*House of Faith House of Cards* Eric N. Davis, 2010-05-21 Concise. Vivid. Honest. - Dan Barker, critically acclaimed author of 'Godless' and 'Losing Faith in Faith' Brutally honest, insightful, and compelling storytelling. - Lyndon Lamborn, author of 'Standing for Something More' When a young couple searched for clues connecting them to a famous ancestor, their journey led them on a path they never expected - converting to Mormonism. House of Faith House of Cards tells the turbulent life story of their son, Eric, including all the typical Mormon experiences, and some extraordinary episodes no Mormon will ever encounter. He participated with family members in his first secret temple ritual - normally reserved for adults - at the age of four, only to be excluded from a similar ceremony, involving his family, thirteen years later. In 1857, a company of 120 immigrants set out from a small Arkansas town, toward California. In a tragic twist of fate, they never reached their destination. While encamped in southern Utah, local Mormons and Paiute Indians launched an ambush, brutally slaughtering the group, in what became known as the Mountain Meadows massacre. 125 years later, Eric would be raised as a Mormon in the same Arkansas community where this wagon train initially departed. There, he learned just how much some people still despised that faith. While training for and serving a church mission in Canada, in the mid-1990s, Eric shared a room and became acquainted with a fellow missionary named Mark Hacking. Less than a decade later, when the disappearance and murder of Hacking's wife became highly publicized, several international media outlets approached Eric, searching for any juicy detail of the man's troubled past. These stories are just the tip of the iceberg.

*House of Cards* Robyn Dawes, 2009-11-24 Robin Dawes spares no one in this powerful critique of modern psychotherapeutic practice. As Dawes points out, we have all been swayed by the pop psych view of the world--believing, for example, that self-esteem is an essential precursor to being a productive human being, that events in one's childhood affect one's fate as an adult, and that you have to love yourself before you can love another.

**House of Cards** William D. Cohan, 2009-03-10 A blistering narrative account of the negligence and greed that pushed all of Wall Street into chaos and the country into a financial crisis. At the beginning of March 2008, the monetary fabric of Bear Stearns, one of the world's oldest and largest investment banks, began unraveling. After ten days, the bank no longer existed, its assets sold under duress to rival JPMorgan Chase. The effects would be felt nationwide, as the country suddenly found itself in the grip of the worst financial mess since the Great Depression. William Cohan exposes the corporate arrogance,

power struggles, and deadly combination of greed and inattention, which led to the collapse of not only Bear Stearns but the very foundations of Wall Street.

**A House of Cards** Jacqueline White, 2011-07-25 Massachusetts, 1969. When Tracy Burrows leaves Bakersfield, Alabama, to attend university at the prestigious Radcliffe College in Cambridge, Massachusetts, it was with the intention of making it to Harvard Law by keeping her head in the books and without causing any waves. Little did she realize how impossible this might be Tracy finds herself in the midst of the Student Movement, on one of the most active college campuses in the country. As a young, black woman, sitting out isn't an option, especially when she casually begins to date Kurt, a white, affluent, law student with his own ties to the South. Tracy is startled to discover that she's revolutionary without even trying. As Kurt and Tracy's relationship grows more serious, a secret from Kurt's past threatens everything that Tracy is working toward. Questions arise about race, relationships, and Tracy's own growing social consciousness. As she struggles with how much she's willing to give up to achieve her goals, Tracy realizes that the biggest lessons in life are the ones learned outside of the classroom. Brilliantly capturing the tumultuous spirit of the late 1960s, *A House of Cards* explores the gambles often taken when it comes to love.

