The Black Muslim Manifesto Lukman,2009-05 The Black Muslim Manifesto is the compilation of over ten years of essays addressing events of historical, contemporary and ideological significance. Debates between the author and others, who contested some of his positions, form the basis of several chapters. The essays not only provide Lukman's reflections on some of the most critical issues of the past decade, they also include a critical analysis of American history, a critique of Malcolm X, a biographical sketch of Kwame Ture (partly based on the author's personal relationship with him), Lukman's understanding of the religion of Islam, particularly as it relates to the post 9/11 world; commentaries on Lebanon, Sudan, Gaza, the ascendancy of Obama etc. There are countless opinions offered concerning every topic addressed in the Manifesto, however, that which makes the Manifesto unique is it's uncompromising, Black, revolutionary, Islamic perspective. This is a perspective that is totally missing from the ideological discourse, in America, on either the left or the right. The climate of fear engendered by George W's fatwa that you are either with us or you are with the terrorists has sent Muslim leadership in America scurrying behind the mantra Islam is peace. The fact that Bush codified his fatwa with the Patriot Act has left this brand of leadership cowering in fear. Those who wish to pass themselves off as Black leadership are no better than their Muslim counterparts. The Manifesto takes the unabashed position that the Obamamania, which has been signed onto by most recognized Black leadership, is no more than a corporate controlled deception. It is a deception designed for international as well as domestic consumption. The American ruling class is faced with the browning of America. They are also confronted with an increasingly non-white, anti-American global population. According to the Manifesto, Obamaism represents the apotheosis of neo-colonialism. Are the views expressed in the two preceding paragraphs controversial? Of course they are and they are reflective of the spirit of the book. That is precisely what makes the Manifesto unique. The uniqueness of the book is part of the appeal of the Manifesto. An embattled Muslim world will find a voice, in the Western Hemisphere, who champions their cause. Followers of the teachings of the Honorable Elijah Muhammad will see that Elijah Lives in its pages. Revolutionary thinkers will find a book written in the spirit of George Jackson's Blood in my Eye. And, of course, liberals, reformists, accommodationists and assimilationists will be horrified. But that is precisely the type of debate all intellectuals should welcome.

Writing Muslim Identity Geoffrey Nash, 2012-01-26 The relationship between Islam and the West is one of the most urgent and hotly debated issues of our time. This book is the first to offer a comprehensive overview of the way in which Muslims are represented within modern English writing, ranging from the novel, through memoir and travel writing to journalism. Covering a wide range of texts and authors, it scrutinises the identity 'Muslim' by looking at its inscription in recent and contemporary literary writing within the context of significant events like the Rushdie Affair and 9/11. Examining the wide range of writing internationally that takes Islam or Islamic cultures as its focus, the author discusses the representation of Muslim identity in writing by non-Muslim writers, former Muslim 'native informants', and practising Muslims.

Western Muslims and Conflicts Abroad Juris Pucenoks, 2015-12-07 This book explains why reactive conflict spillovers (political violence in response to conflicts abroad) occur in some migrant-background communities in the West. Based on survey data, statistical datasets, more than sixty interviews with Muslim community leaders and activists, ethnographic research in London and Detroit, and open-source data, this book develops a theoretical explanation for how both differences in government policies and features of migrant-background communities interact to influence the nature of foreign-policy focused activism in migrant communities. Utilizing rigorous, mixed-methods case study analysis, the author comparatively analyses the reactions of the Pakistani community in London and the Arab Muslim community in Detroit to the wars in Afghanistan and Iraq during the decade following 9/11. Both communities are politically mobilized and active. However, while London has experienced reactive conflict spillover, Detroit has remained largely peaceful. The key findings show that, with regards to activism in response to foreign policy events, Western Muslim communities primarily politically mobilize on the basis of their ethnic divisions. Nevertheless, one notable exception is the Arab-Israeli conflict, which is viewed through the Islamic lenses; and the common Islamic identity is important in driving mobilization domestically in response to Islamophobia, and counterterrorism policies and practices perceived to be discriminatory. Certain organizational arrangements involving minority community leaders, law enforcement, and government officials help to effectively contain excitable youth who may otherwise engage in deviant behavior. Overall, the following factors contribute to the creation of an environment where reactive conflict spillover is more likely to occur: policies allowing immigration of violent radicals, poor economic integration without extensive civil society inter-group ties, the presence of radical groups, and connections with radical networks abroad.

