Horary for Beginners S.C. Kursija, This highly specialized astrological application is ancient. It deals with specific questions and methods of answering these questions based on Tajik Yogas formed in the horoscope of that time at which the question was asked. The basis of the horary chart is the time when your question is put to the astrologer, and from this a map of the sky is erected. Personal details, such as your date, place and time of birth, are not needed and so, for those who do not have this information, horary provides a method of dealing with problems. Horary astrology has its own strict system. The position of and aspects to the moon are of prime importance. The person asking the question, or querent, is represented by the ruler of the first house in the horoscope formed at the time of question. Planetary aspects are considered more important than in other branches of astrology (although it is the planetary rulers of the houses in question that take precedent in analysis). Typically, a horary chart is read by first assigning the thing asked about, the quesited, to a particular house in the chart. For instance, asking Where is my lost dog? would be represented by the sixth house, as it is the house that governs small animals (traditionally, smaller than a goat). Whenever anyone who does not have his/her birth details approaches the Astrologer, in such case the astrologer makes his horary chart and answers his/her queries. Horary astrology is based on the notion that the question and intensity to find its answer arises in the mind as a result of the divine command and at that particular moment, the planetary locations in the cosmos remains favorable. Sometimes a native has the queries related to his/her relatives, friends or neighbors even without having their birth-details. Horary Astrology has the adequate and significant tools based on divine principles to answer even such questions. Horary Astrology has the ability to answer any question whether it is regarding the lost articles, return of the person from abroad or any place, the time to get cure of a sick person etc. This book gives vivid knowledge of not only the basic tenets of Horary Astrology but also explains the related planets, signs and houses for a specific query related to a particular subject. This book has specially been designed for the students of All India Federation of Astrologers' Societies but the other students interested to know this subject can also get benefitted equally with the study of this book.

How to Judge a Horoscope Volume 2 B. V. Raman, 2016-01-01 How to Judge a Horoscope is a departure from the conventional method of treatment of astrology. It is a study in the use of Horoscope in every man's daily life. The work in two volumes is divided into twelve houses, containing six each in consecutive order. The twelve houses have reference to the material relation of the soul (Jeeva) in its journey from the cradle to the grave. The study of illustrations (charts) makes every point even the omitted rudimentary principles and rules very clear and graspable. Vol II deals with houses VII to XII. The Seventh House represents wife, husband, marriage, sexual diseases, business partner, diplomacy, talent and general

happiness. The Eight House indicates longevity, legacies, disgrace, degradation and details pertaining to death. The Ninth rules father, righteousness, religion, fame leadership, Journeys and communications with spirits. The Tenth indicates occupations, profession, honours, foreign travels and means of livelihood. The Eleventh represents means of gains, elder brother and freedom from misery. The Twelfth rules losses, expenditure, sympathy, divine knowledge, moksha and the state after death.

1001 Yogas in Vedic Astrology Saket Shah, 2020-07-19 If you are even a little bit interested in Vedic astrology, you must have heard of the term “Raj Yoga”. It is a special combination that if exists in a horoscope makes the native wealthy, healthy and prosperous. Like Raj Yoga, there are many other special Yogas that are considered important in Vedic astrology. “Yogas” is an aspect that is unique to Vedic astrology. Yogas essentially are special combinations and positions of planets in relation to houses and other planets. Certain planetary positions can lead to some specific results, whether good or bad. And Vedic astrology has defined some of these very special positions as Yogas. The meaning of the word Yoga is “union” so certainly, the different ways planets associate with each other and form combinations is also called Yogas. Most Yogas consist of more than one planet. There are a huge number of Yogas in Vedic astrology but some are more important than others, which apparently should be on tips of any perspective astrologer. When a Yoga is formed in a particular house by lords of different houses, it can deem positive or negative results based on the area of life that the associated planets and houses signify. You would rarely see someone who only has auspicious Yogas in his or her horoscope.

The Art of Prediction in Astrology Gayatri Devi Vasudev, 2012-01-01 Astrology and interest in it have been growing at a pace that does justice to the subject as a discipline of great consequence in handling the complexities and ills of human life and existence. Authoritative works on astrology abound in Sanskrit and several of them have been translated into English by scholars. These translations are a great boon to the diligent student and carry innumerable combinations and dicta covering almost all aspects of life. However, the difficulty lies in their actual application to horoscopes where the skills of the astrology student are challenged to the limit. The Art of Prediction in Astrology is a simple guide to the techniques of interpretation of the horoscope. This book teaches how to apply and interpret some important planetary combinations and dicta found in classical works to practical cases. This shows further how to analyse and understand: *Yogas for fame and lasting reputation, renunciation, spiritual realization, tyranny and homicidal tendencies. *Difficult concepts such as the difference between Resi and Bhava, Yamaganda and Yamakantaka, the Moon's role in understanding human psychology and behaviours and the nexus between Rahu-Ketu and schizophrenic tendencies. *Eclipses and how they influence the timing of events. *Solar activity and planetary movements in relation to weather, agricultural crops and tsunamis. *Principles of Muhurta and natal horoscopy in making forecasts on the fall and continuance of governments and how Martian movements can trigger terrorist attacks such

as that of September 11, 2001. *Simplifies the intricate art of chart delineation with illustrations of important personalities.

Life Events Prediction Astrology Ram Babu Sao,2025-06-10 "Money is Prosperity". Vedic Astrology (Jyotish) is a

powerful tool for gaining profound knowledge about every aspect of life. Each person is born with a unique set of psychological tendencies and life potentials. The book, "Life Events Prediction Astrology", is a unique book, which is very informative and also easy to understand. The horoscope shows us what we are presently working with, based on our past actions and thoughts. Besides providing deep insight into the past and present, the horoscope can also show future trends and events. This knowledge can help the individual make use of latent potentials and approach life's challenges with greater care and purpose. By understanding the karmic patterns reflected in the horoscope, it is possible to work with these tendencies and potentials to promote greater peace, prosperity, and happiness in life. The light that is shed on a dire personal situation by Vedic Astrology is priceless. The ancient Vedic system provides a predictive system that can accurately predict life events and different "chapters" of life, called "Dasha". In Vedic Astrology, the palm is used as a support and cross-reference to the astrological chart. From the palm the relative strength of the planets in the birth chart can be determined. It also helps in rectifying the horoscope if there is some doubt about the birth time. And it provides the astrologer with additional information about personality, life potentials, future trends, and events. The timing of life events is calculated with a detailed system of planetary time cycles, called "Dasha." There is no equivalent system in Western astrology. Vedic astrology provides a greater scope, depth and accuracy for predicting the future. Given an accurate birth time, the Dasha system can precisely show when a period of fortune or misfortune will begin and end, and provide actual dates. Of two people with wonderful careers, great relationship potential and wealth indicated in their charts, one may find his niche early in life, while the other must experience difficult times to finally achieve prosperity later in life. The Vedic system can indicate the timing of such events as well as their extent. It uses the Moon's position as the starting point against the background of a Nakshatra in calculations of the planetary periods within the 120 year potential lifespan. The principles governing Vedic astrology have remained unaltered for thousands of years. Vedic astrology acknowledges only nine planets, such as, Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn and the two nodes of the Moon called Rahu and Ketu.