**House of Cards** Michael Dobbs, 2014-03-11 The #1 bestselling novel that inspired the hit Netflix series A dark tale of greed, corruption, and unquenchable ambition, *House of Cards* reveals that no matter the country, politics, intrigue and passion reign in the corridors of power. Francis Urquhart has his hand on every secret in politics—and is willing to betray them all to become prime minister. Mattie Storin is a tenacious young reporter who has a knack for finding the real stories hidden behind the spin. When she stumbles upon a scandalous web of intrigue and financial corruption at the very highest levels, she vows to reveal the truth. But to do so she must battle her own demons and risk everything, even her life. *House of Cards* is a classic political thriller reinvented for a new generation. This blood and thunder tale, lifelike and thoroughly cynical, certainly carries the ring of authenticity....a great triumph. — The Independent

**The House of Cards** John Heigh, 1905

Say What? Doreen Chila-Jones, 2017-10-03 *Say What?* is a compilation of 670 of the most memorable things that should never have been said. You'll find, of course, quotes from dictators, drug lords, and murderers, but much more shocking are the entries by Nobel Prize winners, religious leaders, and beloved icons. Doreen Chila-Jones has collected hundreds of extraordinary quotes, and everyone is fair game—even Mother Teresa: "I think it is very beautiful for the poor to accept their lot, to share it with the passion of the Christ. I think the world is being much helped by the suffering of the poor people." *Say what?*

A House of Cards Alice S. Wolf, 1896

Tarot: Temple of Paper, House of Cards Carlos Escobel, 2019-07-28 *Tarot: Temple of Paper, House of Cards* breaks new

ground in the study of the Tarot. The primary goal of this book is not to provide a user manual or card interpretation guide. Nor is it an argument for any one school of thought in regards to the cards, their origin or intended use. Instead, the purpose is to help beginners and adepts alike appreciate the never yet ever changing Tarot in a genuinely new way. The thought exercise that creates this lens through which to understand the heart of the art includes techniques for internalizing the cards, their combinations and overlooked complexities in an immersive manner. These do not compete with prevalent methods but only enhance them. The Tarot is different things to different people. It has survived, and thrived through more than six hundred years of use because of its elastic evolution. This book encapsulates what it was and what it is while still adding to the methods available for its users. Additionally, new research is offered that is sure to surprise even those already well-read on the subject. And speaking of that subject, the practice of Tarot is fascinating on multiple levels including the historic, artistic, folkloric, psychological and spiritual. All of those and more are touched on in a work meant to revitalize not the Tarot itself, but the ways in which we can better understand and make use of it.

**The House of Cards Complete Trilogy** Michael Dobbs, 2014-07-01 Get all three books in the series that inspired the hit Netflix series House of Cards This blood-and-thunder tale, lifelike and thoroughly cynical, certainly carries the ring of authenticity... a great triumph. Independent The exciting thriller that has Westminster buzzing. Here is a political thriller writer with a marvelous inside track knowledge of government. House of Cards is fast-moving, revelatory and brilliant. Daily Express Michael Dobbs has wowed readers with his bestselling House of Cards trilogy, which inspired the hit series on Netflix. Here are the three books in the trilogy for one low price: House of Cards, To Play the King, and The Final Cut. About the Books in This Bundle 1. House of Cards A dark tale of greed, corruption, and unquenchable ambition, House of Cards reveals that no matter the country, politics, intrigue and passion reign in the corridors of power. Francis Urquhart has his hand on every secret in politics - and is willing to betray them all to become prime minister. Mattie Storin is a tenacious young reporter who has a knack for finding the real stories hidden behind the spin. When she stumbles upon a scandalous web of intrigue and financial corruption at the very highest levels, she vows to reveal the truth. But to do so she must battle her own demons and risk everything, even her life. 2. To Play the King After scheming his way to power in House of Cards, newly elected Prime Minister Francis Urquhart takes on the new King. The role of the monarchy in modern Britain comes under scrutiny as Prime Minister Francis Urquhart threatens to expose Royal secrets when his plans are blocked by the idealistic new King. Their differences of opinion quickly degenerate into open hostility. The battlefield ranges from architecture to the underprivileged; the battle is fought with rigged opinion polls, manipulated newspaper headlines, sexual scandal and economic brinkmanship as Urquhart sets out to destroy not only the King's family and friends but even the King himself. 3. The Final Cut Now Francis Urquhart is about to take his place in the record books as the longest-serving Prime Minister this century. Yet it seems the public is tiring of him at last, and the movement to force him from power is growing.

