Pronunciacion de la lengua Espanola para anglohablantes Richard E. Morris, 2009-11-15 Written entirely in Spanish, the book is designed to help native English speaking students improve their Spanish pronunciation. Appropriate for those with two years of Spanish on up, the text is ideal for lower level classes to catch bad speaking habits before they set in. For upper level classes the book can serve as a tool to refine pronunciation skills. The book is designed to be completed in one semester and covers specific pronunciation issues common to English speakers and solutions to these problems. Side by side English and Spanish word comparisons are made to allow the student to first pronounce the English and then the Spanish words, providing ear training and articulating exercises. A variety of oral exercises are included which can be practiced in groups. Additional resources, including audio pronunciation files for select textbook exercises and a PDF-only instructor's manual, are available at www.hackettpublishing.com.