Gospel for Muslims Steve Bell,2012-02-01 Steve Bell has distilled three decades of experience in cross-cultural communication of the Gospel to ordinary Muslim people. Gospel For Muslims asserts that all theology - including Western theology - is influenced by the culture of those who write it. Help is therefore needed to move beyond the western understanding of the Bible in order to tell Muslims the good news about Jesus in more accessible ways and enable them to believe and follow him in culturally appropriate ways - even if it means doing so from outside institutionalized Christianity.

Disorientation: Muslim Identity in Contemporary Anglophone Literature E. Santesso,2013-09-12 Focusing on British novels about the Muslim immigrant experience published after 9/11; this book examines the promise as well as the limits of 'British Muslim' identity as a viable form of self-representation, and the challenges - particularly for women - of reconciling non-Western religious identity with the secular policies of Western states.

Christianity, Islam and Liberal Democracy Robert Alfred Dowd,2015 Based on research conducted in Nigeria and other parts of sub-Saharan Africa, Christianity, Islam, and Liberal Democracy argues that Christian and Islamic religious communities become more conducive to actions and attitudes conducive to and compatible with liberal democracy in religiously diverse and integrated settings than in religiously homogeneous or diverse but segregated settings.

Are We There Yet? Martin L. Davis,2014-07-28 In *Are we there yet?*, author Martin L. Davis provides the blueprint for what people of color need to do to change their standing in American society and throughout the world. It delivers a blow-by-blow, step-by-step, challenge-by-challenge outline that speaks directly to the heart of the ills black people face today. It addresses how black Americans can correct those ills internally, without outside help or influence.

Honored by the Glory of Islam Marc David Baer,2011-09 Marc David Baer proposes a novel approach to the historical record of Islamic conversions during the Ottoman age and gathers fresh insights concerning the nature of religious conversion itself. Rather than explaining Ottoman Islamization in terms of the converts' motives, Baer concentrates on the proselytizing sultan Mehmet IV (1648-87).

Getting Real About Race Stephanie M. McClure,Cherise A. Harris,2017-08-24 This popular reader is an edited collection of short essays that address the most common myths and misconceptions about race and racism held by students, and by many in the United States in general. In the updated Second Edition of *Getting Real About Race*, editors Stephanie M. McClure and Cherise A. Harris continue to enlist leading experts and educators to address the arguments about topics that students will recognize from private conversations and public discourse, including colorblindness, meritocracy, educational attainment, and definitions of citizenship. Each essay considers the evidence against one particular racial myth, and is written in clear, jargon-free language. The unique format of this book makes it especially conducive to productive discussions about race.

Good Jew, Bad Jew Steven Friedman,2023-11-01 Shows how anti-Semitism has been distorted to serve the Israeli state

Good Jew, Bad Jew is a critique by one of South Africa's foremost political theorists of mainstream understandings of Jewishness. Steven Friedman offers a searing analysis of the weaponisation of anti-Semitism in service of political objectives that support the Israeli state and global white supremacy. Looking specifically at the way in which language is used to shape identities, Friedman uses many examples to illustrate how anti-Semitism and anti-Semites are increasingly defined as anything and anyone that opposes the interests and policies of the Israeli state. The use of anti-racist language to defend racial domination distorts not only the meaning of what it is to be Jewish, but sheds light on how all dogmatic nationalisms function. Friedman uses India and South Africa as examples, but the analysis applies across the world too. Good Jew, Bad Jew does not offer a simplistic binary understanding of Jewishness and the actions of the Israeli state and ideology. It is a detailed, deeply researched and critical work that will appeal to both specialists and general readers looking for a considered view on how language shapes belief systems and how the powerful forces of racism and nationalism – and their opponents – are being misrepresented.

The Children of Harvey Milk Andrew Reynolds, 2018-10-03 Part political thriller, part meditation on social change, part love story, The Children of Harvey Milk tells the epic stories of courageous men and women around the world who came forward to make their voices heard during the struggle for equal rights. Featuring LGBTQ icons from America to Ireland, Britain to New Zealand; Reynolds documents their successes and failures, heartwarming stories of acceptance and heartbreaking stories of ostracism, demonstrating the ways in which an individual can change the views and voting behaviors of those around them. The book also includes rare vignettes of LGBTQ leaders in Africa, Asia, Latin America and the Caribbean who continue to fight for equality in spite of threats, violence, and homophobia. A touchstone narrative of the tumultuous journey towards LGBTQ rights, The Children of Harvey Milk is a must-read for anyone with an interest in social change. Updated in paperback, this new edition accounts for developments such as the US presidential candidacy of Pete Buttigieg.

