Reproduction and Succession Robin Fox,1993-01-01 The basis of this extraordinary effort is that all history is the history of reproduction and succession -- in other words, of kinship. Fox claims that anthropology seems to have forgotten this, while sociology never did grasp it, getting bogged down in something called the family. Economics and psychology, for their part, were never much help in the pursuit of cultural universals. *Reproduction and Succession* is an attempt at a constructive approach from social and evolutionary science to law. Fox tackles Mormon polygamy, the Baby M trials, Sophocle's Antigone, and the problem of the avunculate. It is a search for the universals that connect the rational search for law and the empirical search for anthropology.

Rakshabandhan Anjali Jha, Raksha Bandhan is an auspicious festival that celebrates the beautiful bond of brothers and sisters. It is a pledge taken by the brothers to protect and safeguard their sisters in all stages of life. Their precious relationship of love, care, affection, admiration, and adoration is symbolized by a decorative thread called 'rakhi'.As this

occasion is such a blissful and a happier one, our writers are presenting affectionate heartstouching messages, poems, and quotes for their brother and sister and they are showing their immense love for their brother and sister's bond of love and protection.

My Dearest Enemy, My Dangerous Friend Dorothy Rowe, 2012-05-23 Stories about siblings abound in literature, drama, comedy, biography, and history. We rarely talk about our own siblings without emotion, whether with love and gratitude, or exasperation, bitterness, anger and hate. Nevertheless, the subject of what it is to be and to have a sibling is one that has been ignored by psychiatrists, psychologists and therapists. In *My Dearest Enemy, My Dangerous Friend*, Dorothy Rowe presents a radically new way of thinking about siblings that unites the many apparently contradictory aspects of these complex relationships. This helps us to recognise the various experiences involved in sibling relationships as a result of the fundamental drive for survival and validation, enabling us to reach a deeper understanding of our siblings and ourselves. If you have a sibling, or you are bringing up siblings, or, as an only child, you want to know what you're missing, this is the book for you.

Together Forever, Don't tell mom, it's like brother and sister's relationship. Relationship of trust. Sister and brothers are also best friends. Sometimes those things which we cannot share with our mother, we often proceed to tell them to our sister and the things which our mom isn't even aware of, the same things are clearly and quickly understood by our sisters. A sister's love for her brother's marriage is hardly as much as anyone else's. While reading this, you must have got reminded of your brother or sister, similar is the relation between brother and sister and sister's love, affection and quarrels with her brother. This fascinating book combines the soulful writings of 50 authors with lovely poems about their sisters. The poems are insightful, due to which all of the readers should relate this book to their own heart.

Reading Roman Friendship Craig A. Williams, 2012-10-18 This book invites us to approach friendship not as something that simply is, but as something performed in and through language. Roman friendship is read across a wide spectrum of Latin texts, from Catullus' poetry to Petronius' *Satyricon* to the philosophical writings of Cicero and Seneca, from letters

exchanged by the Emperor Marcus Aurelius and his beloved teacher Fronto, to those written by men and women at an outpost in northern Britain. One of the most innovative features of this study is the equal attention it pays to Latin literature and to inscriptions carved in stone across the Roman Empire. What emerges is a richly varied and perhaps surprising picture. Hundreds of epitaphs, commissioned by men and women, citizens and slaves, record the commemoration of friends, which is of equal importance to understanding Roman friendship as Cicero's influential essay *De amicitia*.

Haunted by the Civil War Shirley Samuels, 2025-10-28 How the legacy of the Civil War—as presented by writers, poets, and artists of the time—has shaped American visions of democracy In *Haunted by the Civil War*, Shirley Samuels explores the work of Walt Whitman, Emily Dickinson, Herman Melville, Frederick Douglass, Charlotte Perkins Gilman, and others to investigate the long cultural shadow of America's cataclysmic sundering. Juxtaposing these texts with images—ranging from paintings by Winslow Homer to newspaper and magazine illustrations of political controversies—Samuels argues that the Civil War still haunts our attitudes toward democracy. The recent toppling of Confederate monuments, the continuing protests over racial and sexual discrimination, immigration, and Indigenous land rights: each of these forms part of the war's legacy. Examining the fraught deliberations about an ideal American democracy in the early republic, Samuels turns to the language of sensation in the poetry of Melville, Dickinson, and Whitman alongside Lincoln's relation to the poetic and visual culture of his time. She considers the haunted afterlives of war in the work of Louisa May Alcott and Harriet Beecher Stowe as well as in popular nineteenth-century inspirational fiction. And she investigates the literature of men at sea (and on rivers, enabling both connection and escape), as seen in Melville and Mark Twain, while examining women's wartime work and experience, in writings by Gilman and Frances Harper. Why does the Civil War still haunt us? To find the answer, Samuels identifies not only the ghosts that cannot rest but also the cultural practices that name them.

