Greatest Blacks Ever Ambassador Elliston Rahming ,Briana Louise Cacuci,2017-06-16 From an article entitled “History’s Black Hole” from the January 10, 2016 global edition of the New York Daily News, Arthur Browne opines, “Across every field of endeavor, from the ministry to medicine and from education to entrepreneurship, book merchants balk at memorializing black experience and accomplishments.” Essentially, this book is a celebration of black accomplishments—over centuries and across continents—and seeks to fill a portion of that “black hole.” Of the roughly 7 billion people who inhabit this planet, some 1.5 billion are classified as white, and blacks account for 1.1 billion. The remaining over 4 billion are somewhere in the middle. Yet, throughout the years, a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace, progress, prosperity, and pleasure.

Awakening Rachel B. Vogelstein,Meighan Stone,2021-07-13 Foreword by Tarana Burke. Awakening chronicles the remarkable global impact of the #MeToo movement. Since 2017, millions have joined the global movement known as #MeToo, catalyzing an unprecedented wave of women’s activism powered by technology that reaches across borders, races, religions, and economic divides. Today, women in more than 100 countries are using the hashtag to fight the violence and discrimination they face—and winning. What started as an online campaign against sexual harassment has triggered the most widespread cultural reckoning on women’s rights in history, with global implications for women’s participation in the economy, politics, and across social and cultural life. Awakening is the first book to capture the global impact of this breakthrough movement. Bringing together political analysis and inspiring personal stories from women in seven countries—Brazil, China, Egypt, Nigeria, Pakistan, Sweden, and Tunisia—Awakening takes readers to the front lines of a networked movement that’s fundamentally shifting how women organize for their own equality.

Gender and Activism Mieke Aerts,2015 This 'Yearbook' attends to various ways in which women were active and organized themselves in order to question sex and gender related issues in the political arena. Covering a diverse range of cultures and political situations the Yearbook discusses how women protested against perceived religious suppression; actively participated in local democratic political institutions whilst not really changing gender-roles; or discussed experienced discrepancies between socialism and feminism. How do women find their ways in democratic systems of governance? What do these systems offer them in terms of emancipation and involvement in political decision making

affecting their lives?

Quotes for Nasty Women Linda Picone,2017-09-05 Nasty women, unite—and read this compendium of fascinating quotations about powerful women through history. “My passions were all gathered together like fingers that made a fist. Drive is considered aggression today. I knew it then as purpose.” —Bette Davis When Donald Trump referred to Hillary Clinton as “such a nasty woman” during the last presidential debate in 2016, women everywhere felt a jolt of recognition—whatever their politics or feelings about Clinton. In response, they promptly turned his insult into an empowering slogan. This book celebrates the now-ironic phrase with a collection of quotations by and about strong women, both critical and positive. The words come from figures in ancient history like Cleopatra; founding mothers like Mary Wollstonecraft and Elizabeth Cady Stanton; feminist icons such as Gloria Steinem and Betty Friedan; politicians and government leaders; groundbreakers in arts and culture; celebrities; and the mothers, daughters, and sisters at home.

Managing Without Power Anne de Graaf,Klaas Kunst,2024-03-29 Largely inspired by the work of the American social psychologist Dr. Claude Steiner and the theory of Transactional Analysis, this book explores alternatives to power and how

we can use these to work and manage more effectively, with integrity and joy. Within this book, the authors examine and expand on Steiner's idiosyncratic views on the role of 'power' in our lives and work, which led to a new view of the relationship between management and power. Steiner suggested seven alternative ways to be influential, without the use of power, which include: grounding, passion, control, empathy/love, communication, knowledge, and transcendence. This book explores and describes these seven alternative sources of power in more detail, and how they can be used to produce change and increase the personal power of all, rather than playing power games. This will be a valuable resource for managers and leaders in all types of organizations, as well as for coaches, clinicians, and anyone who is interested in forms of influence other than the use of (autocratic) power.

Dangerous Charisma Jerrold Post, 2019-11-05 Offering an in-depth psychological and political portrait of what makes Donald Trump tick, *Dangerous Charisma* combines psychoanalysis with an investigation into the personality of the current American president. This narrative not only examines the life and psychology of Donald Trump, but will also provide an analysis of the charismatic psychological tie between Trump and his supporters. While there are many books on Donald Trump, there has been no rigorous psychological portrait by a psychiatrist who specializes in political personality profiling. As the founding director of the CIA's Center for the Analysis of Personality and Political Behavior, Dr. Post has created profiles of world leaders for the use of American presidents during historic events. As once stated by Jane Mayer of the New Yorker, who characterized Dr. Post as "a pioneer in the field of political personality profiling," "he may be the only psychiatrist who has specialized in the self-esteem problems of both Osama bin Laden and Saddam Hussein." In this new book, the psychiatrist who once served under five American presidents applies his expertise to profiling the current resident in the White House, with surprising and revelatory results.

Coming Together: the Ins and Outs of Liberia's Ups and Downs Anthony Barclay,2020-02-10 This book presents poetry, which the author believes is another suitable medium of scholarship for expressing his views on Liberia's development. He says that studying poetry, evaluating its messages, and embracing them within relevant contexts can be helpful to Liberians to empathize with and support each other rather than engaging in acts of violence and destruction. The poems cover some of the salient issues of Liberia's developmental process, highlighting the conditions of progress, stagnation, and regression. The lyrics, figuratively in some poems and literally in others, express the author's sentiments and hopes for positive change now and in the future for Liberia. . It also includes lyrics with philosophical and social overtones regarding family and friends.

Diplomatic Inspiration Ish'mael Ngu,2018-08-03 Leadership is hard. Leading a colorful and diverse people as Africans is harder still because all Africans are leaders. But if leaders lead the African people as peasants, instead of leading them as leaders, wouldn't that be a mistake? Besides leadership, Africa faces many macro challenges. Though, talent is evenly distributed in the world, opportunity is not. But, Africans possess the human and social capital to create opportunities. To give African inspiration space to live and breed innovation and reform. For this to work, a point of reference is necessary.

One that: · - Converges and enables a focused discussion of ideas from three groups of stakeholders · - Encourages a discussion of values and interests for creative problem solving · - Mitigates the perceptive disparity among different groups of stakeholders · - Engages citizens and their conversations in every aspect of the nation building process · - Inspires stakeholders to craft a radiant vision that can be reproduced · - Can be used to craft measures for tracking ongoing communication and development Diplomatic Inspiration suggests ideas for inspiring active and passive stakeholders and for equipping young Africans, the future leaders of Africa, to think differently. It's not just time for Africa. It has ALWAYS been Africa's time.

Yousafazi's case--attempted murder and exile. A history of the Prize and a biographical sketch of Alfred Nobel are included.

Visionary Liberia Leader Dr Amos Mohammed D Sirleaf, Amos Mohammed D. Sirleaf, 2009 Although many readers will find *Going All the Way Round* a guide to the care of their own aging parents, it is primarily the story of the author's ambivalence about her care of her parents as they aged. She hadn't expected to be a nurse. She found all kinds of surprises in dealing with her mother and father and the demands of care-giving. For example, there were her attempts to hire aides for her dad who wouldn't steal the silverware or bring their horses or husbands to work with them, and her mother's forgotten savings accounts. Dealing with their many problems made the author a strong and determined person. Despite the pain involved, she would not have changed anything.
