My Deepest Sympathies... Florence Isaacs,2010-02-10 Never are we more concerned with getting it right than when writing to one who has suffered a loss. In *My Deepest Sympathies--*, letter-writing guru Florence Isaacs guides us through the ins and outs of offering comfort and support with short yet meaningful notes that will long be remembered by their recipients. She offers guidelines for diverse situations, with sample letters to draw on, so that it's easy to strike the appropriate tone every time. Isaacs explains that the individual circumstances help determine what's appropriate to say in a sympathy note, and she provides specific techniques for a wide range of relationships, from the death of a coworker's spouse to the loss of a friend's elderly parent from Alzheimer's. She also addresses complex situations like the death of an ex-wife, an estranged sibling, or a longtime companion. She even includes thoughtful words for the death of a pet. Whether it's for a blank note or a few extra lines on a card, Isaacs's advice runs the gamut from personal to professional. And she explains how to provide real help to the bereaved by making phone calls, running errands, or simply lending an ear. Information on funerals, memorial services, and proper etiquette when someone of a different culture has died will help readers avoid missteps in potentially awkward situations. Isaacs closes with techniques for effective eulogies, plus a special appendix of actual eulogies that illustrate ways in which readers can memorialize a loved one for family and friends. Filled with practical information, *My Deepest Sympathies--* makes it simple to say and do the right thing at difficult times.

Reading Poverty in America Patrick Shannon,2014-03-14 In this book Shannon's major premise remains the same as his 1998 Reading Poverty: Poverty has everything to do with American public schooling-how it is theorized, how it is organized, and how it runs. Competing ideological representations of poverty underlie school assumptions about intelligence, character, textbook content, lesson formats, national standards, standardized achievement tests, and business/school partnerships and frame our considerations of each. In this new edition, Shannon provides an update of the ideological struggles to name and respond to poverty through the design, content, and pedagogy of reading education, showing how, through their representations and framing, advocates of liberal, conservative, and neoliberal interpretations attempt the ideological practice of teaching the public who they are, what they should know, and what they should value about equality, civic society, and reading. For those who decline these offers, Shannon presents radical democratic interpretations of the relationship between poverty and reading education that position the poor, the public, students, and teachers as agents in redistribution of economic, cultural, and political capital in the United States.

Six Nations Diplomat Donna Tesiero, 2025-06-30 At the dawn of the American Revolution, 39-year-old Molly Brant, a Mohawk Indian, is the widowed partner of the legendary Sir William Johnson and mother of their eight young children. For the past 15 years, she has assisted Sir William, Britain's superintendent for Indian affairs and hero of the French and Indian War, as he negotiated the relationship between Britain and its colonies with her people, the Six Nations confederacy, sometimes called the Iroquois. Now a time of decision is coming. Will she cast her lot with the colonists who are trying to seize power in a region regarded by her people as the Six Nations heartland, or will she use her great influence to convince her people to remain loyal to the king? Drawing heavily on primary sources, this biography of the Mohawk leader chronicles her task to carve out a promising future for her children and her people in a world that threatens to make homeless refugees of them all.

Walls, Borders, Boundaries Marc Silberman, Janet Ward, Karen E. Till, 2012 How is it that walls, borders, boundaries--and their material and symbolic architectures of division and exclusion--engender their very opposite? This edited volume explores the crossings, permeations, and constructions of cultural and political borders between peoples and territories, examining how walls, borders, and boundaries signify both interdependence and contact within sites of conflict and separation. Topics addressed range from the geopolitics of Europe's historical and contemporary city walls to conceptual reflections on the intersection of human rights and separating walls, the memory politics generated in historically disputed border areas, theatrical explorations of border crossings, and the mapping of boundaries within migrant communities.

MARINES Chuck Mansfield, 2023-10-29 The history and lore of the United States Marine Corps are likely unmatched. Steeped in the rich history and tradition of the Corps since its founding in 1775, this book focuses on more recent history, specifically the author's experiences as a young Marine in the 1960s, including his tour of duty in Vietnam. It also includes biographical profiles of more than 100 other Marines who fought in Vietnam or other conflicts. Most of those profiled are Marines with whom the author served or has come to know since his active military service. The 30th Marine Commandant, General Carl Mundy, has written: "Few who have borne the title [United States Marine] fail to identify with it throughout their entire lives." Marines are, as Shakespeare has written, "We few, we happy few, we band of brothers." And brothers are members of a family. This family is "The few. The proud. The Marines."

The Fun Stuff James Wood, 2012-10-30 Following *The Broken Estate*, *The Irresponsible Self*, and *How Fiction Works*—books that established James Wood as the leading critic of his generation—*The Fun Stuff* confirms Wood's preeminence, not only as a discerning judge but also as an appreciator of the contemporary novel. In twenty-three passionate, sparkling dispatches—that range over such crucial writers as Thomas Hardy, Leon Tolstoy, Edmund Wilson, and Mikhail Lermontov—Wood offers a panoramic look at the modern novel. He effortlessly connects his encyclopedic, passionate understanding of the literary canon with an equally in-depth analysis of the most important authors writing today, including Cormac McCarthy, Lydia Davis, Aleksandar Hemon, and Michel Houellebecq. Included in *The Fun Stuff* are the title essay on Keith Moon and the lost joys of drumming—which was a finalist for last year's National Magazine Awards—as well as Wood's essay on George Orwell, which Christopher Hitchens selected for the Best American Essays 2010. *The Fun Stuff* is indispensable reading for anyone who cares about contemporary literature.

Guardian Joe Haldeman, 2016-09-27 During the Alaskan gold rush, a woman pursues a destiny that will change the world in this alternate-history novel from a sci-fi legend. In the tradition of Robert Heinlein (*Starship Troopers*, *Stranger in a Strange Land*), multiple Hugo and Nebula Award winner Joe Haldeman set a new standard for military science fiction and hard sci-fi with *The Forever War* and his phenomenal *Worlds* series. Now the Science Fiction Writers of America Grand Master dabbles brilliantly in alternate-history fiction with the world-altering adventures of a remarkable woman during the gold rush in late nineteenth-century Alaska. Sent from her Georgia home to Philadelphia to escape the carnage of the Civil War, Rosa Coleman studied astronomy and mathematics, ultimately settling into a new life as the wife of a wealthy man and mother of young Daniel. But when she discovers an unforgiveable secret about her reprobate husband, Rosa takes the boy and flees to the West on a desperate escape that takes them from Dodge City to San Francisco one step ahead of the Pinkertons hired to bring them back home. On the run in a strange and exhilarating new world, Rosa and Daniel find a haven where they might never be found: the wilds of Alaska among the dreamers drawn to its magnificent wilderness by the promise of gold. It is here that her spiritual guide first appears to Rosa in the form of a raven—an incarnation of the trickster

god of Native American and Eskimo lore—suggesting that her destiny lies not in sparkling riches but in something far greater. This mystical harbinger has come from a distant, alien place, and will set her on an astonishing course . . . A magnificent blending of historical and speculative fiction, Joe Haldeman's *Guardian* is a breathtaking departure for the author whom Peter Straub calls one of our most aware, comprehensive, and necessary writers and David Brin praises as one of the best prophetic writers of our times.