The Names of Relationship in English Charles D. Campbell, 1905

Stem Cell Transplantations Between Siblings as Social Phenomena Christina Schües, Christoph Rehmann-Sutter, Martina Jürgensen, Madeleine Herzog, 2022-08-02 This open access book offers insights in short- and long-term experiences from families with bone marrow transplantations between minor siblings. It is based on the first extended qualitative study with 17 families about experiences with recent transplants and experiences with transplants up to 20 years in the past. It covers reflections of donors, recipients and other family members, as well as family interactions. Transplantation of bone marrow from one sibling to another who is ill with a blood cancer (such as Leukemia) is a life-saving therapy. Young children however are not in a position to give consent themselves. How should they be adequately included, depending to their age? Which ethical questions are raised for the parents both at the time of treatment and afterwards, and for the medical professionals in clinical and regulatory contexts? For an in-depth discussion of the findings the book brings together a group of leading scholars from the fields of bioethics, family sociology and philosophy of medicine.

The Sister Knot Terri Apter, 2015-05-27 “The best book on sisters, very important and beautifully written.”—Carol Gilligan, author of *In a Different Voice* This “substantial contribution to the literature on sibling relationships” (Library Journal) explores the intricacy, friction, and love in bonds between sisters. Relationships between women are often freighted with a rocky mix of emotions—devotion and disregard, affection and loathing, admiration and envy—leading to anguish and confusion on the playground, in the home, and in the boardroom. Negotiating her layered feelings toward a sister shapes a woman’s psychology as forcefully as do her relationships with her parents. Drawing on compelling interviews and new research, Terri Apter considers the many aspects of the sister relationship from birth through adulthood. The need to fight to differentiate oneself from a sister, as well the protectiveness one feels for that same person, is explained by reference to extensive psychological and biological evidence.

In My Brother's Shadow Jeanette Shelton, 2010-05 This is an extraordinary book about how one brother kept his family together, by making his dream into a reality. They had many sacrifices and sorrows that they would have to overcome. Anyone that grew up in the Appalachians, and has a large family can relate to this

Fragrance of Remembering, Celebrating Mom Zia Hajeebhoy, 2022-11-19 About Mom Mom had her own brand of intuition and wisdom. Her biggest gift was her ability to love all her four children absolutely equally and unconditionally. The most valuable gift she left us, is the ability to love life, to see joy and beauty in every thing. To sing, to explore, to experience. To make friends and welcome people into our lives and hearts, unconditionally, non judgmentally. She taught us the value of humanity. Ours was a secular home. Every one was welcome and no one was an outsider. We celebrated every festival, we prayed to no one God. We simply lived good lives. Mom's amazing feat was that she called every one for their birthdays, anniversaries, special occasions year on year. She never missed it. People young and old, from all walks of life looked forward to that call. People will miss that call. Instead of a funeral we celebrated her life of inclusivity. No ceremonies. Six different people from diverse communities said a short prayer each. We shared stories and sang all her favourite songs. We dressed her to look beautiful as she wanted to. We cut her cake and sang happy birthday. As her ashes flowed away into her beloved Arabian sea, we sang Abide With Me, a hymn she loved. Mom went the way she lived. Smiling, caring, living. I am grateful to the universe for this blessing. I celebrate the long life Mom lived through these memories. I hope to give comfort to those who have lost loved ones. Many much too early. Many in difficult circumstances during Covid. Thank you to friends and family and to Mom, who ensured that we all stayed connected, leaving us with a legacy of love.

Light Shining Through a Veil Edith van den Goorbergh, Theo H. Zweerman, 2000 The spirituality of Saint Clare of Assisi,

the soul mate of Saint Francis, is the object of this book. Her spirituality was inspired by Francis' and she owes much to him, like he to her. This book is meant to be a contribution to the study of Clare and her thoughts. In her four letters, written to Saint Agnes of Prague, Clare expresses herself more openly about her deepest motivations than in any other writing. They concentrate on the heart of her choice of life and as such they reproduce the most beautiful gift which God gave her. Clare's spirituality as it comes to the fore in these letters, can only then be fully understood when we take into account their creative structure. The specific aim of this book is to do justice to her texts in a method which, to our knowledge, was never applied before. It consists in an elaborated analysis of the fine, concentric structure of the letters to Agnes, combined with an ongoing commentary in which historical data are also given attention.