TRUMPLANDIA TIBERIU DIANU, 2020-04-04 Trumplandia: Stories from New America is a collection of essays written between May 2016 and October 2019 about the transformation of America, a united nation that has become more divided than ever. Some pundits predict that if things don't change another civil war could occur. Have we reached a point of no return? Hopefully, America is mature enough to learn from its mistakes and avoid further scars along its evolving history. "Tiberiu Dianu is a specialist in law, politics and post-communist societies... His latest book, titled Trumplandia, is a welcome addition towards understanding current events, Washington's international policy, and the present American society; a society polarized and divided as it has not been since the Civil War... Mr. Dianu makes in-depth assessments of important events in today's America and achieves not only fine descriptions, but as an expert in the field proves to have a "gut feeling for them. For example, the author understands, and at the same time feels, the meaning of rising patriotism and nationalism

as a shield against a yet not fully understood impact of globalization.” - NICHOLAS DIMA, PhD, Adjunct Professor and Research Associate, Nelson Institute, James Madison University, Virginia.

Religion, Protest, and Social Upheaval Matthew T. Eggemeier, Peter Joseph Fritz, Karen V. Guth, 2022-07-26

Represents some of the best, cutting-edge thinking available on multiple forms of social upheaval and related grassroots movements. From the January 2017 Women’s March to the August 2017 events in Charlottesville and the 2020 protests for racial justice in the wake of George Floyd’s murder, social upheaval and protest have loomed large in the United States in recent years. The varied, sometimes conflicting role of religious believers, communities, and institutions in such events and movements calls for scholarly analysis. Arising from a conference held at the College of the Holy Cross in November 2017, Religion, Protest, and Social Upheaval gathers contributions from ten scholars in religious studies, theology and ethics, and gender studies—from seasoned experts to emerging voices—to illuminate this tumultuous era of history and the complex landscape of social action for economic, racial, political, and sexual and gender justice. The contributors consider the history of resistance to racial capitalist imperialism from W. E. B. Du Bois to today; the theological genealogy of the capitalist economic order, and Catholic theology’s growing concern with climate change; affect theory and the rise of white nationalism, theological aesthetics, and solidarity with migrants; differing U.S. Christian churches’ responses to the “revolutionary aesthetics” of the Black Lives Matter movement; Muslim migration and the postsecular character of Muslim labor organizing in the United States; shifts in moral reasoning and religiosity among U.S. women’s movements from the 1960s to today; and the intersection of heresy discourse and struggles for LGBTQ+ equality among Korean and Korean-American Protestants. With this pluralistic approach, Religion, Protest, and Social Upheaval offers a snapshot of scholarly religious responses to the crises and promises of the late 2010s and early 2020s. Representing the diverse coalitions of the religious left, it provides groundbreaking analysis, charts trajectories for further study and action, and offers visions for a more hopeful future.

The iPINIONS Journal Anthony Livingston Hall, 2018-04-14 ANTHONY L. HALL takes aim at the global events of 2017 with a unique and refreshing perspective. Some of the topics in this volume include: President Trump telling pathological lies “He’s continually challenging us to believe the lie we hear instead of the truth we see.” Instagram mainstreaming strippergrams “Instagram has normalized twits sharing, for all the world to see, not just their family albums but intimate pictures that should be for a lover’s eyes only. It is little more than a platform for hard-core narcissists and soft-porn exhibitionists to show off.” President Putin waiting in vain for payoff from hacking US election “America’s ingenious system

of checks and balances has so circumscribed Trump's Putinesque impulses that all Putin has to show for his hacking is Russia suffering even worse economic sanctions and irreparable reputational damage." White supremacists rampaging in Charlottesville over Confederate statue "I can think of 99 things that bother me about racism in America today, but a Confederate statue ain't one." Justin Gatlin spoiling Usain Bolt's swan song in 100m "The look of anguish on Bolt's face—when it struck him that he was going to lose—rivals that look in 'The Scream,' Edvard Munch's most famous painting. #Priceless!" Fox News reckoning with scourge of sexual harassment "Fox News markets itself as a Christian sanctuary in a wasteland of moral degeneracy. But these scandals expose it as just a proverbial Peyton Place." Athletes and CEOs snubbing Trump "He is so unpopular that being invited to this White House is tantamount to being invited to a garden party by that proverbial skunk."
