug courts, which were established during the early 2000s, but then shortly fell by the wayside without satisfactory explanation for why. Findings from the book shed new light on the causes of the English and Welsh drug court downfalls pending recent calls to roll out a fresh suite of problem-solving courts. In light of the international evidence base and national struggles in the field, the book proposes a renewed, UK-specific, fidelity matrix to forge the impetus for new practice in this area, whilst accounting for past failures and acknowledging current issues. Therefore, this book not only breaks new ground by advancing knowledge of a significantly uncharted area but provides important inroads for helping policymakers with their strategies in tackling recidivism, addiction, victimisation, and austerity, as widespread social and human issues currently facing both Manchester and the UK more broadly. Presenting significant advancements in theory, policy, and practice at both national and international scale, the book will be a valuable resource for academics and practitioners working in the fields of Therapeutic Justice, Criminal Law, Criminology, Criminal Justice, and Socio-Legal Studies.

Beneficial Ownership and Legal Responsibility Paul Beckett, 2024-03-12 This book explores the connection between ownership, on one hand, and immunity from legal responsibility, on the other. It presents a definition of the concept of beneficial ownership, the reasons for its concealment, and failures in international legal structures and arrangements. Globally, states confront complex crimes, such as corruption, tax evasion, doctrinal fanaticism, slave trafficking, terrorism and, war. At the personal level, men and women may seek to escape their creditors, to disinherit unwanted heirs, to cheat divorced partners, and to appear straightforward when this is not the case. The response of politicians and regulators has been a global state initiative to identify beneficial owners via public registers to promote transparency and accountability. Yet, at the same time, there is an equally powerful global and personal counter-initiative to promote beneficial ownership avoidance. Where there is no owner, there is no accountability. This book examines what "ownership" means in legal terms across multiple legal systems and explains why singling out ownership as being pivotal to state and personal accountability is

a strategy both flawed and disingenuous. It is argued that an apparent lack of political will coupled with shape-shifting definitions of ownership have resulted in tokenism. Particular attention is paid to those “orphan” structures which have evolved from standard models, or which have been designed for the purpose in each case of facilitating ownership concealment and avoidance. The author explains how the virtual world of the blockchain, crypto-assets and cryptocurrency, and virtual entities such as the Decentralised Autonomous Organisations (DAOs), all of which elude legal classification, have opened a new world of possibilities. Applicable across all jurisdictions and legal systems, the book will be a valuable resource for academics, researchers, and policy-makers working in the areas of financial crime, regulation, compliance, business, and accountancy.

English File Digital Gold Introduction

In the digital age, access to information has become easier than ever before. The ability to download English File Digital Gold has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download English File Digital Gold has opened up a world of possibilities. Downloading English File Digital Gold provides numerous advantages over physical copies of

books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading English File Digital Gold has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download English File Digital Gold . These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and

publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading English File Digital Gold . Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading English File Digital Gold , users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of

the websites they are downloading from. In conclusion, the ability to download English File Digital Gold has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
