Twilight of the Gods Thorolf Hillblad,2004-05-19 A rare, first-hand account from a Swedish Waffen-SS soldier who fought against the Red Army on the Eastern Front during World War II. Few new personal accounts by Waffen-SS soldiers appear in English; even fewer originate from the multitude of non-German European volunteers who formed such an important proportion of this service's manpower. Twilight of the Gods was originally written in Swedish, and published in Buenos Aires shortly after the end of WWII. It is the story of Erik Wallin, a Swedish soldier who volunteered for service with the Waffen-SS, and participated in the climactic battles on the Eastern Front during late 1944 and 1945, as told to this book's editor, Thorolf Hillblad. Wallin served with the Panzer Reconnaissance Battalion, 11th SS-Panzergrenadier Division Nordland, a unit composed mainly of non-German volunteers, including Danes, Norwegians, and Swedes. The division enjoyed a high reputation for its combat capability, and was always at the focal points of the fighting on the Eastern Front in the last year of the war. During this period, it saw combat in the Baltic, in Pomerania, on the Oder, and finally in defense of Berlin, where it was destroyed. Erik Wallin served with his unit in all of these locations, and provides the reader with a fascinating glimpse into these final battles. The book is written with a "no holds barred" approach which will captivate, excite and maybe even shock the reader—his recollections do not evade the brutality of fighting against the advancing Red Army. Twilight of the Gods is destined to become a classic memoir of the Second World War.

A Soldier's Conscience Charles.G. Fournel,2022-10-31 When a soldier has trouble accepting the acts of the regime he serves, how much can his conscience take? What should he do? Could he betray his comrades? These are the questions that faced a young Wehrmacht soldier, after being posted to a top secret base in France. After helping the civilian French resistance, the former soldier must reinvent himself and join the Italian partisans. If these resistance members found out his true identity, he could forfeit his life. With potential enemies all around him, can he betray his fellow countrymen and survive the war unscathed?

Black Camp 21 Bill Jones,2018-10-04 Shortlisted for the McIlvanney Scottish Crime Debut Prize All over Britain, POW camps are filling up with defeated German soldiers. Every day, thousands more pour in on ships from France. But only the most dangerous are sent to Camp 21 - 'black' prisoners – SS diehards who've sworn death before surrender. Nothing will stop their war, unless it's a bullet. As one fanatic plots a mass breakout and glorious march on London, Max Hartmann

dreams of the oath he pledged to the teenage bride he scarcely knows and the child he's never met. Where do his loyalties really lie? To Hitler or to the life he left behind in the bombed ruins of his homeland? Beneath the wintry mountains, in the hell of Black Camp 21, suspicion and fear swirl around like the endless snow. And while the Reich crumbles - and his brutal companions plan their assault - Max's toughest battle is only just beginning. Inspired by terrifying actual events, Black Camp 21 takes readers on a gut-wrenching journey from the battlefields of France to its shocking climax in a camp which still stands today.

Alternative für Deutschland: The AfD Thomas Klikauer, 2020-02-21 Right-wing populism has been on the rise in Europe and elsewhere. Germanys foremost populist party is called Alternative for Germany (AfD). Founded in 2013 and entering Germanys federal parliament in 2017, the AfD increasingly moved towards right-wing extremism. Today, the party is Germanys most successful nationalistic party. Following the populist playbook, the AfD started off with a simple neoliberal and anti-Europe message, but soon moved towards the extreme right. By 2017 the AfDs ultra-nationalistic wing had successfully outmanoeuvred the partys moderate and neoliberal leader Frauke Petry. Written from the standpoint of openness, pluralism, liberalism and democracy, this book examines the AfDs rise to fame, its successes, and the partys ideological links dating back to German Nazism of the 1930s. The author illuminates the partys ideological and institutional links to present-day Neo-Nazis; its close associations to the right-wing street movement Pegida; the recruitment of right-wing extremists and former Neo-Nazis into its parliamentarian ranks; its xenophobic, anti-Muslim, racist and anti-Semitic ideologies; and its relationship to the neo-fascist Identity Movement. A historical overview positions the AfD within Germanys political landscape. The work engages with the make-up of AfD voters and electoral successes; the partys relationship to anti-Semitism; and its dreams of re-establishing a mythical Aryan Volksgemeinschaft. Close attention is paid to the AfDs demagogic and nationalistic leader, Bjoern Hoecke, as well as the partys admiration for the radical right of neighbouring Austria. A final chapter examines the fascist character of the AfD as measured against Umberto Ecos fourteen elements of Ur-Fascism. Three questions are posed: Will the AfD lead to the end of German democracy? Is Germany moving towards another Third Reich? Is there another Hitler in the making?

Я - доброволец СС. «Берсерк» Гитлера Эрик Валлен, 2013-03-10 [i]«Ragnarök» («Гибель богов»)[/i] – под таким заглавием мемуары Эрика Валлена увидели свет сразу после войны, а вскоре были переизданы уже как «Endkampf um Berlin» [i] («Последние бои в Берлине»)[/i] и под псевдонимом Викинг Йерк. Его судьбе и впрямь позавидовал бы любой из предков-берсерков, некогда наводивших ужас на всю Европу, – вступив в шведскую фашистскую партию Svensk Socialistisk Samling в 17 лет, Валлен добровольцем отправился на Зимнюю войну против СССР, а затем, дезертируя из армии нейтральной Швеции, воевал в Waffen-SS – в 5-й танковой дивизии СС «Викинг» и 11-й панцер-гренадерской дивизии СС «Нордланд», с которой прошел от Хорватии до Курляндского «котла» и от Померании до Берлина, был тяжело ранен в последних боях, но бежал из советского плена. И умер он полвека спустя не в домашней постели, а на слете ветеранов-эсэсовцев – чем не пропуск в нацистскую Валгаллу?.. До самого конца этот гитлеровский «викинг» ни в чем не раскаялся и ничего не понял, оставшись заклятым врагом не только СССР, но и русского народа, а его патологическая русофobia и бешеная ненависть к «славянским недочеловекам» – лучшая вакцина от «коричневой чумы». Такие книги надо не запрещать, а прописывать всем доморощенным фашистам и отпетым либерастам – полюбуйтесь на звериный оскал европейских «освободителей от сталинского ига», задумайтесь, что было бы с Россией в случае их победы, осознайте, какого страшного врага разгромила и загнала обратно в кровавую Валгаллу наша Красная Армия!

Auf der Grundlage dieser und anderer realer Kriegsereignisse hat der Däne Simon Pasternak einen verstörenden und provozierenden Roman geschrieben, der diese Zeit konsequent aus der Sicht der Täter beschreibt.