But Urquhart is not yet ready to be driven from office. If the public demands new blood, that is precisely what he will give them... This is a different Francis Urquhart – more vulnerable, more loving, and more ruthless than ever. He will risk everything, but one thing is certain: whatever the outcome of this, his greatest gamble, the name of Francis Urquhart will never be forgotten.

**House of Cards and Philosophy** J. Edward Hackett, 2015-12-14 Is Democracy overrated? Does power corrupt? Or do corrupt people seek power? Do corporate puppet masters pull politicians' strings? Why does Frank talk to the camera? Can politics deliver on the promise of justice? *House of Cards* depicts our worst fears about politics today. Love him or loathe him, Frank Underwood has charted an inimitable course through Washington politics. He and his cohorts depict the darkest dealings within the gleaming halls of our most revered political institutions. These 24 original essays examine key philosophical issues behind the critically-acclaimed series—questions of truth, justice, equality, opportunity, and privilege. The amoral machinations of Underwood, the ultimate anti-hero, serve as an ideal backdrop for a discussion of the political theories of philosophers as diverse as Plato, Aristotle, Nietzsche, Machiavelli, Hobbes, and Marx. From political and corporate ethics, race relations, and ruthless pragmatism to mass media collusion and sexual politics, these essays tackle a range of issues important not only to the series but to our understanding of society today.

The Obama Question Gary Dorrien, 2012-02-16 The election of Barack Obama to the presidency in 2008 was hailed by many as a historic event and by some as the end of the Reagan era in American politics. But conservatives have condemned Obama from the beginning of his presidency, and many progressives charge that Obama has betrayed the causes that he espoused in 2008. This book offers a brilliant critique of Obama's presidency and a powerful case that progressives should not give up on Obama. Gary Dorrien, described by Princeton philosopher Cornel West as the preeminent social ethicist in North America today, argues that Obama is a figure of protean irony and complexity. Obama has been a bitter disappointment in many ways, Dorrien contends, yet Obama also has historic achievements to his credit that are too often discounted. Dorrien emphasizes the importance of Obama's story to his career and devotes chapters to the economic crisis, the health care reform debate, war and foreign policy, banking regulation and the federal budget, and the case for a progressive politics of the common good. Ultimately, Dorrien says, the Obama question is whether or not Obama's presidency will mark the end of the Reagan era—when giant corporations and the wealthy got whatever they wanted, military budgets soared, and American politics was ruled by the fantasy of tax cuts paying for themselves. Dorrien argues that there is still time to redeem the hope of the 2008 election, bringing an end to the Reagan era. *The Obama Question* will stand as an insightful evaluation of a tumultuous presidency long after the next election has passed.

*House of Cards* David Ellis Dickerson, 2010-11-02 A hilarious and honest memoir by an ex-greeting card writer, ex-virgin fundamentalist, and current *This American Life* contributor. When David Dickerson landed his dream job at Hallmark writing

greeting cards-he discovered his limited life experience as a fundamentalist- raised, 26-year-old virgin left him woefully unprepared for the worldly sentiments he was expected to deliver. Here, Dickerson chronicles his bumpy and hilarious journey to (relatively) modern single guy, confronting his past, his beliefs, his relationships, and his virginity.

Language and Manipulation in House of Cards Sandrine Sorlin,2016-08-12 This book is to date the first monograph-length study of the popular American political TV series House of Cards. It proposes an encompassing analysis of the first three seasons from the unusual angles of discourse and dialogue. The study of the stylistic idiosyncrasies of the ruthless main protagonist, Frank Underwood, is completed by a pragmatic and cognitive approach exposing the main characters' manipulative strategies to win over the other. Taking into account the socio-cultural context and the specificities of the TV medium, the volume focuses on the workings of interaction as well as the impact of the direct address to the viewer. The book critically uses the latest theories in pragmatics and stylistics in its attempt at providing a pragma-rhetorical theory of manipulation.

**Not Another U.S. History Textbook** Adam Strube,2024-01-15 Why on earth would two history nerds use their own free time to write another US history textbook? Well, that, intelligent human, is the right question. This work breaks from the traditional memorization of who, what, when, where, and focuses on why and how. The former is popular in schools due to its efficiency in quantification for testing. You're either right or wrong about remembering facts. But it's so boring that most students turn off their brains once they set foot in the class, and that habit continues well into old age, if not recognized and corrected. Why and how are more subjective, therefore harder to grade. But with their asking, people become re-centered in our collective story, where they belong. Only then can proper context be understood, and criticism and perspective be applied. We believe this approach to be the missing link in our education and understanding of current issues, norms, and discussion points. Hopefully, after reading this work, each reader's critical thinking will activate around all history permanently. That will certainly aid humanity's evolution and communication. Wait, does that mean this book can be categorized as self-help? Argue away!

**The Obama Question** Gary J. Dorrien,2012 This text offers a critique of Barack Obama's presidency and a powerful case that progressives should not give up on Obama. Obama has been a bitter disappointment in many ways, Dorrien contends, yet he also has historic achievements to his credit that are too often discounted.

*American Literature as World Literature* Jeffrey R. Di Leo,2017-12-28 For better or worse, America lives in the age of "worlded" literature. Not the world literature of nations and nationalities considered from most powerful and wealthy to the least. And not the world literature found with a map. Rather, the worlded literature of individuals crossing borders, mixing stories, and speaking in dialect. Where translation struggles to be effective and background is itself another story. The "worlded" literature of the multinational corporate publishing industry where the global market is all. The essays in this

collection, from some of the most distinguished figures in American studies and literature, explore what it means to consider American literature as world literature.

*Veritas* Michael Levin, 2007-02 Harvard. Sex. Politics. Race. Twins. Money. Secrets. Scandal. Truth. A shocking and powerful tale of the reality of race relations in American society that answers the question: How do whites and Blacks really view each other today? Praise for Michael Levin's Previous Novels Levin's verbal humor glistens. The New Yorker. Lively with the indignation of a bright young man. The Washington Post. Outrageous ... passionate ... funny ... entertaining ... satirically engaging ... so amusingly complex that one can't help getting caught up by its machinery. The New York Times, Christopher Lehmann-Haupt. A marvelously complex plot ... a thoroughly good time. Sunday New York Times Book Review. Irresistible ... It's hard not to get caught up in the frenzy. Los Angeles Times A master of complex plotting Booklist

*House of Cards* Colin S. Gray, 1992 If peace breaks out, can arms control be far behind? According to Colin S. Gray, this sardonic motto describes events of the 1990s just as well as it did those of the 1920s. Gray offers a provocative history of twentieth-century attempts at arms limitation, as he challenges the fundamental assumptions of arms control theory. Arms control has never worked, he concludes, because it never can. Existing approaches to arms control appeal to common sense, but they are logically unsound and inherently impractical, Gray argues, because they fail to take political realities into account. He outlines their inadequacies in what he calls the Arms Control Paradox: the more motivated nations are to fight one another, the less interested they will be in supporting significant arms limitations. Under these conditions, arms control agreements must be, to echo a phrase of George Will's, either impossible or unimportant. Documenting the naval treaties of the 1920s and 1930s and the initiatives to limit strategic nuclear arms from 1969 to the present, Gray seeks to demonstrate that the fortunes of negotiated arms limitation have merely reflected the temperature of international relations, rather than influencing those relations. National security analysts, students and scholars of international relations, and others interested in arms control issues will want to read *House of Cards* and debate its conclusions.

**A Darkly Radiant Vision** Gary Dorrien, 2023-01-01 The third and final volume in the first comprehensive history of Black social Christianity, by the greatest theological ethicist of the twenty-first century (Michael Eric Dyson) The Black social gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien's award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel* and *Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory,

cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. A Darkly Radiant Vision features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.
